

Boliche" El Resorte"

Julio César Castro" Juceca" hoy en día fallecido había escrito varios libros cómicos sobre la vida de los pueblos del interior del país en sus libros de " Don Verídico" Este libro fue muy vendido. Juceca era un hombre muy querido y tuve el gusto de conocerlo personalmente. Siempre que algún amigo me nombraba a Don Verídico o leíamos sus anécdotas contadas desde el

boliche El Resorte se me ocurría un pueblo (pueblo obrero) ruta 37 km. 3 saliendo de Piriapolis hacia Pan de Azúcar. Es para mi unos de los lugares ideales para grabar una obra en un boliche con personas del lugar y actores profesionales. (Aunque se puede adaptar para hacer en varios pueblos y de distintos países.) La comicidad que es actual y de gran nivel con personajes disparatados. Hay diálogos así que sería más simple adaptar el guión. Lo recomiendo como un gran éxito. Y desesterarse de la ciudad un poco. En Su Honor.

Pueden utilizar mi tema" pueblito
obrero"

El libro se consigue.

Brisas de la Vida

Y fue así entonces como esa tarde entrada la noche caminando por la Avenida 18 De Julio paso por la plaza del entrevero ahí donde está el subterráneo Subte.

Resulta ser toda una sala de prensa con focos y periodistas caminando de aquí para allá. Había un preparativo. Mientras comienzo a pasear por la sala y me encuentro con manuscritos en vidrieras y sigo caminando y observando la muestra al más alto nivel. Era allá por los tiempos del 98'.

Entonces en eso comienza una conferencia de prensa en la cual no se mostró demasiado impulso por el corazón a no ser un hombre el que hablaba y conocía la obra de Onetti parecía muy interesado en explicar al público su obra.

Entonces me fui hacia un pasillo que quedaba haciendo una ele. Y encuentro un televisor y un buen hombre entrevistado en su lecho de muerte y esta frase que dijo antes de morir tirado en una cama quedó grabada en mi memoria" Dijo: El día que las mujeres y los milicos aprendieron a leer y escribir se pudrió el mundo" . Totalmente contrastado con la realidad de las hermosas periodistas que estaban trabajando.

Eso pasó. Luego leí algo de el que me parece que era un hombre muy sensato.

Menos mal que era para el discurso fúnebre porque esa frase que dijo hoy en día las críticas no las podría soportar. " Siempre digo: Yo escribo por amor" decía.

Y no pasó ni una hora que entre y salí
del centro de exposiciones subte y
siendo un completo ignorante en la
materia.

Luego me fui al café y como ya es dicho
esto es cosa del gran Sponsor Juanca.

En honor al reconocido escritor Juan
Carlos Onetti y su obra aguerrida.

Millonario

Si quieres ser millonario

Que pase

Así un mundo nuevo haremos

Con nuestro corazón

Latiendo al ritmo del amor

Entre los dos pasa algo

Que sea hasta el final

Que pasen ejércitos

Que pasen comercios

Una gran ciudad para ti

Así en una isla desierta

Escuchamos esta canción

Con una pina colada y al sol

Nada nuevo solo ver el mar
Que pase el millonario
Hechador de cóctel en los bares
Y que nos salve la vida

Que si la vida no es cualquiera
Pues que me pase millonario.
Regalo todas mis quimeras
Y que me pase millonario
Que me pase
Que me pase
Millonario
Entonces pedí
Que te pasen millonario.

Si pasan millones

Pasa todo

Lo que quieras

Lo conseguiré

Allá cerca donde hay

Coches y shates

Aviones

De vuelos para aquí y para allá

No nos perseguirán

No nos pegaran no nos amenazaran
más

La barra aca poderosa grita

Viva el nuevo millonario

Y por el cantinero

Sirva otra ronda.

Amigo compadron.

Te lo rezo

Te lo rezo

A todos los santos

Problemas no hay

No no no problemas no hay

Si te desprrocupas

Problemas no hay

Busca el amor

Que te hará sentir bien

No no no

Problemas no hay

A veces malas experiencias

Nos hacen sentir sensaciones

Y de eso se aprende

Entonces borra tu pasado

Ama a quien te ama

Y haz lo contrario y calla

Por eso te digo amigo

Por eso te digo mujer

No! Problemas no hay.

Balada

Te hablo a ti desde aquí

Quizás podré ganar

Lo otro puede ser

Tu me entenderás bien

El amor que te doy

Día a día

Y en las nubes

Cuelgo mis fotos

Y recuerdos

Y te espero sonriendo

Y pienso como pasaras

Sabes quién soy

Abro la ventana

Hay aire

Y la magia

No me deja verte a vos

Sin prisa voy

Pero perdí mil vuelos

Sin prisa voy

Que caliente el sol

Mientras esperas

Tus anhelos

Bárbaro quedamos así

Otro tema pasará

Y siento celos

Toda la aventura renacerá
De aquellos tiempos
En qué te mandé flores
En un día como hoy.
Nos encontramos donde siempre
Con tus amigas
Esos lindos recuerdos.
Toco para ti desde aquí
Se que puedo
Mandar al aire esta canción
Porque estás en verano
Maldito Covid que triste invierno

Dios

Dios es el ángel bueno

Es el fruto es la flor

Un sol que saldrá

Tu estrella visitar

Dios es la cuna

La ternura de una madre

Dios es la hermosura

Donde hablamos de amor

Sacaré las espinas

Que no dejan de sangrar

Ponte un mundo nuevo

Que el universo dirá

Si es verdad

Dios estuvo acá

Moribundo murió

Por nosotros pecadores

Sigamos el ideal de Cristo

Y todo renacerá

A la diestra del padre

Él Sol iluminará.

Ave María y credo

Tú serás tú serás

El negocio de los \$10

Entonces estás haciendo covers y
cobrar es lo que me parece

maravilloso. Sabías que un autor no gana mucho y por más buena intención que tenga para poder pagarte como te mereces a veces no lo puede o quizás si. El mundo de la música tiene a autores he intérpretes. Así que a mí como autor me daría vergüenza de que toquen mi canción sin cobrar tú ni yo. Esto me lo iluminó una amiga coverista. Pero que pasara si cuando subes un cover publicitando a un artista no hay dudas de que por lo menos contarás 10 dólares más las donaciones que recibas de PayPal y haciendo que el autor venda y te pague por cada vez que le cantas una canción. Hoy la gente del cover canta y se promociona porque le gusta la canción (yo hice covers incluso cuando era autor) Entonces a lo que voy es que el negocio está en establecer el contacto con personas que te pagarán por tu trabajo. Porque ya pasados los 40 para un coverista

somos viejos y lo bueno es que por lo menos 10 dólares podemos pagar para que interpretes nuestra música.

Primero la plata en la cuenta de tu PayPal y luego la cantas. Claro que primero hay que promocionarse tradicionalmente. Pero empieza de forma profesional así ganamos todos. Canta las canciones en las cuales sabes que va a beneficiar a los autores. Y luego pon tu correo y tu link de pago para que tus fans también aporten. Ya dije que ser fan también es un negocio ya que sea intérprete o autor puede ayudar a buenas causas. Las plataformas como son YouTube te lo permiten. Entonces déjalos poner publicidad sino ellos no ganan y no hay negocio.

Entonces juntando un vídeo 10 dólares de pago. Tienes el dinero entonces pagale un porcentaje a YouTube y el

autor queda satisfecho y puede vender más. Incluso hay que abrirse los artistas no en una competición (no como una carrera de caballos) sinó más bien en un ámbito laboral.

A todos nos cuesta a los autores nos cuesta a los intérpretes les cuesta a los que dan las plataformas de cuesta.

entonces definitivamente lo que estoy planteando yo es que sea a partir de una suma mínima de \$10 el poder empezar a pagarle a los intérpretes para que los autores ganen también entonces el autor también es muy beneficiado. No hay ninguna obligación de hacerlo pero me parece la más adecuada porque la situación musical ya no está para lograr tu ito ni para el ideal es la cultura musical y la manifestación musical tiene que tener un valor si no tiene valor no se puede regalar la plata a la calle sino que la

plata hay que depositar la en alguien que nos guste a los autores para que nos venda nuestra música y para que ganemos todos. de esa forma entonces haciendo muchas transacciones de dinero los músicos comienzan de nuevo a revalorar sé y lo que lleva esto es un auge de la cultura nuevamente. Y seguramente para los que vendrán los más jóvenes les servirá de ejemplo para poder promocionar sus trabajos a nivel social de forma remunerada lo cual se puede aplicar a otras áreas como son el cine el teatro y la televisión o cualquier cosa que me retuvo ustedes saben que también hay muchos negocios para hacer y vuelvo a insistir de qué es el depósito de \$10 más \$10 más \$10 y luego la inversión en otros trabajos y en otras industrias entonces en definitiva se comienza a mover al mercado nuevamente.

Entonces de esa forma el mercado puede financiar a los nuevos artistas a los artistas viejos y los que están en disidencia.

Que ve

Que venga que venga

1. Que le guardo flores
2. Que venga que venga
3. Que le doy su jardín

Un sonador es un guerrero pacífico fanático de sus ideas fijas. No está pirado solo quiere descartar una situación. Cuando se le impide comienzan a llamarlo loco justamente

quienes logran descartar sus ideas en el.

Lejos está el bueno y cerca está el malo; eso es la estupidez humana.

(Con Respecto al amor)

Las mujeres vinieron al mundo a divertirse y a procrear en cambio nosotros los hombres vinimos a amarlas y dar mil vueltas por ellas y a ser enterrados por ellas en manos de otros hombres. La que piense lo contrario es feminista.

Las mujeres son muy curiosas siempre les gusta la muestra pero a veces salen corriendo no se si a buscar otra. O capaz que el paquete no vende.

Ni grande ni chica las mujeres consultan con sus amigas si ese paquete da resultado. He aquí el viejo misterio. La cosa es que cuando se deja de vender siempre se busca algo más grande. Esa es la realidad.

Artistas en escena

Se me ocurrió la idea de un formato de televisión con inclusión de las redes sociales que transmiten actores y músicos en vivo.

El proyecto es que haya un presentador que anime mucho a la gente. Personas atendiendo solicitudes y bandas y obras en vivo y una tanda que sería la base de datos para que el público mediante SMS pueda contratar el servicio de " Artistas en escena". Una vez hecha la solicitud el público podrá acceder a conciertos y obras teatrales en vivo y de su gusto ya que serán perdidas y los pedidos se anunciarán por redes. Ahora hay monetización por YouTube (hay que leer las nuevas políticas) . Entonces los artistas estarían ganando por esa vía y la televisión por los mensajes. Tiene que ser por país. Así el acceso es posible para todos. El o los artistas tienen que hacer un compromiso con la producción para demostrar disponibilidad. Mientras el programa es trasmitido el público va cambiando a lo que ha pagado para ver. Se pretende en la medida de lo

posible un nuevo nexo entre los artistas y el público y la televisión. Luego está todo el trabajo administrativo. Y el recaudo de finanzas.

El programa podrá incluir otros anuncios del mundo del espectáculo. Claro cualquiera puede ver un vídeo o entrar a Spotify lo que es también el fin del servicio streaming que luego el público podrá satisfacer. Tiene que ser un programa muy ágil y dinámico. Si nos ponemos a pesar con tantos artistas que hay se pueden hacer muchos minutos de publicidad. Haciendo una pequeña encuesta de amigos y de gustos para conseguir sponsors de un bien común.

Luego se transfiere el pedido al o a los artistas y tocan o actúan en un horario establecido en la encuesta lo que va de la mano con la tanda. Todos los géneros y sin ningún tipo de exclusión.

(Es como un Booking de artistas pero con la posibilidad de hablar con ellos vía telefónica o a través de las redes.

La gata abandonada.

Angélica fue adoptada por nosotros y recogida el día de su abandono en la calle.

Cuando llegó y mi madre la trajo de la calle un día de tormenta.

Yo estaba durmiendo.

Ella ya tenía su comida pero no había comido.

Me levanté y la ví. Entonces la ví asustada y le acaricie y sintió miedo.

Entonces le acerqué comida y agua.
Tendría dos meses.

Ella enseguida hizo amistad conmigo. Y pasamos noches enteras jugando a cazar el ratón. Desde muy chica siempre fue muy meticulosa en su bano. Luego recorrió la casa y se hizo entender. Antes de ir a dormir al amanecer jugábamos a pelear en la cama. Hasta el día de hoy es de morder. La llevamos al veterinario y no la castramos. Es realmente una fiera. Luego se le daba por correr por toda la casa he incluso por encima de mi saltaba arriba de mis hombros.

Necesitaba mucho amor así que pasaba largos tiempos en mi falda durmiendo. También dormía conmigo a veces en los pies y a veces debajo de las frasadas. Tenía una locura con el agua que en realidad era una jarra que no le gustaba y la tiraba. Yo iba a comer y

ella comía conmigo. Así nos hicimos amigos. Es muy limpia y le gusta acompañar a las visitas y jugar con ellos. Sabe medir la fuerza. Me acompaña al baño siempre y a veces puede llegar a ser insoportable el amor que me da. Por eso el gran trauma del abandono lo tuve que curar con buenos tratos y una dedicación la cual llevo hasta hoy hace un año ya casi las 24 hs del día juntos. Poco a poco va aprendiendo a no destrozar tanto algunos " ratones" y yo tuve que aprender a manejar de la mejor manera esos momentos y encontrarles una explicación. Hoy hace un día de tormenta.

Pero yo no la voy a abandonar. Ni se me pasa. Siendo así que estoy un poco distanciado de ella (yo en el living y ella en el cuarto) ya la extraño.

Ahora no es la gata abandonada.

Ahora es mi mejor amiga con la cual comparto todo. Cuando ella llegó yo estaba enfermo de un brazo y el sacrificio espiritual que tuve que hacer fue muy grande.

Ojalá el ser humano se trate así como iguales.

Moraleja:

Si alguien alguna vez te abandona a tu suerte tendrás la oportunidad de crecer con quién realmente te ama y te y te respeta.

Ranchera

(Una ranchera mamá)

Que no se den cuenta

Que te quiero

Así así

Como mí respirar

Que no se den cuenta

Que te quiero

Porque eso me va a cobrar

Que no se den cuenta

Que te quiero

Porque eso

Me va a matar

Que no se den cuenta

Que te quiero

Que no se den cuenta

Que te quiero

Y caminábamos

Juntos en la arena

Cuánta pasión

Que pudo ver

Tu dolor

En mí garganta

Que nadie sepa

Que te quiero

Porque eso

Me va a matar

Que nadie sepa

Que nadie sepa

Jamás.

Y vamos anhelando

Un mundo nuevo

Sin amor

Y todo lo que

Hemos vivido

Solo nos sirve

Para el dolor

Que no sepan

Que te quiero

Eso me está haciendo mal

Pero no puedo decirlo

Porque si yo me confieso
Que te digo que te quiero
No vuelves mas

Que no digan que te quiero
Que no digan después de mí
Que al tu partir
Tu no me quieres a mí.

Discrepo

Discrepo con la forma de pensar
Que es la mía
Discrepo con la forma de pensar

Que es eterno

Discrepo con la forma de pensar

Que es gracias

Discrepo con toda tiranía

Discrepo con el ruido y el temblor

Discrepo con quién hace el temor

Discrepo de toda fabula

Que reine y gane su amor

Discrepo con la justicia.

Cuando se hace noticia

Discrepo de mis credos

Discrepo de las noches

Discrepo de las noches hacen temor.

Discrepo de todo lo que hago

Discrepo de todo lo que dije

Discrepo de la venganza

Y toda falsedad discrepo

Y tengo en cuenta que

La vida puede verde al revés

Discrepo absolutamente de todo

Será tu tolerancia

Tu lo sabes bien

Tú volverás

Tu vendrás

Oye

El día menos pensado

Tu vendrás

Tu vendrás

A cobijar mí amor

A sentirnos mejor

Tu vendrás

Tu vendrás

A darme amor

Sentirnos mejor

Tu vendrás

Tu vendrás

A decidir

Por mí vida

Tú vendrás

Y yo estaré contento

Por la dicha

Tu vendrás

No se sabe

Si por la madrugada

O con el Sol

Estaremos juntos

Tu vendrás

Es eso que espero

Tan ansioso de mi vida

Tu vendrás

Y todo lo que fue antes

Quedará salvado

En una isla

Tu vendrás

Tu vendrás

A ocupar

Ese lugar

Tu vendrás

A salvarme

De la soledad

Tu vendrás

Tu vendrás

Simplemente porque

Te estoy esperando

Tu vendrás

Y porque ansío

Estar toda la vida contigo

Tú vendrás

Aparecerás

El día menos pensado

Sálvame esta vez

Tu vendrás

Y le daremos fuerza al amor

Y todo lo que fue ayer

Quedó atrás

Tu vendrás

Y te esperaré con ansias

De amar

Porque estoy seguro

Tu volverás

Tu vendrás

Tu volverás.

.

Por la gente

Por la gente que tiene hambre

Por la gente que depende de otra vida

Por esa gente que vemos pasar
vagabunda sola y sombría

Me parece que esperan algo

Algo que cambie sus vidas

Y que me cuesta a mí darles algo

Algo para que no se destruya su vida

Unos los llaman linyeras

Otros los llaman borrachos

Y andan todos sucios

Porque no hay banos en las volquetas

Dicen que no trabajan

Dicen que son enfermos

Y sino te piden te roban

Terminemos con esta sociedad

Y ruego termine mí duelo

De qué sinó tenés pan salís a trillo

La esperanza es que ayude alguien

A terminar con el hambre y su flagelo

Para andar como hermanos

Y entrar tranquilos a los pueblos

Terminemos con la miseria

Ni un gato sufre tanto a un perro

No nos equivoquemos

Que morir en la calle es asunto serio

Y cuando sea la despedida

Que no sea por uno de ellos

Hay que darles trabajo en la sociedad

Hacelo por tus hijos y tus abuelos

Y se preparan los tambores

Y se preparan las escopetas

Y los extranjeros no saben

Quien hace imposible la colecta

La gente es naturaleza

Ellos juraron la bandera

Pero hay que comer

Algo pasa

Que no lo entiende mí gobierno

El Amor que te di

Dejaste mí cielo en otros ojos

Tu nombre impregnado en mí alma

Como puede ser así el amor

El amor que no te di

Ventanas abiertas cuando te fuiste

Lágrimas sin derramar

Como puede ser así el amor

Él amor que no te dí

Él amor que no te di

Tiene el sabor

De labios ajenos

Otros amigos

Dentro de este duelo

Que solo fue

El amor que no te dí

Dejaste mí cielo en otros ojos

Y aunque mala suerte la mía

Solo importará el dolor

Hecho Lena el dolor

Humo que llega al cielo

Evitando tu felicidad

Como puede ser así el amor

El amor que no te di

Como puede ser así el amor

El amor que te di.

Camiseta de Delfín

Andábamos los dos solos

En una playa nos encontramos

Toda la noche fue nuestra

Muchas noches en la arena

Así nació mí mejor canción
Con tu sonrisa la mejor que ví
Y fue ese lugar que marcó mis rumbos
Las estrellas brillantes

Pero no te ví
Jamás te volví a ver
Que gran desepcion
Tu allí y no verte más

Pero fue tan hermosa la historia
Que le ha seguido
Un cuento acabado
Junto con tu nombre
Y una camiseta de delfín.

De mí Mar

Como fue que te hice llorar

Era para hacer el amor

Ahora con tu venganza

No alcanzó el dolor

Y llora

Y llora

Entre

Las olas

Quítate este cobarde

Secate las lágrimas

Una vez más perdón
Pero es inútil
Volver el tiempo atrás
Así que ni deseo
Es que feliz
Veas las olas
De mí mar.

Las que no pudieron ser

Guardaba en mi corazón
Un caballero
De paso lento
Para dártelo todo

Mi corazón guardaba
En silencio un te amo
Por eso faltaba tiempo
Eran falsas esperanzas

Todo sucedió bien
Pero se encuentran
Otros amores
El amor es fugaz

Pero el destino quiso
Que hablemos
Que hagamos
Nuestra amistad mejor

El amor es fugaz

Rápido nos acerca

Rápido nos aleja

Pero que será que hay

Que no escapan los recuerdos

Calenturas nomás

Entramos al edificio

Luego de tomar unos tragos

Eras propensa al fuego

Al peligro

Eras la amiga de mí ex

Besos y caricias

Quedaron en el tiempo

Como en brutales silencios

Que llegan a aturdir

Las almas nobles

Como un film de locuras

Gustos frios y extraños

Sin sueños

Poseídos

Por el por siempre

Adiós.

Que placer

Creíamos que íbamos

A ser felices

Quizás me lo perdí

Lo más posible

Él encuentro fue bueno

La escena romántica

Explendoroso atardecer

Que despiertan almas

Y así te encontré

Te encontré de nuevo

Que placer

En una vuelta astuta

Intercambiamos

Esos amores

Que compartimos

En secreto

Y así te encontré

Te encontré de nuevo

Que placer, que placer.

Dándolo todo

Era hermoso

Sentirme de pertenecer

A tu alma

A tus manos

Al futuro entre los dos

Pero el destino

No lo quiso

Aún dándolo todo

Nos alejamos

Nos guardamos

Mal

En otros corazones

Dándolo todo

Era maravilloso

Saber que estarías

Que esa canción

Fuese tuya

Fuese mía

Pero la envidia

Todo lo mató

Y luego

Nuestra alma

Rota

Que buscaron

Otros brazos

Interesados

En nuestros cuerpos

Y mí billetera vacía

De ti y de mí.

Pero así de todos modos

Era hermoso

Sentirme de pertenecer

A tu alma

A tus manos

Al futuro entre los dos

Dándolo todo , dándolo todo.

Verano tras verano

Creíamos que la vida
Que el amor era un verano
Y era cierto
Rondaban bailes
Dispuestos a la pasión

Era todo hermoso
Se encendieron las luces
Que viajaron tan lejos
Que en otro lugar
Otro verano
Nos encontramos

Verano tras verano

Amores por amor

Todos felices

Eran aquellos años

Pero poco a poco

Dejamos de ir

Nos apasiono

El fuego de ser adultos

Y ahora vamos

Y vemos

La noche intacta

Desde nuestros sueños.

Verano tras verano.

Pensaba en encontrarte

Y pensé el mundo

Es magnífico

Al poder hablarte

Pero estabas tan distante

Y me dejaba helado

De placer el corazón

Entonces comenzó

La búsqueda

La de todos

Pero que difícil

Encontrarnos de verdad

Fue por eso que me aparté
Otros correrán con mejor suerte
Si es que saben
Bien enfocar
Al amor verdadero
Duradero que llegará
En mí pecho
Hecho trizas
Por todo lo que pudo ser
Que dejamos pasar
No olvido
El cielo de esa mar.

Volverás a mí poesía

Porque eres la más nobles

De las artes

En donde tus palabras

Que enredan secretos

Cura corazones a distancia

Y tú alma ansiosa

Rejuvenece como lo hizo

El silencio que te silencio

Más cuando te necesitaba

Por no dolerme

Para no dañar

Para verme

Para poder perdonarme

Ese género que el mundo ama
Que el mundo ríe y que el mundo pide
Parar las prisas
Y hacer canciones
Que no estén equivocadas
Y vendrás cuando puedas
Con tu paso lento
Como palabras de mujer
Que ha escrito el viento
Tu sabrás
Cuando renaceras
Porque imposible olvidar
La filosofía del amor.
Entonces
Volverás a mí poesía.

Examinemos

Ese dolor que persiste

En otros géneros

Que van al aire

Descalzos

Y con mal humor

Que no permiten

Que miremos

Hacia nosotros mismos

Desde nosotros mismos

Entonces apagar

La lámpara

Y encendemos otra

Es que parece

Pero no hay mucho tiempo

Cuánto más vivido es el hombre

Más honrosa la gloria

De la autoevaluación

Si no hay ser humano

Al lado

La filosofía

Con un poco de vino

Pondrá fin al dolor

De los momentos difíciles

Casi inhumanos.

Los levantes

Las mujeres no se olvidan

De quienes las levantan

Es por eso que corazones

Se desangran en el pecho

De las lágrimas

Que corren

Como la respiración

De arriba para abajo

Como aire de dolor

Inconcluso

Como la eternidad

De búsqueda

De una palabra de amor

Y se sofoca

Y llega un punto

Donde pensamos

que no todo lo que

Se inventa es para usar

Y entonces ten cuidado

Puede pasar

Cualquier cosa.

La computadora

Es una artesanía

No muy diferente

A los jarrones

Y a las lámparas

Ni a la vestimenta

Ni a los cuadros

Es un medio

Como el radio aficionado

Donde uno puede

Ser lo que guste ser

Es una artesanía más

Como la pulseras

O las pipas

O los munequitos

O el cotillón

Pero lo bueno

Es que permite

Transitar todo el mercado.

Y como es artificial

El amor que pasa por aquí es artificial

Y por supuesto que el odio también.

Por eso aún tengo fe

En las que te di

En cercanías.

Contentos

A pesar de todo

Hay que estar contentos

Hay que brindar

Por la nueva amistad

Y no temer al amor

Hay que estar contentos

Hay que hacer

Lo que jamás

Te atreviste hacer

Hay que estar contentos

Fuera se irá el dolor

Hay que estar contentos

Sonreírle a la vida

Que te espera un buen pasar

Pasar bien no está demás

Hay que ser feliz

Hoy y ahora

Para disfrutar nomás

Hay que estar contentos

Hay que estar alegres

No dejarse llevar por el tiempo

Ni por el viento

Ni por asuntos

Que no valen la pena

Hay que estar contentos

Por el Sol que nos da

Hay que estar contentos

Por la brisa del mar

Por el tiempo de libertad

Hay que estar, hay que estar

Permanecer contentos

Y así sentir poder lograr

Lo que nunca

Pudimos lograr

La historia aguantará

Los momentos que están sin fin

Y el mundo renacerá

Para que no tenga

Ese rencor maldito

De las almas que se envuelven en ego

Sinó estaremos

Hay que dar

Servir

Hay que bondad y no burlar

Es hacer de nuestros corazones

Un vuelo infinito

Hacia la hermandad

Hacia la amistad

Sin esperar

Y siempre estar contentos

Porque la alegría

Siempre dice
Aunque no podamos
Lo que podemos
Siempre hay algo
Que nos dice
Que tengamos que
Ir adelante
Y eso es lo bueno
Que hay en el mundo
En esta vida
Todos gozando la vida
En este momento
En este tiempo
Recordar el amor
Y el existir como especie

La contra ya pasó

Y verás la luz en tus sueños

Preparada para hacer la paz

Y todo estará

Agradecido en tu nombre

Lo que yo veo tu verás

Hay que darle calma al tiempo

Para que se cure todo

No es el fin

Tu no

Dale gracias a la pasión

De estar vivos

Perdoname los momentos

De miedo

No quise que

Te vuelvan a afectar

Levanta el amor

Sin danar al menos hoy

Hazlo hoy

Hazlo hoy

Sin danar al menos hoy

Levanta el alma

El alma no dana

Así nos ponemos

Todos contentos

El alma no dana

Al menos hoy

Hazlo por mí

Hazlo por quién quieras

Nadie podrá

Levantarnos un arma

Si es amigo

Todo volverá al tiempo presente

A como debe ser todo

Y esta canción traerá fortuna

El amor dejar salir.

Estamos todos

Medios colocados

Dando vueltas en el mundo

Cuidando nuestro corazón

No somos perfectos

Pero no dejaremos

La perfección de la amistad

Por eso alma querida

Por el ego tan mal sano

Tan juicio lejano

Hazte nuevos amigos

Llegarán nuevos amigos

Llegarán en paz

Llegará la libertad

Y todo cuando pase

Va a pasar mejor

Yo no tengo nada contra vos

Hay que entender

Tan fuerte el amor

Estamos haciendo

Una vida mejor

Contento

El alma vuela otras almas

Compongamos un mundo

Donde nos sintamos mejor

Que no sea todo destrucción

Y el día empieza hoy.

The scene of this short film is can perform at low cost considering that it is in a simple block of a complex housing where they

are familiar the neighbors and
there's many places to do the work
and can be done in different shapes
and change the characters
to director's liking. According to your
reality. Using existing material
from furniture. It would be filming a

representing as in a metaphor
the money affects people's
lives. Among the neighbors. Also
to dialogues can be added

this makes divide. It is hanging the

Edificio F Cortometraje

Primera escena.

Es un edificio de viviendas
habitacionales donde reina la
hipocresía el ruido.

Apto 2: Que ruido hace la vieja de
arriba yo no se se pasa moviendo
muebles y martillando.

Enrique: Debe ser que está haciendo milanesas y las golpea para tiernizarlas.

Lara: Si porque yo no se que hace la chiquilina de arriba que se pasa patinando.

Enrique: Si la vieja debe de estar podrida.

Lara: Pero si ellos no se meten con nadie.

Apto 4 : Conce en el pasillo se encuentra con Lara: Como gritan éstas niñas pasan jugando ahí abajo y no dejan de gritar.

Conce: Hay no dejan de gritar.

Lara: Si yo ya se lo dije a Rosales pero se burlan.

Conce (la vieja de arriba) Con lo caro que están los gastos comunes.

Lara (del 2) Si ya rompieron el portero eléctricos.

Conce: Por suerte vino Rosales y lo arreglaron.

Lara: Eso parecía una boca de lobos.

Eugenio apto 3: Si no nos dejan sacar a las nenas a jugar. Estas viejas se quejan de todo.

Greta apto 1 (amigos del 3) Toca la puerta y entra al 3: Te vine a cobrar el agua Priscila: Si cuanto es 400 pesos. Greta: Si hasta que no empiece el carnaval no tengo un peso.

Priscila: Si es un enfermo mental.

Greta: Si habrá que cuidar a las niñas.

Greta: (Grita bien fuerte para que escuchen Lara y Enrique del apto de

enfrente) gracias y se siente un golpe de puerta.

Eugenio sale al pasillo y grita:
Micaela a comer (con voz de mellado)

En eso pasa Lara que viene del Supermercado: Hay no puedo mas con estas bolsas.

Enrique: Trajiste el vino.

Lara: No sabes quien estaba en el súper Greta comprando dulce de leche.

Enrique: Y si hace la calesita con la guita.

Lara: Viste por eso yo le pago a Don Horacio .

En eso se escucha que bajan vecinos y tocan el pestillo y largan una carcajada.

Enrique: Déjala es la princesita de arriba.

En eso sale Eugenio y grita desde la puerta como de costumbre. " me voy a trabajar"

En eso bajan vecinos con el perro (los más silenciosos) con el perro y se arma trifulca en la puerta porque el perro del apto 1 le hace frente. Se escuchó. Yo al perro lo llevo atado ustedes deberían hacer lo mismo.

Greta: Yo no se desde cuando Enrique está en el carnaval.

Priscila: Que el es músico.?

Greta: Pero no te fies . Es malo.

Priscila: A si me parecía.

Mientras Patricia la hija de Priscila (la grande) Haciendo novios en el pasillo.

Mientras las niñas jugaban ruidosamente en el pasillo.

Mientras seguía la batucada del apto 1.

Lara: Conce debe de estar que se la lleva el Diablo.

Enrique: Lo que pasa que no las llevan al parque no tienen donde jugar.

Lara: Me voy a ver la comedia (el informativo)

Enrique prende la radio y toma su vino tranquilamente.

Lara ! Por lo menos hoy duermo de noche.

Pasan por el pasillo los padres con la princesita. Esta vez no tocan el pestillo y muy sutil para que escuche Enrique dice " ya se fue la perra"

Apto 5 : Vanessa: Mañana Lunes hay que pagar los gastos comunes.

Rodolfo: Si nosotros estamos al día.

Vanessa: Y esos del 2 que son intrusos deben hasta el cerramiento.

Apto 2: Lara: A mira por primera vez estamos al día con los gastos comunes. (mientras revisa los papeles para ver lo que deben los otros.

Apto 6: Noel lavaste al perro dice
Nicolás: Todavía tengo que lavar la moto. En eso baja Nicolás y se saludan con Alberto del 4. Que venia subiendo (el hijo de la vieja de arriba)

Se quedan hablando de todo lo referente al futbol.

Cae la noche y la princesita andando
desde arriba en patineta hasta que
va a dormir

Así se fue el domingo con el ansia
silenciosa del hijo de Nicolás
preparándose para ir a la escuela
sonriendo

En eso sale Rosales del Block de
enfrente a cobrar los gastos
comunes y grita bien fuerte" Buenos
Días"

La escena de este cortometraje se puede realizar con un bajo costo teniendo en cuenta que es en un simple Block de un complejo habitacional donde están familiarizados los vecinos y hay muchos lugares en donde realizar la obra y puede hacerse de diferentes formas y cambiar los personajes a gusto del director. Según su realidad. Utilizando el material ya existente de mobiliario. Sería filmar un teatro de Domingo. Se trata de representar de como en forma de metáfora el

dinero incide en la vida de la gente. Entre los vecinos. También a los diálogos se les puede agregar discusiones políticas y como esto hace dividir. Es colgar la bandera de partidos diferentes en los balcones o puertas o interiores. Lo que generará el amiguismo con la hipocresía y la enemistad injustificada.

La competencia va a estar en el resultado CEO.

El prestigio lo harán con puntuaciones (estrellas) y cantidad de seguidores. (En vista de resultado de búsqueda.)

Así hay una redirección de futuros compradores dentro de esta plataforma " Bumerán"

Bumerán lucirá atractiva para el comercio en general y se puede tratar como una aplicación de Google. Implementando lo nuevo en publicidad de videos corporativos.

Al hacer la invitación al amigo se le otorga un mes gratis pudiendo cancelar.

(Pero atrae clientes)

Lo que es conveniente mantenerlos como empleado. (Del amigo y de otros comerciantes)

Lo que no todas las invitaciones van a tener Dominio Bumerán (todas las redes asociadas) Con bumerán se podrá accesar a todas las páginas de dominio asociadas.

Al recibir la invitación se le hace una pequeña encuesta de gustos, datos personales, aficiones. Y lo más importante el usuario tiene que encontrar rápidamente lo que busca así busca más.

Las puntuaciones a los comerciantes de les dará por tiempo de respuesta (sobre preguntas del producto)

Se tiene que hacer asociaciones y/o estimular la creatividad dentro de los ámbitos en los cuales se desempeñan actualmente. (Ámbito Económico) (Ámbito social) (Ámbito deportivo) etcétera, para así cubrir todos los rubros.

La razón del porque Bumerán sería un éxito es primeramente porque hay una gran búsqueda de empleo. También hay grandes ofertas que deben de tener un sitio y muchos emprendedores que necesitan su lugar. Bumerán es una reorganización de la Web. Con vista hacia la productividad.

Hay muchas chicas para hacer promociones.

Todos con carteles en una campaña " Conoces Bumerán?" (Pero ni a los promotores hay que decir de qué se trata) luego de un tiempo se devela el misterio.

Entonces se consolida la recreación con la red social " The Walker" y " Find you". En Bumerán.

Esperando respuesta y oferta económica por emprendimiento.

Cada cual en su Comedia

23/12/2019

18:05

Pretende ser una comedia sobre las comedias. Un día que por falta de wi fi se pierde el pueblo la comedia de la tarde.

Se trata del sistema en que vivimos y como tomamos muy en serio las cosas.

Cuando peleamos cuando amamos cuando trabajamos en fin si todos pudiesen ver que actuamos de una forma ridícula a los ojos de nuestros

vecinos y que en realidad todos y sin excepción somos el hazme reír de los demás por eso digo que estamos viviendo" cada cual en su comedia" todo tipo de trabajo de idealismo de esparcimiento viendo quizás a los demás como tontos cuando en realidad estamos todos dentro de la" comedia" para esto se me ocurrió de hacer un guion que entrelace vidas muy diferentes en un país es decir en un ambiente. Un día ocurre que todos se tienen que juntar por una causa como ser por ejemplo el desabastecimiento de internet y entrelazar con la hipocresía de los vecinos de las personas con diálogos

como" esperando la carroza" algo que sea un clásico de la cotidianidad y de la estupidez de los prejuicios que hacemos " cada cual con su comedia" pretende tener un desahogo un final feliz luego del desenlace en que todos se vean libres de regresar a su " mundo". Luego de peripecias cómicas en un día que se rompió un cable maestro de internet. Que es verídico. Las discusiones sin sentido. Es decir alguien que tenga vecinos puede realizarlo. " Si vemos la vida como una comedia es mejor" hay que hacer el clásico.

Reflexión inspiradora.

La realidad es que una hormiga no puede solucionar el problema de todo un hormiguero y si la hubiera y fuese Dios sería muy tonto no prestar atención a sus propios asuntos. Por esa causa vienen todos los fracasos humanos. No de la injusticia sino de la necedad y esta lo necesitan los ladrones de espíritus que en su locura solo pueden mandar. Por eso la política por eso la ignorancia y por eso el fascismo made in Italy.

Y si planteas revolución de la más astuta el gobierno será desde la luna y no se solucionará nada. Todo enfrentamiento es inútil y doloroso. Hay que crear lo que puedas solo así algún día dejaremos de competir entonces no existirá la humillación ni la venganza ni el asesinato. Cuando hablas de lo que eres. No te molesta las traiciones del otro. Solo el amor y la humildad me salvaran antes que me salve la muerte. Ponerle fechas al pueblo es una dictadura. Sembrar el pánico en los noticieros es irracional. Todo parte de la misma cosa. El ser humano infeliz. Y le buscamos la vuelta para que se entienda y

tiemblan. Gente loca de la guerra.
Todos escuchando muerte viendo
muerte. Que existe su inmortalidad?
Dese cuenta y hágala fácil
Abastezcan a todos con sus bienes
por igual y seremos felices. Y a pesar
de todo lo que se diga o se haga en
este mundo generoso siempre
habrán suficientes hormigueros para
hacer lo que se hizo siempre hasta la
extinción del todo. Pero no se darán
ni cuenta cuando los coma el sol.

Tendría que haber empezado por ahí
pero se entiende" cada cual en su
comedia" Porque a esta altura si no
nos vemos como comediantes es la
extinción de la inteligencia y la
tolerancia.

Caja ahorro vacaciones

17/05/2020

20:22

C.A.V.

Sería un convenio para padres trabajadores tanto del sector público como privada. Aplicable a todos los países y a todos los ciudadanos. El servicio es una caja donde vayan aportes directamente de los sueldos de los que aportan(padre o madre o tutor) Como incentivo a sus hijos que estudien bien durante los cursos. Las

vacaciones son muy largas pero puede existir este sistema en el cual para que sus hijos estudien bien y no se distraigan darles buenas vacaciones en verano. Los aportes dependen si es que se van a alojar en una casa, en una cabaña, en un hotel, en una estancia, en un albergue o en un camping. Lo que los precios difieren. Se puede cobrar primeramente por tres tarifas. Por ejemplo si el camping le va a costar 5 dólares es conveniente el plan 300 dólares dividido 12 meses de aportes lo que sería 1145 pesos por mes y por hijo. (más gastos administrativos (20%) Luego la tarifa va

ascendiendo según la prioridad y donde se quiere alojar. (si es un hotel va a ser mucho más caro el aporte en la caja. Se multiplica en este caso por 8 o sea se descuenta 9160 pesos por mes y por hijo más (20%). Luego por lo general el alquiler de los demás servicios son familiares como ser una casa y los albergues que también se puede hacer convenios. Porque la mayoría de los estudiantes van a querer pasarla bien y sin la presión de los estudios y colaborando con la sociedad y su familia sin preocupaciones. El CAV puede hacer luego el convenio con servicios turísticos de temporada ya

que el va a ser el primer fondo turístico y los alojamientos van a querer hacer convenios con un fondo de ahorro confiable. Además los demás servicios como ser alimentación estarán incluidos en el precio. Entonces la capacidad se de alojamiento se verá colmada y todos los países pueden disfrutar de sus vacaciones y buenas temporadas turísticas. Se puede implementar sponsors los cuales brinden servicios como lo son las compañías de medios. Incluso a los jóvenes se les puede otorgar una tarjeta de débito con una cifra de dinero para retirar pudiendo recurrir al fondo como

prestamista incluso y también traslados pero es una tarifa a parte del CAV lo que solo puede hacer convenio o hacer un llamado a licitación para las agencias de viajes asociadas. Entonces según los recursos de los que aporten y sus esfuerzos dependerá el bienestar de sus hijos y sus amistades y sus recompensas. Hay un 90 % de éxito en el mercado. Hay que dar a conocer la aplicación donde puedan todos obtener información. Está pensado para la población entre 13 y 29 años. Y los aportes se pueden hacer desde su nacimiento. Y digo que es un éxito porque mantenerlos

en sus casas ociosos es más caro. Y para los adolescentes más aventureros el tiempo compartido es ideal.

" Todos trabajamos, todos estudiamos, todos vacacionamos".

Pueden hacer la película" El verano de Paolo"

Pueden utilizar mi música.

Es un negocio altamente rentable y se puede trabajar el servicio desde casa luego de la crisis sanitaria.

Campaña del Amparo

06/07/2020

03:20

Es para cámaras de comercio de cualquier país.

Se trata de hacer campañas publicitarias basadas en la ética del Amparo.

En estos momentos la sociedad toda está viviendo un momento en el que el dinero con su necesidad ya no es posible sin una campaña de amparo con el dinero.

Cualquier producto o servicio se puede acercar mejor al cliente dentro de su necesidad. (es posible que tengamos que hacer una encuesta online ya que no todos necesitamos lo mismo) Entonces pensemos en la sociedad en su conjunto. Los que están en albergues, los que están solos, los que perdieron su trabajo, los jubilados, los estudiantes, las instituciones del estado. El personal de la salud. Incluso los que tienen mucho pero necesitan un mensaje que les llegue. Cosas que saquen el bajón generalizado que hay por

medio del humor por supuesto. Y en lo que no queremos pensar.

La campaña del amparo se basa en darle al pueblo o sea a todos más amor y comprensión.

Propongo utilizar de logo una frase de Charly" Hay tanta gente sola, hoy tanta gente llora, la maquina de ser feliz" Es decir mediante el amparo incluyendo a todos se puede lograr que los pueblos enciendan las luces. Como por ejemplo ayudar a casas de salud los deportistas y los músicos más facilitar el acceso a lo que la gente quiere leer. Muchas esperanzas ya que el sistema tiende al pesimismo y en un corto o largo

plazo podría ser contraproducente para poderosos, pobres y ricos. La campaña del amparo tiene que ser una insistencia permanente entre todos para sentirnos que alguien nos quiere y que alguien acude a nosotros ya que hay muchas ganas de ayudar y quizás lo estemos haciendo erróneamente. Ese abrazo que nos falta, esa caricia, esos mimos que se nos escapan y nos olvidamos que somos humanos y frágiles.

Entonces quien quiera comerciar con el amparo atendiendo las necesidades como si fuese una campaña política pero comerciales

olvidando rencores del pasado. Es decir educar a los pueblos a ser más atentos porque a todos nos cuesta y ahora nos cuesta más es abrir espacios para que los creativos publicitarios tengan verdadera información para que el Amparo sea realista. De esta forma la encuesta sobre necesidades de amparo cubre los sueños de los pueblos y hay un verdadero beneficio mutuo comercial y moral. Pueden utilizar mi libro " mente Clara"

Gracias.

Cápsula vía oral (preventiva)

20/07/2020

06:36

La velocidad del covid19 es de contagio a años luz por lo tanto la energía cinética tiene que ser de la velocidad de años luz.

Protector " solar".

Chía (semillas protectoras)

(todos los alimentos naturales que actúen como bloqueador como el pez azul)

Dióxido de titanio / zinc (disolución más compleja)

Omega 3 (vía oral)

El átomo disperso va a la velocidad de la luz por lo tanto se frena con Ec .
La energía cinética frena un átomo por lo tanto la protección persona a persona seria similar a la de un bloqueador solar. El virus no muere

con el calor muere con la luz. (neutrones)

Esta propuesta está formulada básicamente a raíz de los acontecimientos ocurridos en un desastre en una usina atómica en Japón. Que voceros afirmaron en el 2011 que iban a haber residuos radiactivos en el planeta por éstas fechas.

Así que hay que tratar el covid19 como un contagio radioactivo.

Hice lo que pude y de todas formas si estoy en lo correcto en el ensayo en poco tiempo el corona virus se reducirá a casi nada 1/4.

PD: Si no se puede todo lo anterior hay que aplicar bloqueador en todo el cuerpo (carísimo)

Y la prueba de laboratorio que hay que hacer es si el omega 3 rechaza el virus. De ahí sale la conclusión.

Daniel Triunfo.

Caracolas en la Mar

Para saber quién soy
Muéstrate tímida
Come de mi mano
Dejame acariciar tu pelo

Para saber quién soy

Quítate las garras poco a poco
Hazme sentir que te puedo abrazar
Para saber quién soy
No hablemos del pasado
Confiemos que esta vez funcionará

Para saber quién soy
No hablemos del pasado
Préstarte mis brazos
Aflojemos lado a lado
Y entonces seremos dos.

Para saber quién soy
Dejame tomar tus manos
Susurrarte al oído despacio
Prestarte mis brazos
Y habrá tiempo para el amor

Para saber quién soy
No hablemos del pasado
Préstarte mis brazos
Aflojemos lado a lado
Y entonces seremos dos

Si quieres saber quién soy
Dímelo dímelo
Te ofrezco mis manos
Y mi aliento
Si quieres saber quién soy
De sabanas limpias
Te espera mi corazón.

Para saber quién soy
No hablemos del pasado
Préstarte mis brazos
Aflojemos lado a lado
Y entonces seremos dos.

Cruce la línea

Cruce la línea
Por vos
Por tu amor
Y eso me costó
Tiempo
Me costó vida

Cruce la línea
Mortal
La línea libertad
Línea de amor

Cruce la línea
Esperando
Luchando

Tu no te enteraste
Y eso dolió

Cruce la línea
Mortal
La línea libertad
Línea de amor

Cruce la línea
Todo tembló
Y seguimos aquí
Fue mentira
El verdadero amor

Cruce la línea
Mortal
La línea libertad
Línea de amor.

Donde creció nuestro amor

El mundo sigue dando

Vueltas y vueltas

Y ya no se que hacer contigo

No se que hacer conmigo

Será mejor recordar

Será mejor avivar

Será mejor volver a ir

Donde creció nuestro amor

Seguís divina

Sin nada que envidiar

Hoy te propongo algo nuevo

De esta no te vas a olvidar

Y vendrán los tiempos buenos

Como los que fueron ayer

Nadie olvidará lo que fuimos
Tu pelo aún cae en mi piel

Defendamos la locura es alegría
Defendamos la locura es un juego
Defendamos
Es nuestra razón de vivir
Entre locos no existe la locura

Defendamos la locura por Dios
Defendamos la locura
Por nuestra madre
Defendamos la locura
Con mano diestra
Y levantar
De mano siniestra

Porque el mundo es loco
Pesadillas de los cuerdos
Defender la alegría de estar loco

De equivocarse
De decir yo mando acá.

Y si te agarraron
Que no te agarren
Dos veces los mismos de siempre
Pendejos que crecerán
Defiendan la locura

Que dice lo que será
Quien manda acá
Sube sube tu locura
Que algún cuerdo
La cuna te hará.

Pon espejo contra espejo
En tu pared sobrevivientes
Al encierro
Defiende tu locura

Ella dijo si

Ella dijo si

Te quiero mi amor

Luego sucedió

Te quiero mi amor

Después de tanto tiempo

De tanto caminar

Al fin me encuentro a ella

Y me encanta

Estaba bien vestida

Mi cuerpo hizo flash

Ahí sano mi vida

Aplausos a este amor

Después nos encontramos

Tomamos un café

Le besé en los labios

Le aspiré la piel

Cuentan que ella y yo
De la mano parecemos
La ciudad del amor
Un mundo de ilusión

Manejando

Manejando la vida
Subite a mi amor
Viajo el viaje
Voy a mil

Doy gracias
Tus ojos nocturnos
Manejan mejor
Vamos a mil
El hotel está cerca

Sentirás
El calor
Vamos por el mundo

Haciendo

Hola hola hola
Waw
Hola hola hola
Waw
Con tus caderas
Hola hola hola
Waw
Vamos por el mundo

Manejando el instinto
Te sigo
Tus ojos siempre esperan
En la cervecería

Donde brindamos
Por el momento
Y la pasión

Manejando manejando
Vamos a mil
En tus brazos
Por tu cuerpo
Miramos el mar
Subite a mi coche
Es mejor el lobo
Que come mejor

De que se trata

Si me preguntas
Porque lo hago
Porque lo haré

Si me preguntas
De que se trata
Es porque quiero
Que me trate
Mejor la vida

Y no me puedo acostumbrar
A los cabrones
Peleadores
Disputantes
Adversarios advertidos
Y si me preguntas
Porque escribo
Es que quiero
Deseo
Profundamente
Que me trate
Mejor la vida

Llora un dolor lejano

De encierro
Y melancolía
No llega el fruto
Y fastidiado del pasado
Tanto tiempo desperdiciado
Como ahora
Se trata
De que me trate mejor la vida

Y realmente no se
Si me sucederá
Un alivio un respiro
Un acierto
Una verdadera solución
Y esta canción
Trata de que me trate
Mejor la vida

Tu dirás no puedes quejarte
Tu dirás tienes que asumir

Y controlar
No veo tu desgaste
Pero el sufrimiento es largo
Larga penita
Las cosas que hago
Son simples
Bobas bonitas ingenuas
Y tu me miras
Y lo único que quiero
Es que me trate
Mejor la vida

Entonces,
Trataré de que
Me trates bien
Y si me haces doler
No te perdonaré
Ya fue demasiado
Y antes que me caiga
La lágrima

Me voy a defender
Del hombre
De la miseria
Del desacuerdo
De malditas
Traiciones
Deudores
Engaños
Y falsedad
Se trata de mi mundo
Que una vez trató
Aunque parezca mentira
De mejorar tu vida.
Entonces, sino
Hazle creer a la lluvia
Que es innecesario llover
Y se secará tu cosecha
Y morirás de sed.
Porque al amigo
Se lo estabiliza

Y si me faltan el respeto
Ya no me tengo que
Retratar de nada.
Y eso es un cielo despejado
Por la eternidad mía.
Los que me quieran
Beberán de mi agua
Y sembrarán en mi campo
Y aquel que traicione
Será perdonado
Pero será esclavo
Si me preguntas de que se trata
Es que, tus burlas
Han llegado al límite
Y sabes lo que ocurre
Con los lobos marinos
Cuando mueren
Llenan el aire de putrefacción
A los turistas
Tan especiales como tu alma.

El alma de todos.
Entonces hay dos opciones
O respetas
O vivirás en la calle
Ahí en el abandono.
Traté de ser amigo
Pero tu elegiste ser zorro
Y no te culpo
No te desprecio
No nací para ser amado
Pero tengo mis pecados pagos
Cuanto más perseguirás
Cosa de locos
Nadie está persiguiendo a nadie.
Había una vez un pasado
Que pasó mal o pasó mal
Es un pasado que siempre pasa
A la humanidad
Una etapa de crecimiento
Época donde los instintos

Son educados de diversas formas
Y nos vimos entremezclados
En ser en querer en desear
Pero la historia no se hace
Comiendo manzanas
Ni insultando santos
Se trata de que nada cambiará
Al menos que nos pongamos
Todos aburridos
Si me preguntas
De que se trata
Es porque quiero
Que me trate
Mejor la vida

Y no me puedo acostumbrar
A los cabrones
Peleadores
Disputantes
Adversarios advertidos

Y si me preguntas
Porque escribo

Bobas bonitas ingenuas
Y tu me miras
Y lo único que quiero
Es que me trate
Mejor la vida

Entonces,
Trataré de que
Me trates bien
Y si me haces doler
No te perdonaré
Ya fue demasiado
Y antes que me caiga
La lágrima
Me voy a defender
Del hombre
De la miseria
Del desacuerdo
De malditas
Traiciones
Deudores
Engaños
Y falsedad
Se trata de mi mundo
Que una vez trató

Aunque parezca mentira
De mejorar tu vida.
Entonces, sino
Hazle creer a la lluvia
Que es innecesario llover
Y se secará tu cosecha
Y morirás de sed.
Porque al amigo
Se lo estabiliza
Y si me faltan el respeto
Ya no me tengo que
Retratar de nada.
Y eso es un cielo despejado
Por la eternidad mía.
Los que me quieran
Beberán de mi agua
Y sembrarán en mi campo
Y aquel que traicione
Será perdonado
Pero será esclavo

Si me preguntas de que se trata
Es que, tus burlas
Han llegado al límite
Y sabes lo que ocurre
Con los lobos marinos
Cuando mueren
Llenan el aire de putrefacción
A los turistas
Tan especiales como tu alma.
El alma de todos.
Entonces hay dos opciones
O respetas
O vivirás en la calle
Ahí en el abandono.
Traté de ser amigo
Pero tu elegiste ser zorro
Y no te culpo
No te desprecio
No nací para ser amado
Pero tengo mis pecados pagos

Cuanto más perseguirás
Cosa de locos
Nadie está persiguiendo a nadie.
Había una vez un pasado
Que pasó mal o pasó mal
Es un pasado que siempre pasa
A la humanidad
Una etapa de crecimiento
Época donde los instintos
Son educados de diversas formas
Y nos vimos entremezclados
En ser en querer en desear
Pero la historia no se hace
Comiendo manzanas
Ni insultando santos
Se trata de que nada cambiará
Al menos que nos pongamos
Todos aburridos

El poder del amor

No lograremos cambiar el mundo
Es ese momento en que te asustas
Ni vacío ni lleno
Ni de uno ni de otros
Pero todos encontraremos
El poder del amor.

El poder del amor
Te salva
El poder del amor
Te hace libre
El poder del amor
Es lo más alto
El poder del amor
Es amor.

No dejaremos de soñarlo
Pero un día será de tu realidad
Como un preciado bien

No tendrá ideologías cuando entre
No pertenece a las canciones
El poder del amor
Cuando sea necesario entrará

El poder del amor
Te salva
El poder del amor
Te hace libre
El poder del amor
Es lo más alto
El poder del amor
Es amor.

Lo buscarás por muchos lados
Pero aflorará en ti un día
Y entonces comprenderás
Todo lo hecho y lo hermoso
Que será volver a sentir
El verdadero amor

Ese espíritu
Que te hace humano
El poder del amor

El poder del amor
Te salva
El poder del amor
Te hace libre
El poder del amor
Es lo más alto
El poder del amor
Es amor.

Para unos será tarde
Para otros será joven
Para unos será eterno
Y para otros será religión
Y para otros justicia
Cuando el espíritu se asusta
Solo salva

El poder del amor
Tu solo espera
Es simple y altamente bueno
No distingue nada
El poder del amor.
No erra .
Un día entrará a tu alma.
Y tendrá que hacerlo
Porque está en ti.

El poder del amor
Te salva
El poder del amor
Te hace libe
El poder del amor
Es lo más alto
El poder del amor
Es amor.

Gratitud

Practica la gratitud
Atrevete a todo lo que puedas
Quizás todos estamos golpeados
Pero la gratitud sana
El corazón y los sentidos
La vida se hace más amena
Los amigos más comprensibles
Se nos abren las puertas
Practica la gratitud
Con quien sirve
Y cuando te beneficies
Deja entrar dentro de ti,
La palabra "gracias"
Como un beneficio mutuo
En cualquier orden de la vida
La madurez es gratitud
Dando las gracias
Encuentras la humildad
El tesoro que hay en la gente

La gratitud se propaga
Cuando alguien pronuncia gracias
Es como terminar una obra de arte
Es la virtud
Es el cansancio que reditúa
Es tan corto este pasaje
Que dar gracias es ayudar
Sin criticar
Con criterio
Dar espacios para realizar
Dar las gracias es de personas
Elevadas aunque sea simple
Da gracias de lo malo y aprenderás
Da gracias por lo que tienes
Por tener tu propia fuerza
Por tener tu propio espíritu
Yo te doy las gracias
Espero siempre que los demás estén
bien

Entiendo que cada cual tiene su
diseño
Pero practicando la flexibilidad
Podríamos alcanzar mucha sabiduría
Entendiendo la equidad humana
Dar gracias por ser diferentes
Dar gracias por tener detractores
Y dar gracias por nuestro trabajo
Entonces elévate más
Y se libre
Deja las vegaciones y el rencor
Mira al nuevo día
Alegremos a nuestro corazón
Sal de la angustia
Practica tu ternura
Y da las gracias de poder hacerlo
Vence tu ego
Pon hombros a la adversidad
Da las gracias de poder hacerlo
Te harás más fuerte de lo que

No puedas hacer
Porque cuando empieces
Será un camino hermoso
En donde darás tu las gracias
De esos buenos recuerdos
En una habitación a solas
Soñando un Sol que saldrá
Da gracias
Y ten tu grandeza
Y observa como está todo en su lugar
Perdón y felicidad y paz y amor y
libertad
Existen en la gratitud
Que ya ni yo entiendo mi existencia.
Gracias.

Un grito estruendoso
Me despertó
Una mañana de Sol

Que puede haber sido
Un día arruinado
Un día inmóvil
Despedazado de mi bien
Y no supe entender
Ese dolor en mi cabeza
Mal otorgado
Como merecido
Y tuve que hacer el sacrificio
De mantener mi mente atajada
Como el aire que se hace brisa
Esa mañana tuve que perdonar
Para no destruir almas
Que aún no se han elevado.

2)

Ruido que parece no irse
Como amenazantes
De locura

Un cólera
Máquinas de motores
Injusto oído que los escucha
Dentro del bien
Y del trabajo
La obra aún no culminada
Como estruendoso terremoto
Se alza ante mi esvelto
Para que pueda comprender
Las esperanzas de unos cuantos
He de perdonar la molestia
Sin temor
Y de forma valiente
Asumiendo el abastecimiento
Que disfrutaré hoy.
Y así llegará en su orden
Muy tranquilamente
Mi momento.

3)

Has de parecer algo
En lo irracional
No me parezco
Ignorancia del padecer
Lugar prohibido
Una exhibición
Sin sentido común
Donde atacaron cobardes
Donde los reinos
Confusos en sus casas
Son perdonados
Por esta humilde poesía.

4)

Luchaba por la Paz
Entonces tuve que soportar
La dura prueba
El desastre que hicieron

Y eran días buenos para todos
Sacrificios del valor de mi sangre
Denigrada al sin acceso
Un borreguito más
En lo exaltado
De un pasado irrecordable
Y los perdono porque aún
Sigo creyendo en la gente
Sino que esperanza
Podría tener en este mundo.
En mi y en ti.

4)

Estarán juzgando tu parecer
En una mente que oscila
Entre el bien y el mal
Entonces limpia y canta
Venérate un poquito
Y que no se den cuenta

Durante la constante
Neurosis soñada
Hecha por nuestras acciones
Y así seremos cuando
Salgamos del egoísmo
Trabajando hasta el cansancio
En el mundo real
Perdonando las humillaciones
Con actos nobles.

5)

La humildad que te pido
Es una salud sin miedo
Sin mentir y sin verdad
Sin pelear ni pleitos ni disputas
Sin una revelación manifiesta
En el sentido vivo
En el sentido del daño
En el puzle de las sencilleces

Estará tu amor
En la cúpula de perdonar
Incluso el valor inaceptable
Cuando uno desea ser uno mismo.
Y no quiere ignorar la verdad
Si eres piadoso tendrás
oportunidades
La vida es una sola
Créala maravillosa ante ti.

6)

No perderás tu fuerza
Mi amor
Debes de continuar
Perdona al tonto y al violento
Ten buen juicio en ti mismo
Aunque parezca cansado
Tu espíritu se debe elevar
Y más allá de los tiempos

En la fantasía de un lugar mejor
Y de la mala intención
Vuelve a empezar
Ayuda y se digno sin temor
Enfócate con fe en tu oficio
Y se feliz y nada te derribará

7)

En nuestros defectos
El peor es no asumir
Nuestro error
En la maquina imperfecta
El dolor se apodera en delirio
Innecesario para la salud
Las personas sueñan su bien
El quemarse y la culpa
Con la sabiduría
Se lleva de forma
Que uno pueda perdonarse

Cuando ante la equivocación
Somos las víctimas
Del rechazo que inmoviliza
Las crueles fábulas
De la no existencia.
Pudiendo hacer nuestro camino
Con humildad y grandeza
Es decir con felicidad

8)

A veces la muerte
Y peor aún
El miedo que provoca
No nos deja actuar y ser
Infectamos la salud mental
Algo inexorable que pasará
A todos
Perdonaré tener que morir
Donde se encontraran las almas

No tan lejos de tus tiempos
Hacer por el otro sin herir
La vida dura
No aliviana nuestro peso
Hay que hacer el esfuerzo
De celebrar lo que queda
Con inocencia
Serenidad
Y gentileza hacia está
Gran lección
Llamada vida.
Perdonando el salvajismo
Imperante
Que destruye
Pero perdónalos
Es una forma incomprensible
De hacer el bien.

9)

Lloran tus ojos
Como si no hubiera
Esperanzas
Ni socorros
Mientras el mundo
Está y es para ti
Y te fastidias
Te oscureces y el frío pesa
Pero no desesperes
Todo irá bien
Todavía cree en ángeles
Invisibles
Inocentes que lo perdonan
Todo y jamás sucumbas
Ante el público
Ante el pánico
Mira hacia adentro.
Tu tienes la respuesta.
Perdónate el ser impulsivo.

10)

Levanta tu cabeza
Abre la espontaneidad
Saca la pesadez
Ten ilusiones
Rapidez
Encanto en ti mismo
Quiérete
Y amarte
Perdona lo que
No puede ser
Y ten la voluntad
De seguir hacia adelante
Escucha que es información
Valiosa para alimentarse
En el espíritu creativo
Quítate el odio
Perdónate tus violencias
Trata de ser amable

Ama lo justo
Y se generoso
Ama la amistad
Comparte tus tesoros
Y espera sobre todo
Que te pidan
Y dar tu filosofía
Y dar tus vienes
Perdónate
Hacer lo que te gusta
Y sobre todo
Ve hacia adelante
Con tus amigos
Perdónate el valorarte

11)

Perdona que todo el mundo quiera
mandar
Todos tenemos las ansias de honor

De ser vistos y todos merecemos ser
amados.

Ten una vida digna de vivir
Aunque lo inesperado golpee mucho
Y esté en el afán de lo que no quieres
ser

Perdónate el imitar personas
buenas.

Se tu mismo

La luminosidad se encenderá
En tu sabio camino interior

Perdónate el molestar

Manda pero manda bien.

Siempre tendrás compañía.

12)

Aclárate en el silencio

Calla y tu espíritu

Silencioso estará

Para hacer mejor las cosas
Pide favores
Perdónate el no poder
Precisemos de vencernos
A nosotros mismos
Mejorar la calidad de vida
Pregunta para saber
El fuego quema se agua
Perdónate el cambiar
Perdónate soportar
Pero no te perdones venganzas
Se tu mismo con tus valores
Toma vacaciones mentales
Aguanta y resiste
Y perdónate
El rendirte ante la almohada.

13)

Todo es por algo

Tu amor es el principal
Sabio dentro de tu
Corazón que quiere
Equilibrarse en muchas
Esperanzas
Entre fracasos
Imperfecciones
Y perdónate la adivinanza
El hecho consiste en dar
Hasta el aliento
Por los tuyos
Por los demás
Evita el cólera
Sube tu autoestima
Tu sabes
Perdónate el fingir afectos
Un mal de amor
Sonríe en el peor momento
Haz el bien que la vida retribuye.
Más perdónate mucho

Ser grande y no tener éxito.

14)

Perdona en este instante
Todas las ofensas
Las recibidas
Y las dadas
El tránsito por el pensamiento
Tiene que ser saludable
Hay un mundo de amor
Perdónate amar a quienes
No se muestran piadosos
Ellos tienen sus problemas
Y no caigas en las garras
De lo destructivo
De lo que tu no eres
Perdónate no ser violento
Y en consecuencia
Actuar con el corazón.

15)

Perdónate la ansiedad
Con la prudencia
Y la buena conducta
Trata de no contaminarte
Y siempre hay tiempo
Genera dentro de ti
Creatividad
Admira y serás admirado
Eres el reflejo de ti mismo
Perdónate que la vida te perdona
En tu sano juicio
Perdónate la ambición y la codicia
Perdona todo lo malo
Así todo lo malo que hay en ti
Es perdonado.

16)

El sarcasmo
La superioridad impuesta
La soberbia
Los desencuentros
Las persecuciones
El abandono
El aburrimiento
La sociedad
Perdónatelo
De los errores se aprende.
Y tus malos sueños olvídalos.
Se irán.

17)

Perdonar abre las puertas
Porque los pensamientos
Cambian y un hecho
De vida es la vida misma

En sus tierras y tiempos
De discernir verdades
Que quizás logren
Aliviar las heridas
Esas que nos atan
Y nos hacen cobardes
Y miserables
En el hecho de dar
Que es felicidad.
Tu puedes abrir
Tu propia puerta.

18)

Perdónate el apurarte
Lo superfluo necesita
De lo profundo y
Lo profundo necesita
Lo superficial.
Y vamos cabalgando

En busca del amor
Y tratamos de encontrar
Aquellas palabras dulces
Que nos quedan por escuchar
Como si un caos
Nos fuera a salvar
Perdónate no llegar a tiempo.

19)

Me asusta la gente
Que no quiere valores
Que se asusta
A la sabiduría
A la equidad
Cuando más lo necesitan
Más los necesitamos
Cuando ha de haber escondido
En ti para continuar
Continúa que esto recién empieza.

Perdóname.

67 años no es nada.

Dedicado a mi madre. (Sheila)

Yo soy hijo tuyo

No se algo inseparable

Cuando tu voz

Se hace oír

Bella y sublime

Que anda iluminada

En los cantos alegres

Que resuenan en los árboles

Nutridos del sol

Que a sus pájaros

Alberga sus nidos

Amada por tu alma

Tan pura y bella
Que riega las flores
Como lo limpio
De tu cielo
Y tu amor reinante
En los tronos de los tiempos

Sabia y eterna
Tu huella que siguen
Responsables
De tus bailes y tus ritmos
De cultura que haz
Llenado mi mente
Como acuarelas de los ríos
De peces sabios.

Merecedora de mil más atardeceres
Libertad que tu corazón reposa
En las estrellas como tu
Eres por dentro calor y valor

Sostén que ha tenido mi pueblo
Bien nacida
Como el amanecer
De una luna pura
Un lucero te acompaña
En esa tierna lucha
De manos limpias
Serás feliz y se cumplirán
Todos tus deseos
Como el timón del tiempo
Siempre cobijarás con amor.

Más aún
Agradeciendo tu trabajo
Te doy la buena nueva y la esperanza
Que todo irá bien
Se irán los pesares
Y comenzarás tus años nuevos
Entonces verás que todo se ilumina

Y abundará en ti la paz te apoyaré
Porque el respeto es fundamental.
Tu hijo que te tiene fe.
Te quiero mamá.

Filosofía fuerte

Yo aprendo a decir" no" ante todo
abuso.
Acepto con humildad el dejar mis
utopías.
Eso me empieza a hacer fuerte y por
lo tanto independiente.
No acepto nada gratis. No doy nada
gratis. Así no me dejo traicionar.
No me junto con quien me insulta.
Con quien me levanta la voz. Con
quien alguna vez me creyó tonto no
hago tratos. Y la gente que me ha

golpeado no es perdonable en ninguna de sus formas.

Yo dirijo mi propia vida.

Ante mi casa no le permito a nadie que: Grite o degrade o tenga que soportar.

Las instituciones gubernamentales están todas destinadas a combatir los delitos que me infieran bajo el marco legal de mi país.

No dejaré que alguien me haga temblar para inducirme a drogas.

Jamás dejaré que nada ni nadie me interrumpa sobre todo en mis estudios. Así no me debilito.

A la gente que me humilla la aparto y no de un modo gentil.

Nadie me va a marginar nadie me va a amedrentar. Nadie me va a comprar por nada y menos por poco

valor. Por eso digo" no" y me contengo.

Amparado en el significado puro del diccionario y el de la declaración de los derechos humanos.

Tendré siempre un abogado. Jamás me dejaré perseguir por ninguna religión. No mendigar nada. No darle nada al miserable.

No hay que aceptar derrotas ni fracasos. Mi espíritu es sagrado y no será utilizado en servicios del abusador.

No soy agua para que te sacies la sed.

Se me pagará bien por mi trabajo.

Denunciaré todas las extorsiones.

Jamás andaré entre pobres. Y no aceptaré ninguna cosa miserable de la vida.

Ayudaré porque mantendré mi ternura.

No lucharé por la humanidad es mejor luchar contra la mala educación.

No voy a pedir favores ya que no voy a esperar desprecio.

Esta es mi vida mi alma y la gasto como se me da la gana.

No creo en ídolos profetas o enviados. Jamás me dejaré engañar.

Mi tiempo es mi tiempo y mi libertad es mi libertad y tu paz es tu paz. Mi mundo es mi mundo y tu mundo es tu mundo.

Hay cosas que no se perdonan jamás. El robo astuto el asalto la gente que obra de mala fe

Si no me imagino con una persona a solas menos que menos haría el amor menos que menos me casaría. No seré hipócrita. Así no me afectarán las críticas.

Ignorar para paz.

El ser independiente ahorra todos los problemas de la vida.

La amistad es un cuento para anticiparse al sexo.

Daré todo por la lealtad hacia mi mismo y hacia mi familia. Eso me fortalecerá.

Tomaré decisiones de forma temprana. Empezaré a despertar de el sueño. Tolerancia con lo que nos da miedo. Nada de piedad. Nada de malos recuerdos. Nada de duelos ni de miedo a la muerte. Aparta a la cosa que la cosa es la única que

entiende al ser humano. Aleja de tu vida la brutalidad. Fortalecerse con un amigo honesto que mil estúpidos que no te estiman. No temere a la noche ni al vacío de los marginados. Odia ese mundo. Apartarme lentamente de el enredo. Separar de mi vida a quienes me cansan. Me quitan vida. Tienes derecho a no estar de acuerdo conmigo. Confianza en ti mismo. Ocuparse de sus propios asuntos. " no " a dejarse abusar. Nada que me invada nada que me prohibida. Ganar sin luchar. Que nadie me saque mis pasos ni mis pasos mentales y abrir una gran lucidez. Una gran lucidez. Que hay que hacer aquí. Nada. Bueno. Me voy. Siempre entre gente de mi edad. Corazón es coraza por eso no

digas los secretos de tu escudo. Si lo haces eres filósofo. Que la vida no te atormente de economía. Que la vida sea vida. Cuando seas mayor no tengas brutalidad con las nuevas ideas jóvenes. No me dejaré enlentecer por la violencia. No quiero nada lento quiero el ritmo del universo y la trascendencia. He perdido demasiado tiempo. No lo pierdas tu. Enseña a tus hijos moral y respeto. Trabaja en su libertad tanto como tu la quieres para ti. Seré amado. Me aclamarán y me honrarán. Lo único que vence a la ansiedad es el coraje. Los cobardes solo esperan.

Vuelve a decir que "no" una y otra vez más "no" .

Evitaremos desde el primer día los lugares en donde golpean donde la gente se golpea. En especial planifica tus placeres en la vida y no des explicaciones a nadie de nada de lo que haces. O dejas de hacer.

No permitiré que me atrapen no permitiré que me asfixies. De esa forma uno se vuelve desinteresado.

Si tratas de agradar podrás conseguirlo pero te quita tiempo de tu libertad. Una vez que consigues tu espacio tiene que ser infranqueable.

Si deseas pensar que el sol gira alrededor de la tierra y que este mundo es plano y que somos el centro del universo. Piénsalo. Pero" no" abuses de ese autoengaño.

Especialmente no molestaré. Es un error muy grande esperar a que el

ser humano cambie. Todo está.
Muévete del estado" sitiado" puede
que estés siendo abusado sin darte
cuenta. Entonces haré lo que tengo
que hacer. Entonces cuando hago la
historia le doy paso a una nueva. No
temas al movimiento. Mira que pasa
cuando se mueve la tierra y cuando
se mueve el mar y cuando se mueve
el cielo. Igual puedes decir" no".
Sobre todo desde una edad
temprana aprender a no ser egoísta
con sigo mismo. Si estás preparado
para abandonar. Estarás preparado
con una filosofía fuerte para el
futuro que te trases.

" No es no".

Las personas orgullosas no
entienden y no te entenderán. Por
eso duele la cabeza. Es como que se

pega una hinchazón de soberbia
omega que hay que soportar en un
estado Alfa. Mirate al espejo todo lo
que quieras tu tienes que sentirte lo
más hermoso de este lugar por más
que intenten decir lo contrario.
Dile que "no" en el peor momento
de tu vida y la vida nos dirá si el resto
de la vida.

Justicia

Será verdad o serán mentiras?

El mejor maestro
Es el que no deja
Repetidores
Ustedes lo han
Visto en alguna parte

En algún lado
En algún sitio?
Ese maestro
Se llama justicia
Y no existe.
Porque repiten tanto
Que memorizan
Y no razonan
Ese es el mundo
Del ser humano.
Y de Dios
Como lo concibas.

Me llama la atención
Que nunca he
Escuchado un silencio
Igual entre el silencio
Y nunca un ruido igual
Dentro del ruido
Ni una música igual

Dentro de la música
Ni un paisaje igual
Dentro del paisaje
Ni un gusto igual
Dentro de los gustos
Me llama la atención.

El arte sostenido

Vivimos en un mundo que la
convivencia misma es desafinada.
Más aún cuando una parte pide
solamente que le den sostenidos. No
estás bajoneado en el mundo se
utilizan muchas formas de hacerse
entender lo que hace que a muchos
nos haga malos aires los que tocan
todo al aire y no siempre está todo
afinado y por lo general existen
percusiones que están tocadas mal o

no afinadas. Los músicos muchas veces conscientemente y a veces no tenemos que utilizar las obras para que no acople todo. Al igual que la escritura.

Entonces tenemos que armar las piezas de los sueños propios y sostenidos ajenos para poder plasmar una obra que se da naturalmente. Ó sea que tenemos que manejar las dos claves y todos los acordes todo el tiempo para evitar el acople. Sin el arte este mundo tendría roto los oídos, la vista y los sueños. Nuestra mente funciona en la duda constante en los tiempos en los compases y en las notas sino no podríamos manejar la disciplina de mantener lo más acorde posible incluso sin tocar. La labor de

un instrumento es manifestar lo que percibe el cerebro. De esta forma la buena música hace como la escritura la paz y la felicidad. Por eso los ensambles que se hagan y el gusto del público va a depender de si esa música sostiene el aire de esa cultura. Por eso digo que la música que pasa por el aire no es toda de equipos. Alguien solamente con cantar una canción ya alegra o entristece. Si lo hace para si mismo la música carece de sentido o si se hace para los estrellatos no es que sea mala carece del sentido. El ser humano es un animal de costumbre. Y hay gente que si no escucha solamente la música que le gusta entristece. Debido a que los celos pueden ser muy grandes y el gran

problema es la envidia entre los músicos porque necesitan también sostenidos. La cuestión es aceptar debido a que hoy en día ignoramos cabalmente los fenómenos que nos hacen crear o tocar. Suele suceder que cuando no se toca con sostenidos la persona nota una falta de armonía lo que puede generar acoples o peleas. Por eso las estaciones tienen que tomar conciencia de pasar música que se entienda para fomentar una buena cultura. La realidad es que hay gente afinando todo y otra desafinando (inconsciente) Lo que pasa es que la fuente de la música es el prejuicio una idea quizás errada pero que en cierta forma ha prevalecido en el tiempo y se transforma en obras que

son difíciles de entender. La música que es locura afina al loco y la música sencilla afina las masas. Pero siempre en este mundo todo va a ser más complejo. Por eso digo que la música está en el sostenido de aire desafinados por el trabajo. Los músicos se merecen respeto debido a que son ellos los que logran mejor calidad de vida a todo lo que existe y hasta lo que no existe. Por eso siempre el músico o el artista va juntando información en el "Arte de callar" ahí se hacen los silencios aunque ahora es difícil hacer silencios por tantos "solos" que se hacen y esto genera una carrera difícil que se puede olvidar fácilmente y vivir normalmente dejándose llevar por la ola de este

mundo ignorando las claves. No se pueden juntar acordes disonantes pero sin esta dificultad no aprenderíamos que la mismísima vida está hecha de silencios. Lo que hay que saber es que el ruido genera otro ruido y caben en pentagramas. Podremos decir que todos estamos haciendo música todo el tiempo. Pero alguna se graba y otras no. La negación del artista no es hacia la sociedad el músico toca lo que le gusta todos los demás resultan como todo principiante absolutamente solo sonidos insoportables. Cuando los tiempos son largos cuando los sostenidos son largos existe lo que se llama desgaste es ahí donde termina la obra. Si el público que siempre es de pedir más a veces nos mal tratan

eso es lo inhumano lo que carece de sentido por eso al músico o a los artistas no se los puede mandar pero si dirigir. Cuando se nos manda tocamos mal tocamos lo que ni el que manda sabe y cuando somos dirigidos tocamos voluntades. La vida es una gran sinfonía

Hay mentes que tocan siempre la misma canción y hay otros que nos esforzamos por hacer canciones nuevas que se dan como ya dije por defecto. Es lo que diferencia la música monódica que se toca en un acorde y luego todos en la misma tonalidad (esa es la involucion) en cambio la música polifónica es lo que saben hacer todos los músicos pero que no ha crecido toda la gente. Lo que genera inconvenientes sociales

disputas y saturaciones
inconvenientes para si mismos. No
se puede tocar todo en si sostenido
porque se hace la hipocresía. Se
tendría que tocar en otros acordes
pero saturan a los monódicos que
siempre están en el mismo tema lo
que hace una vida de vergüenza y
aburrida. Todos se merecen saber la
experiencia de intercambiar por lo
menos tres acordes. Sino el futuro de
la música será disonante. Lo que hay
que entender con esto es que si hay
que cambiar el acorde y se cambia a
una nota no esperada es mejor hacer
silencio. El problema es que todos lo
que no saben música quieren
empezar los temas en sosteniendo
menor y el sostenido menor necesita
un sostenido mayor pero es una

pieza muy difícil. Ya que es absolutamente destructivo. Es como es el ciudadano común. Quiere hacer arte lo crea pero no se reconoce ya que es un simple juego. Y para crear algo real y duradero se necesita armonía.

El arte es un trabajo hay que respetarlo. Porque los gritos es una fuga muy alta y con acoples de notas incomprensibles. El arte sostenido va a prevalecer incluso hecho en silencios cuando la fuga es indebida e incorrecta. Resumiendo:

Analizando el vocabulario de un pentagrama o sea aprendiendo solfeo se puede re aprender.

Amar y Perdonar

No se lo que estoy haciendo
No se porque te estoy queriendo
Por amor y perdón

Vete tu ya que lo sabes

Esa historia ya no me cabe
Estoy libre otra vez
Y eso se te hace doler

Creo que no te estoy mintiendo
Te daría todo el cielo
Solo por otra vez verte feliz
Por amor y perdón

No sigas insistiendo
Son puros recuerdos
Vete a las horas sin mi

Pero si es por amor
Puede haber una excepción
La de crédito extendida para mi
No seas tacaño
Que muere mi corazón.

Frases de un tonto

El internet como paso en la radio y luego en la televisión solo quedará lugar para los fascistas, los religiosos y las mujeres ruines y rufianes. Luego se inventara otra cosa otra trampa que tampoco podrá con la voluntad de los pueblos.

El opresor desea librarse del oprimido, se sienten molestos de que por otra parte los oprimidos tengan más poder y en ese fastidio que genera mal humor al opresor de la cultura creativa la defensa que encuentra es la ira contra el pueblo; injustamente.

Porque los presumidos si no son vistos no los puede ver nadie si no son escuchados no los escucha nadie y si no se comunican no se pueden comunicar con nadie.

Lo único que me aterra es encontrar una persona que no ha mirado hacia dentro.

Hombres escuchen y hagan que todo el mundo sepa esto. Hasta cuando la rivalidad cuando sabemos que fue solo una mujer la causante del odio humano. Contengan la ansiedad y contengan la violencia. Es un camino al regreso de hermandad.

La gracia que le provoca a una mujer el fin de una relación es como algo brutal.

Me tienen inmóvil triste encerrado como vegetal, deben de ser vegetarianos o simplemente que de este modo comprenda su estupidez.

El problema no es el miedo a la muerte, es el no poder elegir la forma en que vamos a morir.

La gente que trabaja es porque no saben canalizar el mal de otro modo y de otra forma.

Uno sabe vivir pero siempre hay alguien que incomoda. He aquí el misterio de la vida.

Cuantas veces le tendrán que

para que entiendan que el ruido es
de Satanás.

Me gusta la televisión pero me
incomoda mucho que la gente crea
la fantasía como una realidad y
soportar encima el mal habito del
pueblo.

El jugador ve en lo poco mucho y en
lo mucho poco.

Nunca te olvides de que siempre hay
algo que quieres olvidar.

Educación social deportiva

En el fútbol hay muchas formas de pasar la pelota. En la vida real nos ocupamos de pasar otras cosas unos para su profesión o su oficio. Siento profundo dolor por la sociedad que no sabe "pasar bien" y en definitiva estar bien con su conciencia y el sentido común. Hay trabajos que al personal le dan entrenamiento para "pasarla mal" es ahí donde se pierde. Una vez trabajaba para un programa radial de fútbol y llevé una canción. El tema me negaron a pasarlo pero me invitaron a entrar a la cabina pero me negué por carecer de información como para hablar. El otro día viendo un entrenador corrigiendo a un jugador" a quien se la pasas"? Esto es la falta de

precisión y tanto los hombres como las mujeres también tienen ese inconveniente. Como dije se trata de pasar pero si alguien te hace o te dice algo que te duele" es la otra persona que la está pasando mal" . Entonces como aprendí a " pasarla bien" y esto no tiene nada que ver con mi estatus social les voy a recomendar un ejercicio que lo pueden hacer en la oficina en la plaza en las escuelas en los liceos. Se trata de hacer una ronda con una pelota y jugar a dos toques nada más. Parar la pelota y pasarla lo más rápido posible y con la mejor perdición a cualquiera que esté en la ronda. Así se crea la habilidad de pasarla bien y con el tiempo uno adquiere training mental y no

necesita pelota. Se hace hablando y con nuestros actos. Aprendemos en nuestro inconsciente a pasarla bien sin pensar en adversarios. Esto hace más inteligente a la persona y más habilidosa dentro de la sociedad. Es simple si se aprende el "parar y tocar" se aprende a hablar mejor y a tratar mejor a las personas. Es una disciplina que hace que desaparezca la necesidad y enfoca con rapidez. Que no importe en la vida que te la pasen mal aprendamos a pasarla verdaderamente bien.

Mariana

Todos se fueron
La ruta quedó atrás
Y no importó

La ruta quedó atrás
Y mi amor
Con tu amor
Está viajando

(Mariana (bis)

Y ahora somos dos
En la historia del amor
Un paisaje tan lejano
Y ahora
Somos dos

(Mariana)

No piensen
Que estamos
Tan lejanos
Vamos a hacer
Una onda buena

Un corazón

(Mariana)

Y mi amor

Con tu amor

Está viajando

Ahora somos dos

En este amor

Ahora somos dos

Intentando salir

De esa melancolía triste

Sin sentido

Algo de física aplicada

Viendo una película alguien

desahuciado dijo" la vida es un sin

sentido" El otro respondió para mi todo tiene sentido"

En esta encrucijada cualquiera es presa de la confusión si no conoce algunas leyes básicas de la física aplicada. Estudiaba en un colegio y mi profesora (la madre Zabona) nos dijo no es lo mismo el sentido que la dirección. Algo que parece muy complicado pero que para mi hoy es mi uso de razón. Todo pasó cuando mi gata decidió en vez de recostarse sobre mi computadora eligió mis brazos. Y claro dije ella discernió el sentido y luego eligió la dirección. En los hechos razonables siempre estamos entre el sentido y la dirección. Nos gusta estar el casa. Usted en que dirección vive? Es director de alguna empresa? Se

manejan los sentidos. El sentido es acostarse pero usted elije la cama. El sentido es estudiar. Usted elije la materia. El sentido es viajar y usted elije la dirección. La brújula tiene sentido pero el norte le da la dirección.

Entonces no hay nada sin sentido porque busca una dirección. Es lo que pasa con la música tiene sentido y tiene dirección y cotidianamente estamos conviviendo con sentidos y direcciones de todos los seres humanos y las especies y el mundo en que vivimos. En mis estudios de cosmología las ondas de radio se abren por la noche un 90% más que durante el día y tiene un sentido y tiene una dirección. Descubriendo el sentido podemos elegir que

dirección darle entonces al hacer uso de esta racionalidad somos capaces de poner un límite. Y es muy importante porque tenemos el poder de detener fenómenos humanos indeseables.

El sentido es más paciente pero la dirección es la acción tomada de una forma irracional. El contenerse de hechos lamentables es darle sentido a nuestra dirección. Vamos a hacer el mejor viaje. Vamos a dormir en la mejor cama. Vamos a tener los mejores amigos. Vamos a ser más amables. Toda la moral tiene un sentido y una dirección. Si uno no se controla va en adversa dirección. Y esto carece de sentido. Para que entonces la gata se iba a acostar en el frío si tenía los brazos míos. Esto

aplicado a su confusión le dará resultados. El sentido de la vida para mi es soñarla y la dirección vivirla. Entonces no perdemos.

No sufras más de amor. (Artículo)
Hombres; no sos el último de tu gran amor. Eres el penúltimo de ella. Y seguramente la penúltima por ella es la que te hace la vida imposible. El enredo es así que con la última que haz tenido una relación detrás viene la última que haz dejado y esa es la que causa dolor. Por eso mi consejo es que tengas pareja estable y por favor intrínsecamente no hables de tus amores pasados. Y por más que tengas un bulo con espejos para casarte la tendrás que llevar a comer al cine a bailar y luego al mejor hotel

de alta rotatividad. Es más todo esto no importa. Solo desea contárselo a las amigas a las hermanas y a los familiares como todo es perfecto en su vida. Y tómatelo en serio porque sino serás el penúltimo te enteres o no ósea un corundo al principio y al final. Las mujeres son más peligrosas de lo que crees y sabes que todo esto es absurdo porque solo les importa el dinero que te puedan quitar a ti y a tu familia.

Mujeres no sufran esta verdad porque los hombres son exactamente iguales con la excepción de que lo único que quieren es llevar muchas mujeres a la cama y tu eres una del montón por eso te comprendo las reglas a seguir. Como dice un buen amigo Señoras y

Señores" los problemas vienen solos" Ahora ven la gran industria del amor. El que no se casa se vuelve loco. Es aconsejable que hagan cosas divertidas y diferentes para dar libertad y luego saber dar cariño en su justa medida trabajar los dos. Cuidado con los hijos. Deben de estar muy solventes económicamente y de tiempo. Y psicológicamente estables. Otorgar a los hijos poder de decisión. No competir. Y siempre proteger. No existen los malos padres. Jamás ninguno de los dos deje entrar a un tercero. Las cosas se hablan. Y tengan la libertad a disposición para divorciarse y alejarse rápidamente de un matrimonio que no es feliz. Porque cuando es penúltimo uno es

penúltimo en todo por eso hay que evitar" la despedida de soltero".
Recuérdenlo ambos. " El que quiere tarde de verdad no quiere" Seneca.

Mira lo que tienes

menos te tienes a ti mismo
Sabes pescar y cocinar?
Bueno no tan extremista.
Tienes un piso una casa.
Tienes cerca una mujer
Acaso tienes alguien que te quiera
Un perro un árbol
Tienes agua cerca
Puedes tomar alcohol para olvidar
Sabes escribir
Tienes gas y comida.
Haz visto alrededor tu vida?

Tienes techo
Frazadas
Una televisión
Redes sociales
Medios de transporte
Algún amigo para acudir
Puedes hacerte entender?
Tienes algo de dinero
Que te gustaría hacer?
Que desees
Conquistar el mundo
Arreglar el mundo
Entender a los demás?
Has soportado torturas
En esta vida hay poco tiempo
Las tierras están repartidas
Tienes Dios?
Entonces siéntete competente
Piensa en algo que puedas inventar
Quizás muchos quisieran tu lugar

Pero ya se no digas nada
Pero
Tienes todo
Y aun así piensas en hacer una
guerra.
Tu mal es que te sientes inhumano
Tu bien
Que puedes cambiarlo.
Deseo poco y lo poco que deseo lo
deseo poco.
Recuerda el desierto lo debes de
cruzar
Eso es sabio
De esa forma verás arenas
Y no campos de batalla
Y puede que no puedas cambiar
No te has dado cuenta de tus
desgracias?
A mano dura y a gritos
No serás bienvenido

Trabaja por tus objetivos
Y quita del camino el abrojo
Para que tus queridos
Sean libres
Da gracias.
Y se feliz.
De un mundo que trabaja para ti.
Entonces eres rico
Entiendes ahora porque
No me gustan las guerras?
El negocio del combate
Es anticuado.
Y ni siquiera te has dado cuenta
Que tienes el mundo a tus pies
Si quieres..
Todas las emociones humanas están
fundadas en el agravio tanto como
de amor como de odio. La razón es la
libertad. Y si falla toda esta trivial
sociedad nos queda el desprecio

donde se hace la guerra y luego la paz. Quien llora no lo hace de dolor lo hace de necesidad. Y quienes ríen nos dan las bienvenidas a las utopías morales que merecemos por derecho. Pero en definitiva todo esto es una gran vergüenza llamada capitalismo. Estamos muertos en vida esa es la realidad. Aléjate de la dependencia y de la gente vengativa y estafadora. En especial no elijas amigos tratalos como tus hermanos y no temerás. No temas que te maten, el matador muere.

Caracolas en la Mar

Para saber quién soy
Muéstrate tímida
Come de mi mano
Dejame acariciar tu pelo

Para saber quién soy
Quítate las garras poco a
poco

Hazme sentir que te
puedo abrazar
Para saber quién soy
No hablemos del pasado
Confiemos que esta vez
funcionará

Para saber quién soy
No hablemos del pasado
Préstarte mis brazos
Aflojemos lado a lado
Y entonces seremos dos.

Para saber quién soy
Dejame tomar tus manos
Susurrarte al oído
despacio
Prestarte mis brazos
Y habrá tiempo para el
amor

Para saber quién soy
No hablemos del pasado
Préstarte mis brazos

Aflojemos lado a lado
Y entonces seremos dos

Si quieres saber quién
soy

Dímelo dímelo

Te ofrezco mis manos
Y mi aliento

Si quieres saber quién
soy

De sabanas limpias
Te espera mi corazón.

Para saber quién soy
No hablemos del pasado
Préstarte mis brazos
Aflojemos lado a lado
Y entonces seremos dos.

Cruce la línea

Cruce la línea
Por vos

Por tu amor
Y eso me costó
Tiempo
Me costó vida

Cruce la línea
Mortal
La línea libertad
Línea de amor

Cruce la línea
Esperando
Luchando

Tu no te enteraste
Y eso dolió

Cruce la línea
Mortal
La línea libertad
Línea de amor

Cruce la línea
Todo tembló
Y seguimos aquí
Fue mentira

El verdadero amor

Cruce la línea

Mortal

La línea libertad

Línea de amor.

Donde creció nuestro
amor

El mundo sigue dando
Vueltas y vueltas

Y ya no se que hacer
contigo

No se que hacer conmigo

Será mejor recordar

Será mejor avivar

Será mejor volver a ir

Donde creció nuestro
amor

Seguís divina

Sin nada que envidiar

Hoy te propongo algo
nuevo

De esta no te vas a
olvidar

Y vendrán los tiempos
buenos

Como los que fueron
ayer

Nadie olvidará lo que
fuimos

Tu pelo aún cae en mi
piel

Defendamos la locura es
alegría

Defendamos la locura es
un juego

Defendamos

Es nuestra razón de vivir

Entre locos no existe la
locura

Defendamos la locura
por Dios

Defendamos la locura

Por nuestra madre
Defendamos la locura
Con mano diestra
Y levantar
De mano siniestra

Porque el mundo es loco
Pesadillas de los cuerdos
Defender la alegría de
estar loco
De equivocarse
De decir yo mando acá.

Y si te agarraron
Que no te agarren
Dos veces los mismos de
siempre
Pendejos que crecerán
Defiendan la locura

Que dice lo que será
Quien manda acá
Sube sube tu locura
Que algún cuerdo
La cuna te hará.

Pon espejo contra espejo
En tu pared
sobrevivientes
Al encierro
Defiende tu locura

Ella dijo si

Ella dijo si
Te quiero mi amor
Luego sucedió
Te quiero mi amor

Después de tanto tiempo
De tanto caminar
Al fin me encuentro a
ella
Y me encanta

Estaba bien vestida
Mi cuerpo hizo flash
Ahí sano mi vida
Aplausos a este amor

Después nos
encontramos

Tomamos un café
Le besé en los labios
Le aspiré la piel

Cuentan que ella y yo
De la mano parecemos
La ciudad del amor
Un mundo de ilusión

Manejando

Manejando la vida
Subite a mi amor

Viajo el viaje
Voy a mil

Doy gracias
Tus ojos nocturnos
Manejan mejor
Vamos a mil
El hotel está cerca
Sentirás
El calor
Vamos por el mundo

Haciendo

Hola hola hola

Waw

Hola hola hola

Waw

Con tus caderas

Hola hola hola

Waw

Vamos por el mundo

Manejando el instinto

Te sigo
Tus ojos siempre esperan
En la cervecería
Donde brindamos
Por el momento
Y la pasión

Manejando manejando
Vamos a mil
En tus brazos
Por tu cuerpo
Miramos el mar

Subite a mi coche
Es mejor el lobo
Que come mejor

De que se trata

Si me preguntas
Porque lo hago
Porque lo haré
Si me preguntas
De que se trata
Es porque quiero

Que me trate
Mejor la vida

Y no me puedo
acostumbrar
A los cabrones
Peleadores
Disputantes
Adversarios advertidos
Y si me preguntas
Porque escribo
Es que quiero
Deseo

Profundamente
Que me trate
Mejor la vida

Llora un dolor lejano
De encierro
Y melancolía
No llega el fruto
Y fastidiado del pasado
Tanto tiempo
desperdiciado
Como ahora
Se trata

De que me trate mejor la
vida

Y realmente no se
Si me sucederá
Un alivio un respiro
Un acierto
Una verdadera solución
Y esta canción
Trata de que me trate
Mejor la vida

Tu dirás no puedes
quejarte

Tu dirás tienes que
asumir

Y controlar

No veo tu desgaste

Pero el sufrimiento es
largo

Larga penita

Las cosas que hago

Son simples

Bobas bonitas ingenuas

Y tu me miras

Y lo único que quiero
Es que me trate
Mejor la vida

Entonces,
Trataré de que
Me trates bien
Y si me haces doler
No te perdonaré
Ya fue demasiado
Y antes que me caiga
La lágrima
Me voy a defender

Del hombre
De la miseria
Del desacuerdo
De malditas
Traiciones
Deudores
Engaños
Y falsedad
Se trata de mi mundo
Que una vez trató
Aunque parezca mentira
De mejorar tu vida.
Entonces, sino

Hazle creer a la lluvia
Que es innecesario llover
Y se secará tu cosecha
Y morirás de sed.
Porque al amigo
Se lo estabiliza
Y si me faltan el respeto
Ya no me tengo que
Retratar de nada.
Y eso es un cielo
despejado
Por la eternidad mía.
Los que me quieran

Beberán de mi agua
Y sembrarán en mi
campo
Y aquel que traicione
Será perdonado
Pero será esclavo
Si me preguntas de que
se trata
Es que, tus burlas
Han llegado al límite
Y sabes lo que ocurre
Con los lobos marinos
Cuando mueren

Llenan el aire de
putrefacción
A los turistas
Tan especiales como tu
alma.
El alma de todos.
Entonces hay dos
opciones
O respetas
O vivirás en la calle
Ahí en el abandono.
Traté de ser amigo
Pero tu elegiste ser zorro

Y no te culpo
No te desprecio
No nací para ser amado
Pero tengo mis pecados
pagos
Cuanto más perseguirás
Cosa de locos
Nadie está persiguiendo
a nadie.
Había una vez un pasado
Que pasó mal o pasó mal
Es un pasado que
siempre pasa

A la humanidad
Una etapa de
crecimiento
Época donde los
instintos
Son educados de
diversas formas
Y nos vimos
entremezclados
En ser en querer en
desear
Pero la historia no se
hace

Comiendo manzanas
Ni insultando santos
Se trata de que nada
cambiará
Al menos que nos
pongamos
Todos aburridos
Si me preguntas
De que se trata
Es porque quiero
Que me trate
Mejor la vida

Y no me puedo
acostumbrar
A los cabrones
Peleadores
Disputantes
Adversarios advertidos
Y si me preguntas
Porque escribo
Es que quiero
Deseo
Profundamente
Que me trate
Mejor la vida

Llora un dolor lejano
De encierro
Y melancolía
No llega el fruto
Y fastidiado del pasado
Tanto tiempo
desperdiciado
Como ahora
Se trata
De que me trate mejor la
vida

Y realmente no se
Si me sucederá
Un alivio un respiro
Un acierto
Una verdadera solución
Y esta canción
Trata de que me trate
Mejor la vida

Tu dirás no puedes
quejarte
Tu dirás tienes que
asumir

Y controlar
No veo tu desgaste
Pero el sufrimiento es
largo
Larga penita
Las cosas que hago
Son simples
Bobas bonitas ingenuas
Y tu me miras
Y lo único que quiero
Es que me trate
Mejor la vida

Entonces,
Trataré de que
Me trates bien
Y si me haces doler
No te perdonaré
Ya fue demasiado
Y antes que me caiga
La lágrima
Me voy a defender
Del hombre
De la miseria
Del desacuerdo
De malditas

Traiciones

Deudores

Engaños

Y falsedad

Se trata de mi mundo

Que una vez trató

Aunque parezca mentira

De mejorar tu vida.

Entonces, sino

Hazle creer a la lluvia

Que es innecesario llover

Y se secará tu cosecha

Y morirás de sed.

Porque al amigo
Se lo estabiliza
Y si me faltan el respeto
Ya no me tengo que
Retratar de nada.
Y eso es un cielo
despejado
Por la eternidad mía.
Los que me quieran
Beberán de mi agua
Y sembrarán en mi
campo
Y aquel que traicione

Será perdonado
Pero será esclavo
Si me preguntas de que
se trata
Es que, tus burlas
Han llegado al límite
Y sabes lo que ocurre
Con los lobos marinos
Cuando mueren
Llenan el aire de
putrefacción
A los turistas

Tan especiales como tu
alma.

El alma de todos.

Entonces hay dos
opciones

O respetas

O vivirás en la calle

Ahí en el abandono.

Traté de ser amigo

Pero tu elegiste ser zorro

Y no te culpo

No te desprecio

No nací para ser amado

Pero tengo mis pecados

Cuanto más perseguirás
Cosa de locos

En ser en querer en
desear

Pero la historia no se
hace

Comiendo manzanas

Ni insultando santos

Se trata de que nada
cambiará

Al menos que nos
pongamos

Todos aburridos

El poder del amor

No lograremos cambiar
el mundo

Es ese momento en que
te asustas

Ni vacío ni lleno

Ni de uno ni de otros
Pero todos
encontraremos
El poder del amor.

El poder del amor
Te salva
El poder del amor
Te hace libe
El poder del amor
Es lo más alto
El poder del amor
Es amor.

No dejaremos de soñarlo
Pero un día será de tu
realidad

Como un preciado bien
No tendrá ideologías
cuando entre

No pertenece a las
canciones

El poder del amor
Cuando sea necesario
entrará

El poder del amor
Te salva
El poder del amor
Te hace libe
El poder del amor
Es lo más alto
El poder del amor
Es amor.

Lo buscarás por muchos
lados
Pero aflorará en ti un día

Y entonces
comprenderás
Todo lo hecho y lo
hermoso
Que será volver a sentir
El verdadero amor
Ese espíritu
Que te hace humano
El poder del amor

El poder del amor
Te salva
El poder del amor

Te hace libe
El poder del amor
Es lo más alto
El poder del amor
Es amor.

Para unos será tarde
Para otros será joven
Para unos será eterno
Y para otros será religión
Y para otros justicia
Cuando el espíritu se
asusta

Solo salva
El poder del amor
Tu solo espera
Es simple y altamente
bueno
No distingue nada
El poder del amor.
No erra .
Un día entrará a tu alma.
Y tendrá que hacerlo
Porque está en ti.

El poder del amor

Te salva
El poder del amor
Te hace libe
El poder del amor
Es lo más alto
El poder del amor
Es amor.

Gratitud

Practica la gratitud
Atrevete a todo lo que
puedas

Quizás todos estamos
golpeados
Pero la gratitud sana
El corazón y los sentidos
La vida se hace más
amena
Los amigos más
comprensibles
Se nos abren las puertas
Practica la gratitud
Con quien sirve
Y cuando te beneficies
Deja entrar dentro de ti,

La palabra" gracias"
Como un beneficio
mutuo
En cualquier orden de la
vida
La madurez es gratitud
Dando las gracias
Encuentras la humildad
El tesoro que hay en la
gente
La gratitud se propaga
Cuando alguien
pronuncia gracias

Es como terminar una
obra de arte

Es la virtud

Es el cansancio que
reditúa

Es tan corto este pasaje

Que dar gracias es
ayudar

Sin criticar

Con criterio

Dar espacios para
realizar

Dar las gracias es de
personas

Elevadas aunque sea
simple

Da gracias de lo malo y
aprenderás

Da gracias por lo que
tienes

Por tener tu propia
fuerza

Por tener tu propio
espíritu

Yo te doy las gracias

Espero siempre que los
demás estén bien
Entiendo que cada cual
tiene su diseño
Pero practicando la
flexibilidad
Podríamos alcanzar
mucho sabiduría
Entendiendo la equidad
humana
Dar gracias por ser
diferentes

Dar gracias por tener
detractores

Y dar gracias por nuestro
trabajo

Entonces elévate más

Y se libre

Deja las vegaciones y el
rencor

Mira al nuevo día

Alegremos a nuestro
corazón

Sal de la angustia

Practica tu ternura

Y da las gracias de poder
hacerlo

Vence tu ego

Pon hombros a la
adversidad

Da las gracias de poder
hacerlo

Te harás más fuerte de lo
que

No puedas hacer

Porque cuando empieces

Será un camino hermoso

En donde darás tu las
gracias

De esos buenos
recuerdos

En una habitación a solas
Soñando un Sol que
saldrá

Da gracias

Y ten tu grandeza

Y observa como está
todo en su lugar

Perdón y felicidad y paz y
amor y libertad

Existen en la gratitud
Que ya ni yo entiendo mi
existencia.
Gracias.

68) Si no alcanza su meta

no es su defecto es
ineficiente la sociedad
69) No echen a nadie ni
nada de su vida

Un grito estruendoso
Me despertó
Una mañana de Sol
Que puede haber sido
Un día arruinado
Un día inmóvil

Despedazado de mi bien
Y no supe entender
Ese dolor en mi cabeza
Mal otorgado
Como merecido
Y tuve que hacer el
sacrificio
De mantener mi mente
atajada
Como el aire que se hace
brisa
Esa mañana tuve que
perdonar

Para no destruir almas
Que aún no se han
elevado.

2)

Ruido que parece no irse
Como amenazantes
De locura
Un cólera
Máquinas de motores
Injusto oído que los
escucha

Dentro del bien
Y del trabajo
La obra aún no
culminada
Como estruendoso
terremoto
Se alza ante mi esvelto
Para que pueda
comprender
Las esperanzas de unos
cuantos
He de perdonar la
molestia

Sin temor
Y de forma valiente
Asumiendo el
abastecimiento
Que disfrutaré hoy.
Y así llegará en su orden
Muy tranquilamente
Mi momento.

3)

Has de parecer algo
En lo irracional

No me parezco
Ignorancia del padecer
Lugar prohibido
Una exhibición
Sin sentido común
Donde atacaron
cobardes
Donde los reinos
Confusos en sus casas
Son perdonados
Por esta humilde poesía.

4)

Luchaba por la Paz
Entonces tuve que
soportar
La dura prueba
El desastre que hicieron
Y eran días buenos para
todos
Sacrificios del valor de mi
sangre
Denigrada al sin acceso
Un borreguito más
En lo exaltado

De un pasado
irrecordable
Y los perdono porque
aún
Sigo creyendo en la
gente
Sino que esperanza
Podría tener en este
mundo.
En mi y en ti.

4)

Estarán juzgando tu
parecer

En una mente que oscila
Entre el bien y el mal
Entonces limpia y canta
Venérate un poquito
Y que no se den cuenta
Durante la constante
Neurosis soñada
Hecha por nuestras
acciones

Y así seremos cuando
Salgamos del egoísmo

Trabajando hasta el
cansancio
En el mundo real
Perdonando las
humillaciones
Con actos nobles.

5)

La humildad que te pido
Es una salud sin miedo
Sin mentir y sin verdad

Sin pelear ni pleitos ni
disputas

Sin una revelación
manifiesta

En el sentido vivo

En el sentido del daño

En el puzle de las
sencilleces

Estará tu amor

En la cúpula de perdonar

Incluso el valor
inaceptable

Cuando uno desea ser
uno mismo.

Y no quiere ignorar la
verdad

Si eres piadoso tendrás
oportunidades

La vida es una sola

Créala maravillosa ante
ti.

6)

No perderás tu fuerza

Mi amor

Debes de continuar

Perdona al tonto y al
violento

Ten buen juicio en ti
mismo

Aunque parezca cansado
Tu espíritu se debe
elevar

Y más allá de los tiempos
En la fantasía de un lugar
mejor

Y de la mala intención

Vuelve a empezar
Ayuda y se digno sin
temor
Enfócate con fe en tu
oficio
Y se feliz y nada te
derribará

7)

En nuestros defectos
El peor es no asumir
Nuestro error

En la maquina
imperfecta

El dolor se apodera en
delirio

Innecesario para la salud
Las personas sueñan su
bien

El quemarse y la culpa
Con la sabiduría
Se lleva de forma
Que uno pueda
perdonarse

Cuando ante la
equivocación
Somos las víctimas
Del rechazo que
inmoviliza
Las crueles fábulas
De la no existencia.
Pudiendo hacer nuestro
camino
Con humildad y grandeza
Es decir con felicidad

8)

A veces la muerte
Y peor aún
El miedo que provoca
No nos deja actuar y ser
Infectamos la salud
mental
Algo inexorable que
pasará
A todos
Perdonaré tener que
morir

Donde se encontraran
las almas

No tan lejos de tus
tiempos

Hacer por el otro sin
herir

La vida dura

No aliviana nuestro peso

Hay que hacer el
esfuerzo

De celebrar lo que queda

Con inocencia

Serenidad

Y gentileza hacia está
Gran lección
Llamada vida.
Perdonando el
salvajismo
Imperante
Que destruye
Pero perdónalos
Es una forma
incomprendida
De hacer el bien.

9)

Lloran tus ojos
Como si no hubiera
Esperanzas
Ni socorros
Mientras el mundo
Está y es para ti
Y te fastidias
Te oscureces y el frío
pesa
Pero no desesperes
Todo irá bien
Todavía cree en ángeles

Invisibles
Inocentes que lo
perdonan
Todo y jamás sucumbas
Ante el público
Ante el pánico
Mira hacia adentro.
Tu tienes la respuesta.
Perdónate el ser
impulsivo.

10)

Levanta tu cabeza
Abre la espontaneidad
Saca la pesadez
Ten ilusiones
Rapidez
Encanto en ti mismo
Quiérete
Y amarte
Perdona lo que
No puede ser
Y ten la voluntad
De seguir hacia adelante

Escucha que es
información
Valiosa para alimentarse
En el espíritu creativo
Quítate el odio
Perdónate tus violencias
Trata de ser amable
Ama lo justo
Y se generoso
Ama la amistad
Comparte tus tesoros
Y espera sobre todo
Que te pidan

Y dar tu filosofía
Y dar tus vienes
Perdónate
Hacer lo que te gusta
Y sobre todo
Ve hacia adelante
Con tus amigos
Perdónate el valorarte

11)

Perdona que todo el
mundo quiera mandar

Todos tenemos las ansias
de honor

De ser vistos y todos
merecemos ser amados.

Ten una vida digna de
vivir

Aunque lo inesperado
golpee mucho

Y esté en el afán de lo
que no quieres ser

Perdónate el imitar
personas buenas.

Se tu mismo

La luminosidad se
encenderá
En tu sabio camino
interior
Perdónate el molestar
Manda pero manda bien.
Siempre tendrás
compañía.

12)

Aclárate en el silencio
Calla y tu espíritu

Silencioso estará
Para hacer mejor las
cosas
Pide favores
Perdónate el no poder
Precisemos de vencernos
A nosotros mismos
Mejorar la calidad de
vida
Pregunta para saber
El fuego quema se agua
Perdónate el cambiar
Perdónate soportar

Pero no te perdones
venganzas
Se tu mismo con tus
valores
Toma vacaciones
mentales
Aguanta y resiste
Y perdónate
El rendirte ante la
almohada.

13)

Todo es por algo
Tu amor es el principal
Sabio dentro de tu
Corazón que quiere
Equilibrarse en muchas
Esperanzas
Entre fracasos
Imperfecciones
Y perdónate la
adivinanza
El hecho consiste en dar
Hasta el aliento
Por los tuyos

Por los demás
Evita el cólera
Sube tu autoestima
Tu sabes
Perdónate el fingir
afectos
Un mal de amor
Sonríe en el peor
momento
Haz el bien que la vida
retribuye.
Más perdónate mucho

Ser grande y no tener
éxito.

14)

Perdona en este instante
Todas las ofensas
Las recibidas
Y las dadas
El tránsito por el
pensamiento
Tiene que ser saludable
Hay un mundo de amor

Perdónate amar a
quienes

No se muestran piadosos
Ellos tienen sus
problemas

Y no caigas en las garras
De lo destructivo
De lo que tu no eres

Perdónate no ser
violento

Y en consecuencia
Actuar con el corazón.

15)

Perdónate la ansiedad
Con la prudencia
Y la buena conducta
Trata de no
contaminarte
Y siempre hay tiempo
Genera dentro de ti
Creatividad
Admira y serás admirado
Eres el reflejo de ti
mismo

Perdónate que la vida te
perdona

En tu sano juicio

Perdónate la ambición y
la codicia

Perdona todo lo malo

Así todo lo malo que hay
en ti

Es perdonado.

16)

El sarcasmo

La superioridad impuesta

La soberbia

Los desencuentros

Las persecuciones

El abandono

El aburrimiento

La sociedad

Perdónatelo

De los errores se
aprende.

Y tus malos sueños
olvídalos.

Se irán.

17)

Perdonar abre las
puertas
Porque los pensamientos
Cambian y un hecho
De vida es la vida misma
En sus tierras y tiempos
De discernir verdades
Que quizás logren
Aliviar las heridas
Esas que nos atan

Y nos hacen cobardes
Y miserables
En el hecho de dar
Que es felicidad.
Tu puedes abrir
Tu propia puerta.

18)

Perdónate el apurarte
Lo superfluo necesita
De lo profundo y
Lo profundo necesita

Lo superficial.
Y vamos cabalgando
En busca del amor
Y tratamos de encontrar
Aquellas palabras dulces
Que nos quedan por
escuchar
Como si un caos
Nos fuera a salvar
Perdónate no llegar a
tiempo.

19)

Me asusta la gente
Que no quiere valores
Que se asusta
A la sabiduría
A la equidad
Cuando más lo necesitan
Más los necesitamos
Cuando ha de haber
escondido
En ti para continuar
Continúa que esto recién
empieza.

Perdóname.

67 años no es nada.

Dedicado a mi madre. (Sheila)

Yo soy hijo tuyo

No se algo inseparable

Cuando tu voz

Se hace oír

Bella y sublime

Que anda iluminada
En los cantos alegres
Que resuenan en los
árboles
Nutridos del sol
Que a sus pájaros
Alberga sus nidos

Amada por tu alma
Tan pura y bella
Que riega las flores
Como lo limpio
De tu cielo

Y tu amor reinante
En los tronos de los
tiempos

Sabia y eterna
Tu huella que siguen
Responsables
De tus bailes y tus ritmos
De cultura que haz
Llenado mi mente
Como acuarelas de los
ríos
De peces sabios.

Merecedora de mil más
atardeceres

Libertad que tu corazón
reposa

En las estrellas como tu
Eres por dentro calor y
valor

Sostén que ha tenido mi
pueblo

Bien nacida

Como el amanecer

De una luna pura

Un lucero te acompaña
En esa tierna lucha
De manos limpias
Serás feliz y se cumplirán
Todos tus deseos
Como el timón del
tiempo
Siempre cobijarás con
amor.

Más aún
Agradeciendo tu trabajo

Te doy la buena nueva y
la esperanza
Que todo irá bien
Se irán los pesares
Y comenzarás tus años
nuevos
Entonces verás que todo
se ilumina
Y abundará en ti la paz te
apoyaré
Porque el respeto es
fundamental.
Tu hijo que te tiene fe.

Te quiero mamá.

Filosofía fuerte

Yo aprendo a decir" no"
ante todo abuso.

Acepto con humildad el
dejar mis utopías.

Eso me empieza a hacer
fuerte y por lo tanto
independiente.

No acepto nada gratis.
No doy nada gratis. Así
no me dejo traicionar.
No me junto con quien
me insulta. Con quien
me levanta la voz. Con
quien alguna vez me
creyó tonto no hago
tratos. Y la gente que me
ha golpeado no es
perdonable en ninguna
de sus formas.
Yo dirijo mi propia vida.

Ante mi casa no le
permito a nadie que:
Grite o degrade o tenga
que soportar.

Las instituciones
gubernamentales están
todas destinadas a
combatir los delitos que
me infieran bajo el
marco legal de mi país.
No dejaré que alguien
me haga temblar para
inducirme a drogas.

Jamás dejaré que nada ni
nadie me interrumpa
sobre todo en mis
estudios. Así no me
debilito.

A la gente que me
humilla la aparto y no de
un modo gentil.

Nadie me va a marginalizar
nadie me va a
amedrentar. Nadie me
va a comprar por nada y
menos por poco valor.

Por eso digo" no" y me
contengo.

Amparado en el
significado puro del
diccionario y el de la
declaración de los
derechos humanos.

Tendré siempre un
abogado. Jamás me
dejaré perseguir por
ninguna religión. No
mendigar nada. No darle
nada al miserable.

No hay que aceptar
derrotas ni fracasos. Mi
espíritu es sagrado y no
será utilizado en
servicios del abusador.
No soy agua para que te
sacies la sed.
Se me pagará bien por
mi trabajo. Denunciaré
todas las extorsiones.
Jamás andaré entre
pobres. Y no aceptaré

ninguna cosa miserable
de la vida.

Ayudaré porque
mantendré mi ternura.

No lucharé por la
humanidad es mejor
luchar contra la mala
educación.

No voy a pedir favores ya
que no voy a esperar
desprecio.

Esta es mi vida mi alma y
la gasto como se me de
la gana.

No creo en ídolos
profetas o enviados.

Jamás me dejaré
engañar. Mi tiempo es
mi tiempo y mi libertad
es mi libertad y tu paz es
tu paz. Mi mundo es mi
mundo y tu mundo es tu
mundo.

Hay cosas que no se
perdonan jamás. El robo
astuto el asalto la gente
que obra de mala fe
Si no me imagino con
una persona a solas
menos que menos haría
el amor menos que
menos me casaría.
No seré hipócrita. Así no
me afectarán las críticas.
Ignorar para paz.

El ser independiente
ahorra todos los
problemas de la vida.

La amistad es un cuento
para anticiparse al sexo.
Daré todo por la lealtad
hacia mi mismo y hacia
mi familia. Eso me
fortalecerá.

Tomaré decisiones de
forma temprana.

Empezaré a despertar de
el sueño. Tolerancia con

lo que nos da miedo.
Nada de piedad. Nada de
malos recuerdos. Nada
de duelos ni de miedo a
la muerte. Aparta a la
cosa que la cosa es la
única que entiende al ser
humano. Aleja de tu vida
la brutalidad.

Fortalecerse con un
amigo honesto que mil
estupidos que no te
estiman. No temere a la

noche ni al vacío de los
marginados. Odia ese
mundo. Apartarme
lentamente de el enredo.
Separar de mi vida a
quienes me cansan. Me
quitan vida. Tienes
derecho a no estar de
acuerdo conmigo.
Confianza en ti mismo.
Ocuparse de sus propios
asuntos. " no " a dejarse
abusar. Nada que me

invada nada que me
prohibida. Ganar sin
luchar. Que nadie me
saque mis pasos ni mis
pasos mentales y abrir
una gran lucidez. Una
gran lucidez. Que hay
que hacer aquí. Nada.
Bueno. Me voy. Siempre
entre gente de mi edad.
Corazón es coraza por
eso no digas los secretos
de tu escudo. Si lo haces

eres filósofo. Que la vida
no te atormente de
economía. Que la vida
sea vida. Cuando seas
mayor no tengas
brutalidad con las nuevas
ideas jóvenes. No me
dejaré enlentecer por la
violencia. No quiero
nada lento quiero el
ritmo del universo y la
trascendencia. He
perdido demasiado

tiempo. No lo pierdas tu.
Enseña a tus hijos moral
y respeto. Trabaja en su
libertad tanto como tu la
quieres para ti. Seré
amado. Me aclamarán y
me honrarán. Lo único
que vence a la ansiedad
es el coraje. Los
cobardes solo esperan.
Vuelve a decir que "no"
una y otra vez más "no" .

Evitaremos desde el primer día los lugares en donde golpean donde la gente se golpea. En especial planifica tus placeres en la vida y no des explicaciones a nadie de nada de lo que haces. O dejas de hacer. No permitiré que me atrapen no permitiré que me asfixies. De esa forma uno se vuelve

desinteresado. Si tratas
de agradar podrás
conseguirlo pero te quita
tiempo de tu libertad.

Una vez que consigues tu
espacio tiene que ser
infranqueable.

Si deseas pensar que el
sol gira alrededor de la
tierra y que este mundo
es plano y que somos el
centro del universo.

Piénsalo. Pero" no"

abuses de ese
autoengaño.

Especialmente no
molestaré. Es un error
muy grande esperar a
que el ser humano
cambie. Todo está.

Muévete del estado"
sitiado" puede que estés
siendo abusado sin darte
cuenta. Entonces haré lo
que tengo que hacer.
Entonces cuando hago la

historia le doy paso a una nueva. No temas al movimiento. Mira que pasa cuando se mueve la tierra y cuando se mueve el mar y cuando se mueve el cielo. Igual puedes decir "no". Sobre todo desde una edad temprana aprender a no ser egoísta con sigo mismo. Si estás preparado para

abandonar. Estarás
preparado con una
filosofía fuerte para el
futuro que te trases.

" No es no".

Las personas orgullosas
no entienden y no te
entenderán. Por eso
duele la cabeza. Es como
que se pega una
hinchazón de soberbia
omega que hay que
soportar en un estado

Alfa. Mirate al espejo
todo lo que quieras tu
tienes que sentirte lo
más hermoso de este
lugar por más que
intenten decir lo
contrario.

Dile que" no" en el peor
momento de tu vida y la
vida nos dirá si el resto
de la vida.

Justicia

Será verdad o serán
mentiras?

El mejor maestro
Es el que no deja
Repetidores
Ustedes lo han
Visto en alguna parte
En algún lado
En algún sitio?
Ese maestro

Se llama justicia
Y no existe.
Porque repiten tanto
Que memorizan
Y no razonan
Ese es el mundo
Del ser humano.
Y de Dios
Como lo concibas.

Me llama la atención
Que nunca he
Escuchado un silencio

Igual entre el silencio
Y nunca un ruido igual
Dentro del ruido
Ni una música igual
Dentro de la música
Ni un paisaje igual
Dentro del paisaje
Ni un gusto igual
Dentro de los gustos
Me llama la atención.

El arte sostenido

Vivimos en un mundo
que la convivencia
misma es desafinada.
Más aún cuando una
parte pide solamente
que le den sostenidos.
No estás bajoneado en el
mundo se utilizan
muchas formas de
hacerse entender lo que
hace que a muchos nos
haga malos aires los que
tocan todo al aire y no

siempre está todo
afinado y por lo general
existen percusiones que
están tocadas mal o no
afinadas. Los músicos
muchas veces
conscientemente y a
veces no tenemos que
utilizar las obras para
que no acople todo. Al
igual que la escritura.
Entonces tenemos que
armar las piezas de los

sueños propios y
sostenidos ajenos para
poder plasmar una obra
que se da naturalmente.
Ó sea que tenemos que
manejar las dos claves y
todos los acordes todo el
tiempo para evitar el
acople. Sin el arte este
mundo tendría roto los
oídos, la vista y los
sueños. Nuestra mente
funciona en la duda

constante en los tiempos
en los compases y en las
notas sino no podríamos
manejar la disciplina de
mantener lo más acorde
posible incluso sin tocar.
La labor de un
instrumento es
manifestar lo que
percibe el cerebro. De
esta forma la buena
música hace como la
escritura la paz y la

felicidad. Por eso los ensambles que se hagan y el gusto del público va a depender de si esa música sostiene el aire de esa cultura. Por eso digo que la música que pasa por el aire no es toda de equipos. Alguien solamente con cantar una canción ya alegra o entristece. Si lo hace para si mismo la música

carece de sentido o si se
hace para los estrellatos
no es que sea mala
carece del sentido. El ser
humano es un animal de
costumbre. Y hay gente
que si no escucha
solamente la música que
le gusta entristece.
Debido a que los celos
pueden ser muy grandes
y el gran problema es la
envidia entre los músicos

porque necesitan
también sostenidos. La
cuestión es aceptar
debido a que hoy en día
ignoramos cabalmente
los fenómenos que nos
hacen crear o tocar. Suele
suceder que cuando no
se toca con sostenidos la
persona nota una falta
de armonía lo que puede
generar acoples o peleas.
Por eso las estaciones

tienen que tomar
conciencia de pasar
música que se entienda
para fomentar una
buena cultura. La
realidad es que hay
gente afinando todo y
otra desafinando (inconsciente) Lo que
pasa es que la fuente de
la música es el prejuicio
una idea quizás errada
pero que en cierta forma

ha prevalecido en el tiempo y se transforma en obras que son difíciles de entender. La música que es locura afina al loco y la música sencilla afina las masas. Pero siempre en este mundo todo va a ser más complejo. Por eso digo que la música está en el sostenido de aire desafinados por el trabajo. Los músicos se

merecen respeto debido
a que son ellos los que
logran mejor calidad de
vida a todo lo que existe
y hasta lo que no existe.
Por eso siempre el
músico o el artista va
juntando información en
el "Arte de callar" ahí se
hacen los silencios
aunque ahora es difícil
hacer silencios por
tantos "solos" que se

hacen y esto genera una
carrera difícil que se
puede olvidar fácilmente
y vivir normalmente
dejándose llevar por la
ola de este mundo
ignorando las claves. No
se pueden juntar acordes
disonantes pero sin esta
dificultad no
aprenderíamos que la
mismísima vida está
hecha de silencios. Lo

que hay que saber es
que el ruido genera otro
ruido y caben en
pentagramas. Podremos
decir que todos estamos
haciendo música todo el
tiempo. Pero alguna se
graba y otras no. La
negación del artista no
es hacia la sociedad el
músico toca lo que le
gusta todos los demás
resultan como todo

principiante
absolutamente solo
sonidos insoportables.
Cuando los tiempos son
largos cuando los
sostenidos son largos
existe lo que se llama
desgaste es ahí donde
termina la obra. Si el
público que siempre es
de pedir más a veces nos
mal tratan eso es lo
inhumano lo que carece

de sentido por eso al
músico o a los artistas no
se los puede mandar
pero si dirigir. Cuando se
nos manda tocamos mal
tocamos lo que ni el que
manda sabe y cuando
somos dirigidos tocamos
voluntades. La vida es
una gran sinfonía
Hay mentes que tocan
siempre la misma
canción y hay otros que

nos esforzamos por
hacer canciones nuevas
que se dan como ya dije
por defecto. Es lo que
diferencia la música
monódica que se toca en
un acorde y luego todos
en la misma tonalidad (
esa es la involucion) en
cambio la música
polifónica es lo que
saben hacer todos los
músicos pero que no ha

crecido toda la gente. Lo
que genera
inconvenientes sociales
disputas y saturaciones
inconvenientes para si
mismos. No se puede
tocar todo en si
sostenido porque se
hace la hipocresía. Se
tendría que tocar en
otros acordes pero
saturan a los monódicos
que siempre están en el

mismo tema lo que hace una vida de vergüenza y aburrida. Todos se merecen saber la experiencia de intercambiar por lo menos tres acordes. Sino el futuro de la música será disonante. Lo que hay que entender con esto es que si hay que cambiar el acorde y se cambia a una nota no

esperada es mejor hacer silencio. El problema es que todos lo que no saben música quieren empezar los temas en sosteniendo menor y el sostenido menor necesita un sostenido mayor pero es una pieza muy difícil. Ya que es absolutamente destructivo. Es como es el ciudadano común.

Quiere hacer arte lo crea
pero no se reconoce ya
que es un simple juego. Y
para crear algo real y
duradero se necesita
armonía.

El arte es un trabajo hay
que respetarlo. Porque
los gritos es una fuga
muy alta y con acoples
de notas
incomprensibles. El arte
sostenido va a

prevalecer incluso hecho en silencios cuando la fuga es indebida e incorrecta. Resumiendo: Analizando el vocabulario de un pentagrama o sea aprendiendo solfeo se puede re aprender.

Amar y Perdonar

No se lo que estoy
haciendo

No se porque te estoy
queriendo
Por amor y perdón

Vete tu ya que lo sabes
Esa historia ya no me
cabe
Estoy libre otra vez
Y eso se te hace doler

Creo que no te estoy
mintiendo
Te daría todo el cielo

Solo por otra vez verte
feliz

Por amor y perdón

No sigas insistiendo
Son puros recuerdos
Vete a las horas sin mi

Pero si es por amor
Puede haber una
excepción
La de crédito extendida
para mi

No seas tacaño
Que muere mi corazón.

Educación social
deportiva

En el fútbol hay muchas formas de pasar la pelota. En la vida real nos ocupamos de pasar otras cosas unos para su

profesión o su oficio.
Siento profundo dolor
por las sociedad que no
sabe " pasar bien" y en
definitiva estar bien con
su conciencia y el sentido
común. Hay trabajos que
al personal le dan
entrenamiento para "
pasarla mal" es ahí
donde se pierde. Una vez
trabajaba para un
programa radial de

futbol y llevé una
canción. El tema me
negaron a pasarlo pero
me invitaron a entrar a la
cabina pero me negué
por carecer de
información como para
hablar. El otro día viendo
un entrenador
corrigiendo a un
jugador" a quien se la
pasas"? Esto es la falta
de precisión y tanto los

hombres como las mujeres también tienen ese inconveniente. Como dije se trata de pasar pero si alguien te hace o te dice algo que te duele" es la otra persona que la está pasando mal". Entonces como aprendí a "pasarla bien" y esto no tiene nada que ver con mi estatus social les voy a recomendar un

ejercicio que lo pueden hacer en la oficina en la plaza en las escuelas en los liceos. Se trata de hacer una ronda con una pelota y jugar a dos toques nada más. Parar la pelota y pasarla lo más rápido posible y con la mejor perdición a cualquiera que esté en la ronda. Así se crea la habilidad de pasarla bien

y con el tiempo uno
adquiere training mental
y no necesita pelota. Se
hace hablando y con
nuestros actos.

Aprendemos en nuestro
inconsciente a pasarla
bien sin pensar en
adversarios. Esto hace
más inteligente a la
persona y más habilidosa
dentro de la sociedad. Es
simple si se aprende el"

parar y tocar" se
aprende a hablar mejor y
a tratar mejor a las
personas. Es una
disciplina que hace que
desaparezca la necesidad
y enfoca con rapidez.
Que no importe en la
vida que te la pasen mal
aprendamos a pasarla
verdaderamente bien.

Mariana

Todos se fueron
La ruta quedó atrás
Y no importó
La ruta quedó atrás
Y mi amor
Con tu amor
Está viajando

(Mariana (bis)

Y ahora somos dos
En la historia del amor

Un paisaje tan lejano
Y ahora
Somos dos

(Mariana)

No piensen
Que estamos
Tan lejanos
Vamos a hacer
Una onda buena
Un corazón

(Mariana)

Y mi amor
Con tu amor
Está viajando
Ahora somos dos
En este amor
Ahora somos dos
Intentando salir
De esa melancolía triste
Sin sentido

Algo de física aplicada

Viendo una película
alguien desahuciado
dijo" la vida es un sin
sentido" El otro
respondió para mi todo
tiene sentido"

En esta encrucijada
cualquiera es presa de la
confusión si no conoce
algunas leyes básicas de
la física aplicada.

Estudiaba en un colegio y mi profesora (la madre Zabona) nos dijo no es lo mismo el sentido que la dirección. Algo que parece muy complicado pero que para mi hoy es mi uso de razón. Todo pasó cuando mi gata decidió en vez de recostarse sobre mi computadora eligió mis brazos. Y claro dije ella

discernió el sentido y
luego eligió la dirección.
En los hechos razonables
siempre estamos entre el
sentido y la dirección.
Nos gusta estar el casa.
Usted en que dirección
vive? Es director de
alguna empresa? Se
manejan los sentidos. El
sentido es acostarse
pero usted elije la cama.
El sentido es estudiar.

Usted elije la materia. El sentido es viajar y usted elije la dirección. La brújula tiene sentido pero el norte le da la dirección.

Entonces no hay nada sin sentido porque busca una dirección. Es lo que pasa con la música tiene sentido y tiene dirección y cotidianamente estamos conviviendo con

sentidos y direcciones de todos los seres humanos y las especies y el mundo en que vivimos. En mis estudios de cosmología las ondas de radio se abren por la noche un 90% más que durante el día y tiene un sentido y tiene una dirección. Descubriendo el sentido podemos elegir que dirección darle entonces

al hacer uso de esta racionalidad somos capaces de poner un límite. Y es muy importante porque tenemos el poder de detener fenómenos humanos indeseables. El sentido es más paciente pero la dirección es la acción tomada de una forma irracional. El contenerse

de hechos lamentables
es darle sentido a
nuestra dirección. Vamos
a hacer el mejor viaje.
Vamos a dormir en la
mejor cama. Vamos a
tener los mejores
amigos. Vamos a ser más
amables. Toda la moral
tiene un sentido y una
dirección. Si uno no se
controla va en adversa
dirección. Y esto carece

de sentido. Para que
entonces la gata se iba a
acostar en el frío si tenía
los brazos míos. Esto
aplicado a su confusión
le dará resultados. El
sentido de la vida para
mi es soñarla y la
dirección vivirla.
Entonces no perdemos.

No sufras más de amor. (
Artículo)

Hombres; no sos el
último de tu gran amor.
Eres el penúltimo de ella.
Y seguramente la
penúltima por ella es la
que te hace la vida
imposible. El enredo es
así que con la última que
haz tenido una relación
detrás viene la última
que haz dejado y esa es
la que causa dolor. Por
eso mi consejo es que

tengas pareja estable y
por favor
intrínsecamente no
hables de tus amores
pasados. Y por más que
tengas un bulo con
espejos para casarte la
tendrás que llevar a
comer al cine a bailar y
luego al mejor hotel de
alta rotatividad. Es más
todo esto no importa.
Solo desea contárselo a

las amigas a las
hermanas y a los
familiares como todo es
perfecto en su vida. Y
tómalo en serio
porque sino serás el
penúltimo te enteres o
no ósea un corundo al
principio y al final. Las
mujeres son más
peligrosas de lo que
crees y sabes que todo
esto es absurdo porque

solo les importa el dinero
que te puedan quitar a ti
y a tu familia.

Mujeres no sufran esta
verdad porque los
hombres son
exactamente iguales con
la excepción de que lo
único que quieren es
llevar muchas mujeres a
la cama y tu eres una del
montón por eso te
comprendo las reglas a

seguir. Como dice un buen amigo Señoras y Señores" los problemas vienen solos" Ahora ven la gran industria del amor. El que no se casa se vuelve loco. Es aconsejable que hagan cosas divertidas y diferentes para dar libertad y luego saber dar cariño en su justa medida trabajar los dos.

Cuidado con los hijos.
Deben de estar muy
solventes
económicamente y de
tiempo. Y
psicológicamente
estables. Otorgar a los
hijos poder de decisión.
No competir. Y siempre
proteger. No existen los
malos padres. Jamás
ninguno de los dos deje
entrar a un tercero. Las

cosas se hablan. Y
tengan la libertad a
disposición para
divorciarse y alejarse
rápidamente de un
matrimonio que no es
feliz. Porque cuando es
penúltimo uno es
penúltimo en todo por
eso hay que evitar" la
despedida de soltero".
Recuérdenlo ambos. " El
que quiere tarde de

verdad no quiere"
Seneca.

Mira lo que tienes

menos te tienes a ti
mismo

Sabes pescar y cocinar?
Bueno no tan extremista.
Tienes un piso una casa.
Tienes cerca una mujer

Acaso tienes alguien que
te quiera

Un perro un árbol

Tienes agua cerca

Puedes tomar alcohol
para olvidar

Sabes escribir

Tienes gas y comida.

Haz visto alrededor tu
vida?

Tienes techo

Frazadas

Una televisión

Redes sociales

Medios de transporte

Algún amigo para acudir

Puedes hacerte
entender?

Tienes algo de dinero

Que te gustaría hacer?

Que desees

Conquistar el mundo

Arreglar el mundo

Entender a los demás?

Has soportado torturas

En esta vida hay poco
tiempo

Las tierras están
repartidas

Tienes Dios?

Entonces siéntete
competente

Piensa en algo que
puedas inventar

Quizás muchos quisieran
tu lugar

Pero ya se no digas nada

Pero

Tienes todo
Y aun así piensas en
hacer una guerra.
Tu mal es que te sientes
inhumano
Tu bien
Que puedes cambiarlo.
Deseo poco y lo poco
que deseo lo deseo
poco.
Recuerda el desierto lo
debes de cruzar
Eso es sabio

De esa forma verás
arenas

Y no campos de batalla
Y puede que no puedas
cambiar

No te has dado cuenta
de tus desgracias?

A mano dura y a gritos
No serás bienvenido

Trabaja por tus objetivos
Y quita del camino el
abrojo

Para que tus queridos

Sean libres

Da gracias.

Y se feliz.

De un mundo que
trabaja para ti.

Entonces eres rico

Entiendes ahora porque

No me gustan las
guerras?

El negocio del combate

Es anticuado.

Y ni siquiera te has dado
cuenta

Que tienes el mundo a
tus pies

Si quieres..

Todas las emociones
humanas están fundadas
en el agravio tanto como
de amor como de odio.

La razón es la libertad.Y
si falla toda esta trivial
sociedad nos queda el
desprecio donde se hace
la guerra y luego la paz.

Quien llora no lo hace de

dolor lo hace de
necesidad.Y quienes ríen
nos dan las bienvenidas
a las utopías morales que
merecemos por derecho.
Pero en definitiva todo
esto es una gran
vergüenza llamada
capitalismo. Estamos
muertos en vida esa es la
realidad. Aléjate de la
dependencia y de la
gente vengativa y

estafadora. En especial no elijas amigos tratalos como tus hermanos y no temerás. No temas que te maten, el matador muere.

deposita tu mejor fe en

Cartas de Amor

14:16

Y claro que te
recuerdo

Jamás olvidaré
el amor

Que me diste

Que nos dimos

Es por eso que
te sigo

Queriendo y
demasiado,

Aquellos besos
fueron

Inolvidables

Y tú sonrisa

Pintaba el
paisaje

De nuestros
sueños

Que bien la
pasaba
contigo,

Eran aquellas
caricias

Tus abrazos

Tus palabras
dulces

Y tú compañía

A mí lado

Traia aquellos
vientos

Que hoy me
hacen
extranarte,

A solas en una
cama

Has sido la
reina

Que ansío

Felizmente

como cuando

Uno merece

ser feliz

Dónde estarás

ahora

Con tus
vestidos
nuevos,

Nos
enredabamos
jóvenes

Sin prisas y con
caricias

Como se
acaricia

Una guitarra

Nadie juzgaba
nuestro
destino

Era el impulso
De la misma
vida,

Incontables
brisas de mar
Nos habían
encontrado

Y tus manos y
tu pelo

Era lo más
importante

Es que contigo

Vivía mis
sueños

Que se
alimentaron

Tomados de la
mano,

Recordando
nuestros viajes

Nuestros
amigos

Nuestras
aventuras

Nuestros
planes

Nuestros
anillos

Y la crueldad
de habernos
Distanciado,

La playa era
más hermosa

Cuando tú
paseabas por
ella

Haciendo el
favor a este
amigo

Y si no te supe
comprender

Era porque tus
besos eran
dulces

Y yo le podía
sonreír

Con agrado a la
vida,

Un perfume
inolvidable

Y tus caravanas

Y tus
materiales

Y mí
ingenuidad

De sentirme
enamorado de
ti

Eran enormes,
gigantescas

Casi
interminables,

Por las noches
observábamos

Tirados, en la
arena

El cielo, donde
nos besamos

Donde todo
era suspiros

Donde todo
era futuro

En el lugar en
que te creí

Y no fue un
error,

Un placer de
haber tenido
esa pasión

En ese lugar
donde al sol al
cenit

Guiaba
nuestros pasos

A negociar sin
el ruido

Y luego nos
encontraba la
avenida

Con el canto
de los pájaros

En la ruta
arbolada y de
frutos,

Sabíamos
andar entre la
gente

Un pueblo y
otro pueblo

Y esos aromas
de la
primavera

Cuando
tuvimos que

cambiar el
rumbo

Y quizás yo me
equivoque

Pero no dejé
de amarte

Tu humedad
penetró en mí

Y sabrás tú el
bien que te di,

Aquellos
regalos que
nos hacíamos

Era música era
vino, eran uvas

Eran

cumpleaños

Eran fiestas

Que gracias a

nuestro amor

Los temblores

no existían

Obraste de
buena fé.

Y a veces nos
dejábamos

Y luego
renacíamos
Éramos agua

Que bordeaba
las roscas

Y llegábamos
por ese río

Al mar de los
nuevos sueños

Ahí donde fue
posible
desnudarnos,

Cuántas
oportunidades
Que nos dimos

Entonces
cuanta libertad
Cuanto calor
Y emociones
Éramos lo que
pudimos ser,

Y las cosas del
azar

Nos mantuvo
en ese orden

De dolor quizás

De melancolía

Incurable

Como un rayo
que cae

Y rompe todos
los deseos,

Se que aún me
amas

A lo lejos
puedo

Ver tu rostro

Sentir tu
cuerpo

Y verte brillar

Despampanant
e

Como sí algo
aún

Quedara
pendiente,

Es un café que
no tomé

Y doy gracias
de sentir

Alrededor de
mi

Como tú aire
se enaltece

Tejiendo una
ilusión

Que será
eterna,

Cuando te
abrigabas de
mí

Siento que me
extrañas

Es dura la
nostalgia

La soledad

Aquello que no
podemos ya
hacer

Lindo haberlo
vivido,

Intercambio de
pasión

Aquella
llamativa

Y envidiable
llama

Que
alumbraba a
los poetas

Que anadian
secretos

Que hoy no
son más

Que nuestros
cuentos

Y nada más,

Nos aburrimos
de los celos

Que
cambiaban
nuestras vidas
Sin engaños
No había nada
que soportar

Estaban
nuestros
cuerpos
Cupulados,

Y eras mí
mejor amante

Mí mejor
compañera

Mí mejor
amiga

Mí mejor
sensación

Mí sanación

Mí mejor
adorno

Eras lo más
útil,

Podrías ser mí
novia?

Aquellos
abrazos llenos
De una vibra
indescriptible
Y me enamoré
de ti
inteligencia
De tu madurez

De tu cultura

Que regaste en
mí

Para ser mejor,

Tu eres ese
espacio

Ese vacío

Que llena de
coraje

Mis mananas
nutridas

De tus
impulsos

Llenos de
pasión,

Cuando te
banabas

En la mar

Aquellas
sonrisas

Donde todos
fueron testigos

De nuestro
romance

Como he
entonces de
olvidarte,

Jugábamos
mucho a
querernos

Recuerdo que
un día te
alejaste

Y aunque
volviste

Ya no era lo
mismo

La vida cambia
rápido

Y el amor

Siéntete
cómoda

Carga
importancia

Que aún te
recuerdo,

Y cuanta gente
que existen

Que
guardamos en
la memoria

Que rodeaban
nuestros pasos

Existían como
nuestro amor
mismo

Eran aquellos
de la chispa de
la pasión

Como no
recordarlos?

Gracias a ellos
entendimos

Que nos
amamos,

Eres la
fotografía de
mí alma

Sin ti no
sucedería el
milagro

De saber que
existes

Y la felicidad

De la
esperanza

Que nos
encontremos
En alguna
ciudad
O al aire libres,

Que lindo
cuando la
moda

Era
simplemente
amarnos

Que
afortunado
que soy

El recordarte

Joven y linda

Llena de gracia
y esplendor

Como los
jóvenes de
hoy,

Éramos
aflojados

Desestresados
de codicia

De ambición

El mundo no
era malvado

Al menos para
los dos

Y si

peleábamos

Después nos

sentíamos

mejor

Era todo paz,

Porque
sabíamos

Hacer el amor
en paz

Porque el amor

Es ese mojo

Que le dió a
nosotros

La plenitud

De sentirnos
más atrevidos

Para bien,

Por supuesto
que te
recuerdo

En todo lo que
pudo ser

Y no fue

Por causas de
la naturaleza

Del destino

Pero juntos

De ese umbral
salimos,

Gracias por el
regalo

De haberte
esperado

De haberte
extranado

De haberte
sujetado

A mí mente

De hecho tú
fuiste

Quien me
enseñó

A no olvidarte

Y eso es un
poco más de
amar.

Aquello ilícito

De juntar

nuestros

cuerpos

Como se junta

la vida misma

Y así
pasábamos

Dándole
cuerda

A un reloj
infinito

Que nos mecía
juntos,

Intenté
suplantarte

Debo confesar
que no he
podido

Tu has sido y
serás

Todos mis
caminos

Todos mis
cambios

En donde
condervo lo
antiguo

Para ir hacia
adelante

Contando
cráteres
lunares,

De aquí para
allá

Sin punto
cardinal

Viajaban
nuestros
cuerpos

Con la ayuda
de las velas
Del tiempo
Donde nos
cobijamos
Creí que
pensabas en
mí y fue real

Fue mágico,
fue algo
magnífico,

Aquellas
casualidades

Volvían a
nuestro
encuentro

Como te
encuentres
ahora

Quizás dolida e
indefensa

Pero hay
alguien que
piensa en ti

Que te
recuerda

En el banco

Donde me
enseñaron a
no perderte,

Saturada mí
amor estarás
de pedir

Respeto,
armonía

Pero el mundo
es duro

Y como no
merrces
sufrimiento

Mis deseos son
los mejores

Para quien
llega a mis
aguas

Amor no
desesperes

Aún no me he
olvidado de ti,

Recuerdate en
estas palabras
Que alivian el
dolor

De las tristes
noches que haz
pasado

En el corto
transito de tus
quimeras

No me llores el
pasado

No sucumbas
ante tanta
tentación

Todo lo tienes
dado

Un mundo te
espera y es
para ti,

Ya no hay
signos para ti
Ni significados
Levantate y
piensa en mí

Estaremos
juntos en la
dicha

Del bien y solo
del bien

Que sea una
bendición
espiritual

Y te recordaré,

Y pensar todo
lo que nos han
dicho

Criticaron
nuestro amor y
hasta

Nuestros

sueños

Alcanzaron

separarnos

Esos

querubines

Que ya nos
tienen
olvidados

Pero yo aún te
recuerdo,

Tu vales
demasiado

Mí princesa del
alma

Darían una
vida por ti

Porque
siempre guías

Como el faro
que no se
apaga

Que no opaca

Que se
translice de
cristal,

Por eso deja
que entren en
ti

Palabras gratas
y amistosas

Te harán
crecer más

Quita ya tu
cara valiente

Y tienes una
gran excusa

Abrir tu
ternura

Lejos de ese
ruido

Alguien te
rescatará,

Sobre todas las
cosas

Deshecha lo
malo

Ponte tú mejor
cara

Y vuelve a ser

Quien has sido

Quien te

merece tener

Hoy el pasado
ha quedado
atrás

Para los dos
Solo queda el
recuerdo

De espíritus
indoloros,

Y así
resvalemos a la
sociedad

Seremos
siempre uno

Con la
sensación de
querernos

Como somos

Como lo
merecemos

Será así los
frutos de

nuestra
existencia

Nuestro deseo,

Planificarás un
postre

Un helado

Tomarás una
cerveza

Dormirás

Plácidamente

Cómoda

Entre mis
brazos,

Más tras de ti
lloraré las
huellas

Por llorar nada
más

Como haz
borrado
también tú
Pero en las
adoraciones
que me has
puesto

Te regalaré
esas pasiones
escondidas

Son esas,

Cartas de
amor.

La bondad
atacará
nuestro
corazón

Serás mía y te
tendré por
siempre

Bajo este cielo,
este sol, estas
estrellas

Que habríamos
de temer?

Cuando el
amor es eterno

Digno y bueno,

Tendremos
todo el tiempo
Para que se
alinien los
firmamentos
Y alimentarnos

De la eterna
juventud

De nuestras
vidas

Y así lo
expresare

Tu nombre a lo
más alto,

Donde
juntaremos
nuestro sexo
Nuevamente
seremos un
alma

Que ha
escapado de la
prisión

Y nos
llenaremos
más de deseo

Y seremos uno

Uno igual a dos

Que levantan
altos vuelos,

Imprescindible
es este amor

Que me mueve
el alma

Por dentro

Eres lo que
más quiero

Eres mi
canción

Una melodía
para darte
besos

De duradera
sensibilidad,

Se que tu
también

Lo piensas

Lo imaginas

Lo deseas

Abre en ti

Y prueba este
amor,

Que no nos
sangre

Más la herida

De no
entendernos
Cuando eres la
más bella
La más linda
La que más
deseo,

Para mí eres mí

Mejor obra

terminada

Mí interés

supremo

Como no

recordarte?

Tienes el
beneficio

Que mí
guitarra

Aún piensa en
ti

Como una luz
siempre

Por nacer,

Te escribo para
que el placer

Caliente tu piel

Hasta arder de
locura

Esa que se cura

En la misma
lengua

Porque te amo

Te lo han dicho
antes?

Hay que
acercar

Ese corazón
enamorado

Un corazón

Que no se
sacia de pasión

Y es tu corazón

Y es el único
que necesito

Para mí

Por eso te
escribo

Cartas de
amor.

Cartas de los sueños Tarot (Gentesana Manual Psicología Sugestiva)

miércoles, 16 de junio de 2021

00:43

Significado de los sueños.

En agradecimiento a absolutamente todos los intérpretes de sueños. Este segundo artículo de psicología sugestiva busca encontrar un acuerdo entre los seres humanos. Gracias a la neurociencia por el reconocimiento a mis trabajos anteriores. Pido perdón si me equivoco. Respetando todos los credos y todas las razas y etnias y todas las diversas formas de pensar por un mundo mejor y por la declaración del derecho a sonar aún pendiente.

En un mundo donde estamos todos muy distanciados y con mucha soledad se me ocurrió hacer las cartas de la gente sana con el significado de los sueños o sea una nueva forma de tarot qué pretende hacer hábitos saludables tanto a nivel mental como físico las cartas de los sueños de la gente sana pretende que las personas se encuentran nuevamente contratistas especializados y capacitados para dicha función. Ya se sabe qué este tipo de horóscopo de gente sana que solamente muestra las partes buenas está comprobado por neurólogos de qué a las personas no hay que darles grandes cosas para que puedan ver si no juguetes casi para niños pintar casi como niños y eso me las personas las Senta y las vuelve mentalmente capaces de mejorar a nivel si mejor a nivel mental mejora a nivel físico entonces estás cartas de los sueños qué están basadas en las demás cartas tarotistas cómo son las cartas españolas otras cartas tendrían que tener una capacitación diferente porque las cartas tendrían colores que incluso a las pueden bajar qué puedes hacer para empapelados pero en este caso cartas y la persona que tome una carta y que se vea significado su sueño o varias cargas según el tarotista la persona que te tiran de las cartas pero muy importante de que la persona esté capacitada como para dar su corazón de la mejor manera para que sus clientes sus pacientes salga cognitivamente bien eso es la culminación de lo que sería la psicología sugestiva o sea se plantea siempre de sugestionar bien a la persona y que la persona salga bien estamos hablando de que no es insensatez decir media mentira es insensatez pues a decir una gran verdad y que sea toda mentira entonces sí vamos a curar las enfermedades mentales y si vamos a beneficiar las físicas tenemos que practicar el hecho de que analizar los sueños y en

esto hay muchos analistas de sueños que pueden incorporar como forma de trabajo y método de trabajo efectivo el uso de las cartas que puede ser también de uso online pero que más bien tendría que hacer presencial post Covid .entonces lo que sucedería es que las personas se volverían a encontrar nuevamente y se pueden hacer sesiones grupales también entonces la gente pacíficamente sale de una forma espectacular hacia su casa con su familia y aparte para los más jóvenes puede ser una gran fuente de trabajo y para personas expertas en el tema sería bueno de que cambian un poco el pensamiento de como decía una amiga anunciante desgracia eso no queremos ser lo que pretendes la psicología subjetiva aclarar la mente sugestionando de una manera tal que la persona o las personas se vayan en caminando en caminando con una mente Clara entonces qué sucede logramos una sociedad en la cual podemos todos convivir pacíficamente con amor con respeto y con dignidad por supuesto que tiene que hacer un trabajo remunerado nosotros no queremos la esclavitud tienes que hacer un trabajo certificado hola universidad de psicología o sea lo puede hacer cualquiera pero que Este certificado me parece un poco mejor entonces si nosotros dirigimos a las personas tenemos que ser muy discretos en lo que nosotros hacemos y lo que nosotros decimos sigamos a las personas a poner la mesa 45 cartas que pueden definir su vida no vamos a ponerle cosas malas vamos a ponerle cosas buenas no la vamos a cenar de pastillas o las vamos a llenar de odio vamos hacer alas de amor de libertad para que para que se puedan encontrar con otras personas para que puedan hablar con el ente mente para que sus sueños sean mejores entonces así de esa forma la gente se cura y lo puede hacer cualquiera lo puede hacer porque acá urólogo lo puede hacer cualquier persona que estoy calificada por eso digo no entonces a lo que voy es que yo tengo cartas de psicología sugestiva que sean de tarot no con cosas raras sino con simplemente imágenes que pueden pintar en voz como es una página para pintar hasta las cartas las mandan imprimir con el dorso del sueño entonces se pone la carta boca arriba los colores y boca abajo de sueño entonces la persona cuando levanta la carta cuál es el sueño entonces ahí un poco entra la relación entre el paciente y la persona está leyendo el sueño en hecho cognitivos la persona no le mete va a tener sus dudas entonces va a haber que ir a la el que hacer un trabajo no muy mental sino de corazón porque la persona que quizás no esté de acuerdo con ese sueño pero porque no puede estar de acuerdo con ese sueño porque quizás la persona se siente la persona que necesita está acostumbrada al sadismo a la maldad entonces cuando ve algo bueno piensa que es estafa piensa que es irracionalpero no lo que estamos haciendo es recortar las partes malas de la sociedad entonces logramos sociedades mejores y esto incluso aparte de las cartas de los sueños se puede hacer con otro tipo de forma de manera en la cual las tradiciones estén acostumbradas a ofrecer por ejemplo la holística o otras corrientes que sean beneficiosas para la sociedad entonces si nosotros nos ponemos a pensar un poco salimos a la conclusión que según Freud decía de que hay veces que una palabra amable puede valer mucho más a una persona de todo el oro del mundo en estos momentos tan difíciles que estamos viviendo unidad laboral a nivel económico estamos pasándola muy pero muy tristemente mal la verdad que estoy sin palabras porque cada uno sabe a que nos estamos enfrentando todos cadillos entonces quizás se empieza hacer hablar yo no trato de imponer nada nadie yo creo que les va a ir bien como siempre le digo es festivo les va a ir bien que se sabe si es mentira ahora sólo estoy diciendo que vivir y nadie sabe cómo me va a ir a mí pero por eso la psicología sugestiva lo que plantea que también tiene que visitar a otros psicólogos sugestivos para así no perder esa cadena que tiene entonces todos nos acostumbramos hablarnos bien nos acostumbramos a tratarnos bien

nos acostumbramos a lo que vinimos a ser a este mundo que es a vivir no a maltratar a los animales no maltratar nuestro cuerpo no maltratamos a nosotros cada uno es libre de hacer lo que quiera a uno es libre y tiene la libertad de hacer lo que se le ocurra con este día pero sugiero que hagan cartas puedes hacer un mazo de 40 sueños de 50 sueños de 60 sueños la puedes mandar a imprimir a una imprenta o directamente la puedan hacer en la computadora fotocopiar los con papel fotográfico no pueden hacer de muchas maneras trabajando con Corel entonces logramos la felicidad la paz interior una especie de acercamiento a los elevados por cuando nuestro espíritu está bien se le va y cuando celebra nuestra espíritu se eleva el espíritu los demás por supuesto también que se pueda hacer sin cartas se pasar presencial sin cartas de sugestionar a la gente bien y eso es post cartas porque las personas van a estar a pesar de que van a ver contrariedades con personas ya lo vuelvo a repetir o personas sádicas con personas con maldad pero son esas las personas que hay que curar entonces hay que dar tiempo esto no es de un día para el otro que la psicología sugestiva pueda curar las enfermedades mentales de todo el mundo pero paulatinamente ir haciéndolo de forma de que las personas no surgieron que piensen todas igual pero que piensen en sus sueños que el mundo que les tocó está bien porque soy de pensar de que las personas le toca vivir lo que les toca vivir pero la salud a veces es muy importante entonces trabajemos todos juntos para lograr una humanidad mejor. en este caso soy un especial agradecimiento a las autoridades que me está leyendo un especial agradecimiento a las personas que están interpretando la suegra otro gran agradecimiento a la neurociencia otro gran adelanto a la iglesia que también apoya otro muy pero muy grande para ese miento a las personas que están siendo encaminadas mediante este método y bueno también doy gracias a la vida por permitirme haber podido aprender sobre este tema cuando estudiaba psicología y bueno simplemente el agradecimiento a todos no me quiero olvidar de nadie pero espero que puedan ir hacia delante que se puedan caminar que se traduzca a otros idiomas qué bueno que se trabaje de esto que se viva de esto ya dije se pueden hacer grupos se puede hacer individual se pasa presencial se pasa por internet es un trabajo como cualquier otro es digno bueno solamente es eso le escribí a decir muchas gracias porque estoy viendo de que se están acercando a mí y eso me llena de satisfacción entonces ustedes que son gente sana y muy buenas personas les digo qué utilice este método siempre bien y qué pueden lograr muchas cosas buenas muchas cosas que le van a dar mucha salud mental a ustedes mismos y que pueden también dirigir sabiamente a las personas sin tener que utilizar pastillas o sin tener que utilizar métodos inadecuados cómo se viene manejando esto plantea la inclusión social entonces estamos hablando de que las personas dentro de muy poquito se van a empezar a visitar nuevamente y esto es muy importante de saberlo porque luego van a tener visitas presidenciales pero pueden hacer en mi otro libro aula network de que pueden hacer también habitaciones para atender a las personas mediante internet y bueno de la forma clásica tarotista se puede hacer cambiando solamente por el significado de los sueños y la gente sana muchas gracias. Porque a Coto una cosa que la psicología sugestiva lo que está intentando hacer es acercar la ciencia del tarot con la ciencia de la psicología la filosofía la religión y la neurociencia y otras disciplinas las cuales pueden juntarse con la sabiduría que cada profesión tiene para encauzar a las personas de forma efectiva hay que olvidarnos a veces un poco del dinero y pensar un poco más con el corazón abrir nuestras mentes y así lograr un método o métodos lo que se le ocurra a la persona para así motivar la existencia del ser mediante una claridad mental que se puede lograr en un breve lapso de tiempo y que puede tener tiempos y que puede tener una

observatorio desde el ámbito de la salud ósea los hospitales las clínicas los que se incluiría también en el deporte para el mejor desarrollo de los profesores y así de esa forma combatir y repudiar en todas sus formas la violencia y corregir a las personas para que no acosen y no sufran sobre todos los que viven en territorios más vulnerables y entonces de esa manera damos la mano la humanidad y poder visitarlos nuevamente compartir experiencias no se trata solamente de tirar las cartas y que la persona se vaya de una manera fría con todo lo que hay ahora las personas se pueden comunicar por montón de las redes pero hay que mantener también un poco el tradicionalismo para mantener las estructuras estudiadas a por muchas personas qué son catedráticos o que son sabios y esa manera poder entender qué es lo que le ocurre a esa persona y ayudarla en su máxima expresión no de una manera dura sino de una manera un poco más comprensible un poco más delicada no todas las personas están viviendo la misma experiencia en este momento no juzgar llenarnos de valores buenos entonces cuando tenemos montado en el corazón y lo único que hace falta para tener bondad en el corazón es que alguien nos digan que tenemos buen corazón entonces a partir de ahí decirle a la otra persona tienes buen corazón sembrar la semilla de la psicología sugestiva en toda la amplitud del pensamiento humano.

Nota: Los sueños pueden ser causados por parte de la televisión y la tecnología que nos rodea. Como no vamos a perseguirnos inútilmente hay que escoger horarios para realizar otras actividades y tareas que nos alienten a la superación personal y de nuestros familiares y allegados para así tener una cotidianidad más humana y llevadera. Todas las personas guardamos confidencialidades. Cada cual elije.

Aplicar la paz de escuchar

La hipnosis

Tomar nota y crear frases de apoyo.

Escribir novelas a su favor o publicidad o ideas creativas que guíen.

Llevar nombre y agenda.

Música relajante.

Trabajar con el celular (significado y notas)

Metodología online

Metodología

Puede ser semanal o mensual o anual.

Creación página Web

- 1) Nombre de la persona
- 2) Título del sueño
- 3) Descripción del sueño
- 4) Signo
- 5) Resultado del sueño más signo
- 6) Resultado sugestivo.

Nota: Es de suma importancia que el psicólogo realice tareas en sus espacios libres escribiendo buenas historias para los pacientes. Siguiendo el concepto de ficción sin nombres reales. Para así de esta forma el Tarotista puede dos cosas liberarse de la carga y contribuir con la calidad de vida espiritual de su paciente (finales felices)

Cartas de los sueños (Gentesana)

Miércoles, 16 de junio de
2021

00:43

En un mundo donde
estamos todos muy
distanciados y con mucha
soledad se me ocurrió
hacer las cartas de la gente
sana con el significado de

los sueños o sea una nueva forma de tarot que pretende hacer hábitos saludables tanto a nivel mental como físico las cartas de los sueños de la gente sana pretende que las personas se encuentran nuevamente contratistas especializados y capacitados para dicha función. Ya se sabe que este tipo de horóscopo de gente sana que solamente muestra las partes buenas está comprobado por

neurólogos de qué a las
personas no hay que darles
grandes cosas para que
puedan ver si no juguetes
casi para niños pintar casi
como niños y eso me las
personas las centra y las
vuelve mentalmente
capaces de mejorar a nivel
si mejor a nivel mental
mejora a nivel físico
entonces estás cartas de
los sueños qué están
basadas en las demás
cartas tarotistas cómo son
las cartas españolas otras

cartas tendrían que tener una capacitación diferente porque las cartas tendrían colores que incluso a las pueden bajar qué puedes hacer para empapelados pero en este caso cartas y la persona que tome una carta y que se vea significado su sueño o varias cargas según el tarotista la persona que te tiran de las cartas pero muy importante de que la persona esté capacitada como para dar su corazón

de la mejor manera para
que sus clientes sus
pacientes salga
cognitivamente bien eso es
la culminación de lo que
sería la psicología sugestiva
o sea se plantea siempre de
sugestionar bien a la
persona y que la persona
salga bien estamos
hablando de que no es
insensatez decir media
mentira es insensatez pues
a decir una gran verdad y
que sea toda mentira
entonces sí vamos a curar

las enfermedades mentales
y si vamos a beneficiar las
físicas tenemos que
practicar el hecho de que
analizar los sueños y en
esto hay muchos analistas
de sueños qué pueden
incorporar como forma de
trabajo y método de
trabajo efectivo el uso de
las cartas qué puede ser
también de uso online pero
que más bien tendría que
hacer presencial post Covid
.entonces lo que sucedería
es que las personas se

volverían a encontrar
nuevamente y se pueden
hacer sesiones grupales
también entonces la gente
pacíficamente sale de una
forma espectacular hacia
su casa con su familia y
aparte para los más
jóvenes puede ser una gran
fuente de trabajo y para
personas expertas en el
tema sería bueno de que
cambian un poco el
pensamiento de como
decía una amiga
anunciante desgracia eso

no queremos ser lo que
pretendes la psicología
subjetiva aclarar la mente
sugestionando de una
manera tal que la persona
o las personas se vayan en
caminando en caminando
con una mente Clara
entonces qué sucede
logramos una sociedad en
la cual podemos todos
convivir pacíficamente con
amor con respeto y con
dignidad por supuesto que
tiene que hacer un trabajo
remunerado nosotros no

queremos la esclavitud
tienes que hacer un trabajo
certificado hola universidad
de psicología o sea lo
puede hacer cualquiera
pero que Este certificado
me parece un poco mejor
entonces si nosotros
dirigimos a las personas
tenemos que ser muy
discretos en lo que
nosotros hacemos y lo que
nosotros decimos sigamos
a las personas a poner la
mesa 45 cartas que pueden
definir su vida no vamos a

ponerle cosas malas vamos
a ponerle cosas buenas no
la vamos a cenar de
pastillas o las vamos a
llenar de odio vamos hacer
alas de amor de libertad
para que para que se
puedan encontrar con otras
personas para que puedan
hablar con el ente mente
para que sus sueños sean
mejores entonces así de
esa forma la gente se cura y
lo puede hacer cualquiera
lo puede hacer porque acá
urólogo lo puede hacer

cualquier persona que
estoy calificada por eso
digo no entonces a lo que
voy es que yo tengo cartas
de psicología sugestiva que
sean de tarot no con cosas
raras sino con simplemente
imágenes que pueden
pintar en voz como es una
página para pintar hasta las
cartas las mandan imprimir
con el dorso del sueño
entonces se pone la carta
boca arriba los colores y
boca abajo de sueño
entonces la persona

cuando levanta la carta cuál es el sueño entonces ahí un poco entra la relación entre el paciente y la persona está leyendo el sueño en hecho cognitivos la persona no le mete va a tener sus dudas entonces va a haber que ir a la el que hacer un trabajo no muy mental sino de corazón porque la persona que quizás no esté de acuerdo con ese sueño pero porque no puede estar de acuerdo con ese sueño porque quizás la

persona se siente la
persona que necesita está
acostumbrada al sadismo a
la maldad entonces cuando
ve algo bueno piensa que
es estafa piensa que es
irracional pero no lo que
estamos haciendo es
recortar las partes malas de
la sociedad entonces
logramos sociedades
mejores y esto incluso
aparte de las cartas de los
sueños se puede hacer con
otro tipo de forma de
manera en la cual las

tradiciones estén
acostumbradas a ofrecer
por ejemplo la holística u
otras corrientes que sean
beneficiosas para la
sociedad entonces si
nosotros nos ponemos a
pensar un poco salimos a la
conclusión que según Freud
decía de que hay veces que
una palabra amable puede
valer mucho más a una
persona de todo el oro del
mundo en estos momentos
tan difíciles que estamos
viviendo unidad laboral a

nivel económico estamos
pasándola muy pero muy
tristemente mal la verdad
que estoy sin palabras
porque cada uno sabe a
qué nos estamos
enfrentando todos cadillos
entonces quizás se empieza
hacer hablar yo no trato de
imponer nada nadie yo
creo que les va a ir bien
como siempre le digo es
festivo les va a ir bien que
se sabe si es mentira ahora
sólo estoy diciendo que
vivir y nadie sabe cómo me

va a ir a mí pero por eso la
psicología sugestiva lo que
plantea que también tiene
que visitar a otros
psicólogos sugestivos para
así no perder esa cadena
que tiene entonces todos
nos acostumbramos
hablarnos bien nos
acostumbramos a tratarnos
bien nos acostumbramos a
lo que vinimos a ser a este
mundo que es a vivir no a
maltratar a los animales no
maltratar nuestro cuerpo
no maltratamos a nosotros

cada uno es libre de hacer lo que quiera a uno es libre y tiene la libertad de hacer lo que se le ocurra con este día pero sugiero que hagan cartas puedes hacer un mazo de 40 sueños de 50 sueños de 60 sueños la puedes mandar a imprimir a una imprenta o directamente la puedan hacer en la computadora fotocopiar los con papel fotográfico no pueden hacer de muchas maneras trabajando con Corel

entonces logramos la
felicidad la paz interior una
especie de acercamiento a
lo elevado por cuando
nuestro espíritu está bien
se le va y cuando celebra
nuestro espíritu se eleva el
espíritu los demás por
supuesto también que se
pueda hacer sin cartas se
pasar presencial sin cartas
de sugestionar a la gente
bien y eso es post cartas
porque las personas van a
estar a pesar de que van a
ver contrariedades con

personas ya lo vuelvo a
repetir o personas sádicas
con personas con maldad
pero son esas las personas
que hay que curar entonces
hay que dar tiempo esto no
es de un día para el otro
que la psicología sugestiva
pueda curar las
enfermedades mentales de
todo el mundo pero
paulatinamente ir
haciéndolo de forma de
que las personas no
surgieron que piensen
todas igual pero que

piensen en sus sueños que
él mundo que les tocó está
bien porque soy de pensar
de que las personas le toca
vivir lo que les toca vivir
pero la salud a veces es
muy importante entonces
trabajemos todos juntos
para lograr una humanidad
mejor. en este caso soy un
especial agradecimiento a
las autoridades que me
está leyendo un especial
agradecimiento a las
personas que están
interpretando la suegra

otro gran agradecimiento a
la neurociencia otro gran
adelanto a la iglesia que
también apoya otro muy
pero muy grande para ese
miento a las personas que
están siendo encaminadas
mediante este método y
bueno también doy gracias
a la vida por permitirme
haber podido aprender
sobre este tema cuando
estudiaba psicología y
bueno simplemente el
agradecimiento a todos no
me quiero olvidar de nadie

pero espero que puedan ir
hacia delante que se
puedan caminar que se
traduzca a otros idiomas
qué bueno que se trabaje
de esto que se viva de esto
ya dije se pueden hacer
grupos se puede hacer
individual se pasa
presenciar se pasa por
internet es un trabajo
como cualquier otro es
digno bueno solamente es
eso le escribí a decir
muchas gracias porque
estoy viendo de que se

están acercando a mí y eso
me llena de satisfacción
entonces ustedes que son
gente sana y muy buenas
personas les digo que
utilice este método
siempre bien y qué pueden
lograr muchas cosas
buenas muchas cosas que
le van a dar mucha salud
mental a ustedes mismos y
que pueden también dirigir
sabiamente a las personas
sin tener que utilizar
pastillas o sin tener que
utilizar métodos

inadecuados cómo se viene
manejando esto plantea la
inclusión social entonces
estamos hablando de que
las personas dentro de muy
poquito se van a empezar a
visitar nuevamente y esto
es muy importante de
saberlo porque luego van a
tener visitas presidenciales
pero pueden hacer en mi
otro libro aula network de
que pueden hacer también
habitaciones para atender
a las personas mediante
internet y bueno de la

forma clásica tarotista se puede hacer cambiando solamente por el significado de los sueños y la gente sana muchas gracias. Porque a Coto una cosa que la psicología sugestiva lo que está intentando hacer es acercar la ciencia del tarot con la ciencia de la psicología la filosofía la religión y la neurociencia y otras disciplinas las cuales pueden juntarse con la sabiduría que cada

profesión tiene para
encauzar a las personas de
forma efectiva hay que
olvidarnos a veces un poco
del dinero y pensar un poco
más con el corazón abrir
nuestras mentes y así
lograr un método o
métodos lo que se le ocurra
a la persona para así
motivar la existencia del ser
mediante una claridad
mental que se puede lograr
en un breve lapso de
tiempo y que puede tener
tiempos y que puede tener

una observatorio desde el
ámbito de la salud ósea los
hospitales las clínicas los
que se incluiría también en
el deporte para el mejor
desarrollo de los profesores
y así de esa forma combatir
y repudiar en todas sus
formas la violencia y
corregir a las personas para
que no acosen y no sufran
sobre todos los que viven
en territorios más
vulnerables y entonces de
esa manera damos la mano
la humanidad y poder

visitarlos nuevamente
compartir experiencias no
se trata solamente de tirar
las cartas y que la persona
se vaya de una manera fría
con todo lo que hay ahora
las personas se pueden
comunicar por montón de
las redes pero hay que
mantener también un poco
el tradicionalismo para
mantener las estructuras
estudiadas a por muchas
personas qué son
catedráticos o que son
sabios y esa manera poder

entender qué es lo que le
ocurre a esa persona y
ayudarla en su máxima
expresión no de una
manera dura sino de una
manera un poco más
comprensible un poco más
delicada no todas las
personas están viviendo la
misma experiencia en este
momento no juzgar
llenarnos de valores
buenos entonces cuando
tenemos montado en el
corazón y lo único que hace
falta para tener bondad en

el corazón es que alguien
nos digan que tenemos
buen corazón entonces a
partir de ahí decirle a la
otra persona tienes buen
corazón sembrar la semilla
de la psicología sugestiva
en toda la amplitud del
pensamiento humano.

Cautivos

05/02/2020

05:46

Es una iniciativa de proyectos hacia planes crediticios hacia el sector de personas que tengan algo en mente y no sepan llevarlo a cabo. Se trata de que todos los individuos de la sociedad logren la libertad financiera. Se trata entonces de que exista un lugar en cada barrio para presentar las propuestas con reuniones permanentes más allá de si ya tienen un negocio constituido

las charlas tienen que continuar para actualizaciones. Un mentor economista se encargará de precidir las charlas donde se hablará de negocios ideas productivas y de esa forma lograr la estabilidad de los negocios con pagos en fecha.

Cautivos será público estatal y la convocatoria puede ser por recibo de algún servicio del domicilio.

También se puede organizar un censo de desocupación. Y de esta forma hacer un llamado. Para agilizar hay que hacerlo por barrio o por comuna para que sea ágil y así brindar oportunidad a personas emprendedoras. " Cautivos" la

finalidad que debe de tener es hacer un convenio entre las grandes poblaciones y los grandes capitales para así producir y generar más. Es como hace el Municipio y la comunidad Judía para hacer negocios. Hay que acercar y buscar espacios. Igual en las Iglesias como están los anónimos. Siempre dentro del respeto y del trabajo y el aprendizaje. De esta forma las sociedades que deseen implementar este sistema se verán beneficiadas por el aumento de consumo y la promoción del trabajo real.

Pd. Opté por este modelo ya que hay gente" cautiva" que no tienen ni para el boleto y con todas las formas crediticias y de profesionales en marketing que pueden ser formados por las mismos prestamistas.

Arte y cultura Muerta pero viva.

" la verdadera eternidad"

Predio en el campo para toda gente de la cultura a nivel internacional. Donde se ofrezcan servicios fúnebres y también un sitio para espectáculos y para pasar música y que la gente visite a los artistas. Todo alegre con

servicio de parador. Un campo con flores de diversas especies para elegir. Vida nocturna con boliches. Estacionamiento vigilado. Radio que pasen a los deudos. En fin hacer un espacio en que los momentos difíciles sean amenos. Salas velatorias con invitación y servicio de catering. Donde la muerte sea una fiesta. Panteón familiar. Espectáculos en vivo pero solo a los afiliados. Se van a organizar paseos para personas que no son artistas para demostrar arte guiados en la visita tumba por tumba así el artista muestra el valor de lo que fue. En un entorno de amor y paz.

Después si quieren lo hacen con políticos. Otro con futbolistas otro con personas importantes. Otro con organizaciones. Cada cual que tenga su espacio. Para las iglesias. En fin que hacer que las personas visiten a personas que han muerto de una forma feliz.

Cajones coloridos. Coches colores. Salas de colores. Cementerio de colores.

Cada institución o banco puede hacer sus afiliados. Incluso las redes sociales.

Se puede hacer en cualquier país a nivel turístico.

Es lo que quiere la gente trascender.
Hagamos un negocio para que la gente sea póstuma. Así viven la vida.

Cifras de felicidad

30/10/2019

07:20

Página de cheques para mandar por lo que crees que vales

Se va haciendo una escalera hasta llegar a la luna

Hacer también como girus se acuerdan la maquinita.

Es para redes sociales o crear una nueva.

Se trata de hacer cheques con diferentes valores para regalar "

considero que esto es lo que vales"
Los cheques ficticios pretenden que
los que discutan en las redes lo
hagan de esta nueva moda. Como
cuando empezó con el compartir
mate. Pero la cifra de la felicidad es
acumulable y va haciendo puntos. Se
trata de que los cheques tengan los
planetas desde pluton pasando por
todos hasta la tierra. Así se estiman
los valores. Puede ser para juegos de
tv también.

The New Fight

The new fight

It does not exist thing that do feeble to
a man that the do the good.

All coolness does to shiver.

When they abuse I think that they shout it very strong to listen you them they same; it has to to be a disorder of sordera.

The safe people have the privilege of not expecting.

To the that does not offer commands it to him.

We can love to all the mankind but can not do that the other love to the world.

A dangerous lie is a big line in the head.

The accidents are by intuitions between human beings; there is difference between the moments and all that's why it happens everything in difference. The reactions can contain therefore they can avoid the accidents if all use the self-supervision.

The words in front of a woman can more than the own will.

Asevera And will achieve.

Shower in your nape no exaspera

The best fellow is the one who does
you spaces.

The life measured by the ticket is an
error of the human being.

It would like me avenge me by all the
bad that did me but happens me when
I remember the love that first gave.

You expect me to hurt me as your
punishment is to expect.

The one who goes out of the way
remains on foot.

I have confidence in the life as I am life.

The worst humiliation is to degrade to
the other.

I am attending an enormous problem;
the solitude.

Between crazy does not exist madness.

To the that annoying without reason,
finishes him the Very sublime pardon is
to find the peace in the aggressive.

It does not be necessary to do so much
problem as the problems come alone.

No subjects to those who do not want

Pay them to your children by the effort

If even being badly can speak well are responsible.

The vices are stubborn.

When you feel bronca transform it in power of confidence in you same.

Master in the sunlight to think and the night to dream the thought.

When the reason of life sees trabado by the human negligence it is necessary to bear and learn; because if we do not give us against everything.

To the friends no shows them power on them because of here is born all betrayal.

When the heart almost can not is moment to find was other reasons.

It is undoubted that the forms of recording go changing and each one goes him giving form according to the program that have. In this case I want to speak of Indaba music, a place in where by means of internet joint a montón

Of musicians that compete in the most diverse musical styles putting his own style. They register in the page afterwards go to access to download a quantity of tracks that will have to paginate to his taste. The page offers money and can open debates in forums and there is vote. Claro that each one has a space to go up the music with master. It can be maztr on-line the place to give him the touch final masterizado. The page is in Groins and

it is necessary to read well the privacy policies, for

example the works that do here can not it spread if it is not through the link

Proportionate. It is necessary to do music all the days, learn, work, compete and if it can make money is better. For which do not have program of audio advise them the Audacity that is free and will serve them. There are musicians from everywhere of the world by what is well do new friends. So if you want to be engineer of sound Indaba music is one of the best options. It is like a free academy although there is service Premium and a lot of surprises more than will go discovering.

Men

The man

What learnt of the feminist movement is that luck to be man that have.

A man has to of enfrentar the death before being humiliated.

A true man does not degrade to other men.

A man if it gives and does not receive at all in return does more man.

A man does not need mental help of other men.

A good man does not accept punishments.

The man of well does not promote falsities

The man that no greed is the respected.

A big man is for an alone woman.

The man of honour does not suffer
badly of loves

A true man no greed women.

A wise man always will teach for the
good.

The honest men are the manjar of the
women knew.

A sensitive man will be sensitive
sexually.

A true man when making love think
more in the enjoy of the woman.

A man for real never leaves a woman
desamparada.

A man of honour offers always
friendship.

The men truly viriles are peaceful.

A man with the feet in the earth does
not have them for pisotear.

A correct man always will give rozones.

A respectful man does not litigate,
gives spaces.

The rare wise men time enojan.

The noisy men are kind more the
beautiful men are cavalier.

When a true man feels despised can
retreat so much that it can be
inalcanzable.

To break him the heart to a man can be
born big works or big destructions.

In front of a woman to a good man only
scares him say the first words.

A strong man never doubts in saying
love you.

The man that wishes to be free wishes
that the others men are free.

The only that pretends a man of
honour is not being betrayed.

A man for real accepted you was cual
was your ideals more the false man
accepted you if it can negotiate your
ideals.

The wise man already was proud that's
why it loves the simple.

An original man does queens.

A man that gives you a flower will do
you live in the beautiful.

Despise to a man is to despise you to
you same.

The man that promises fidelity
promises happiness.

The poor types that difaman have not
forgotten like being big types.

The men that do not take advantage
take strengths.

I think that it is necessary to laugh less and value what nature gives without feeling shame to live and was woman or man the one who does to live wants to say that we are human.

It is important that the man treat well to the woman...

Remember women that his children will be able to be men.

We keep the species.

Chicharacheros

The chicharate

05/02/2018

The idea is to look for in the population half fun spaces of by half the television makes it possible with the entertainment, the esparcimiento the good spirit and win them to renew. It

looks for the social inclusion without mattering race, religion, sex, age neither social circle. A program that reward to the chicharatero to the people that are for forward and with good humour. That is to say chicharache if you are not well puts you of good humour by means of prizes like trips or exits of your house so that you know the city and put you of good humour. The chicharate will be composed of sicológico, social assistants, people of sciences of the communication like being journalists. It is to break with the diagram of the boredom with editorials for comics where can interactuar with the public. A live program that show really to the people generating a better quality of life. The chicharate that wants to say the tea put cheerful supports the social inclusion. That is to say begin a program of participation as it will serve

them of example to others in the future. It is to do

An alliance with the people excluded and the one who has win to include to have sponsors that is very important. Boost the education and the healthy education the feeding and the sport. All this so that it was reality the

Format has to to be transparent and the most important the be conscious of the needs of the youngsters. Can do with mobile out of study, a recital in a stadium, or any another pertinent event. It looks for eradicate the violence in every aspect looking for the comicidad and the entretenimiento always giving priority to the help of the people that need are rich or poor. Promote the good feeding because we want a country chicharachero without broncas and happy. That is the purpose of the program that the protagonists

are the public. A program so that they do couples so that they give like example straight habits to create a better society. For this chicharacheros or those that put you happy has to to be also a program that support and spread the laws especially the last approved.

Chicharacheros Will do before each program a round table with the professionals indicated and afterwards to have the guion will take action like something necessary pertinent.

The chicharate proposes first the culture without exclusion of demonstration in determinate lapse of time by program. They will do contests will do payments to each one

Of the people actuantes quoted. The collection will be to charge of the channel like this also like the payments

to which by means of a strong source of images facilitate the creativity the security and the entertainment like the alternative work. Using to all the actors that want to include like headlines with unipersonal and acting under premiación.

A fast parody of the become of the country transformed in a necessary reference to boost the public order and the citizen communication. It is to look for him to the people the fun side. In all of his forms and pertinent modifications of the same. It is so that they avenge productive generations to attain an inclusion which is sued by the modern growth. Teach jobs give conferences. Something like cambiante to measure of the newspaper become so that the televidente relax a bit in the field of the tolerance. Give information of events in the interior of the country.

Welfare and health attending to the demands. An email with a telephone for which want to be partícipes attending

Seriously and taking into account the needs. It can be a grabadora of queries. The casting will be headed to the population in general being this renewable according to the exigencias of market.

The greetings to the people are very important, give quotations to the village to the televidente appoint it by means of SMS.

The cost is as far as earn the professional team more the expenses of the channel less the one who favours more the SMS Less the prizes more contributions and expenses.

It takes out the budget.

It will do especially a follow-up of all the cultural activities and will be televised in a flash informative. Like this they are complete 120 minutes of program. By means of letter of the director can write to achieve sponsors of the best agencies. Now only it subtracts the realisation.

I do not give him answers to the silence by more than speak me or appear in the imagined.

It is necessary to have governments so much as well as villages incluyentes in where the effort was the key of the dignity.

They can put it likes me by suitability or amiguismo or casualidad that's why it fails the marketing.

Relations

11/01/2018

It was here then when I felt me only that I could reflexionar about the

because it was in this situation since the people that surrounded me was in company. The neighbours that have something in common how be daughters relate better. The neighbours that work in things seemed also relate . Those that have subject in common and those that have to debate. My solitude is the not belonging to something alike and this increases between the people that is alone for purchasing more knowledge. It does not treat that they do not comprise you simply the work to comprise is in the solitary people. It thought that they excluded me and I thought reiterated times the subject until it can carry it to the light of the reality. All absolutely all the people wish to know still inside the institutions, public spaces. There are ways to speak there are keys that say us if relate or no. This happens in the

love. It is as if in front of us when it puts us a person plants us a mirror for each one in which we see in that situation go us to inmiscuir. In the case of the people that say to have disorders sees directly and of a pantallazo the intentions of the another therefore it is the suffering. See the truth. In the reality the people go

Changing constantly but change because it exists people in the fiction even they. Generally the crazy feels excluded by the solitude that touches him live. No like this the troops. They give the wars because there is a relation of the another part. Therefore the human being needs a lot to satiate because there are a lot of relations and is in this point where goes in the envy. That if we appease it all and contain us to the attacks little by little the serenity goes doing. I go back to the subject of

the increasing solitude and to measure of the years still more grow because before the social relations were on holiday and now are working very duramente by a better mankind but desatan the bonds do more certainties and the people that seem to be all together are in the at all. All the days erases the brain and follows absolutely in the at all. We are alone. It is so we relate us sometimes without seeing the mirror of the another person. What sounds dangerous. By this cause choose to be solos. And when relating us with us same awards to the wicked the peace that is used like a powerful instrument because it breaks the peace removes him relation to the same happiness. Therefore it is necessary to open to the bonds. Anybody wants to do you

At all. That is to say if they had people with absolute sociabilidad is logical that there would be solitude. That is the relation that it is necessary to do.

The answer is: All what do was well or

generate. Until the loveliest piece and
the most benign essence will be
questioned and criticised because the
creativity is a reaction that generates
envy of parallel form receives the
attack of the that condemns you by
destructive envy. I have made a
mistake when saying, have made a

mistake when doing, in the research loses the life, the friends. It is to play with fire pretend crown, pretend the promised, is incomprehensible, was all deception. Of here it is that they are born they inherit and they give the emotions and all the types of

Human feelings. Proof if you want to, although I do not recommend. More need of your affections but no less precious by a few false by the one who wants you. It will do for all take if we go back to this island .It brakes the impulses looks for couple make love and; That anybody do more at all after his educations, this will be then the peace. A despair and work on the anxiety of

sometimes it is better to leave waters

So that it disappear the misfortune has to to disappear the public information.

It seems me ridiculous that a country with foreign intervention the village agree in assuming his culture and regret at the same time in another language. The people gives account but seems them something that is not significant when in reality it is promoting the hate to the art and to the artists of his country. The tastes do to the repetition mediática of the beauty but also sometimes inculca the art in the competitive, so much in the products publicitados as in creating people models that will be the prototype of a false culture what will bring quiet voices and intervencionismo until the total

conquest and the forget and the
marginalisation that promote the
revolutions

Industrial. In this social anxiety can not
share the bread of each day with any
one. The accounts arrive to all and do
not distinguish, osseous the work does
not give if it wants to remain well in his
cimientos. There is a lot of people that
struggle by causes and others that live
recopilando information to sell articles
that the people needs. It is simple if it
turns off the light there is not
consumption. We are not treacherous
of so many badly spent people by the
mankind by which there is not respect
of part of the multi national that are
fed with the tale to the villages of the
globalisation. That in reality it is the big
blindness of the social networks that
are not more than basurales tildados of
distinguished where full of useless flies

that do not find at all productive more without knowing that this calentura of head to the that expose is a draft by heart with eternal promises that will finish in a big sequela of perdición capitalist. Where the people believes anything where bears anything where loses the sense of all being handled by a big destructive system. Where reigns paradoxically the enmity the envy the game the promotion of the illusions to play to win to lose where people that is hungry go through rich where does the vice. Where did that it lost the sociabilidad by the very own. Where all are joined but separate. Where loses the legal sense of each country. Where there is persecution, insecurity, bad deals and

Anybody can say the truth. As I already said big basurales of internet. Where the hypocrisy reigns spreading personal

information of the people and his tastes, the plagiarism, the empty pleasure. And the hope that that never arrives and if it does not arrive competes pointlessly final consequence that likes the eye of the good trader.

It is more they are so unsure the social networks that look for a name any one and obtain photos data of residences telephones tastes and without registering me. It slept the world.

All this to keep a credibility like principle like this keeps the governments, his economies, the public opinion and if it protests is the inquisition. I go it to keep here until enturbie.

And afterwards I read a newspaper and seems all the society conmocionada and seems me that it is by the fact that it debates too much the things that

have to speak the understood, the people is putting in everything and all against all gives fear feel the feeling of calentura and of importance of the villages. The politicians do the same see for where goes the market. Sometimes the cold mind can be your best mate and sack me saying. "The poets trace his way by where now and always have transitado the women".

It is not my committed struggle against an army of abnormal.

But that difficult of does.

And it remembers if to your son or an innocent the for any one in the street or where was do not forget to give him a password "pajarito blue" is mine. It takes care to yours with yours private.

It tests to speak with something that
does not speak; this is madness.

One can miss a time no like this all the
life.

By what do you cry also therefore you
will be happy.

The music in his natural state does not
record .

To where looks the mother the son
sees the job.

Calm to the world struggle to calm,
honour

Want to your family want to to the vice
no like this to the noise and will want
to your family and no to the vice.

The love is water that runs clear and
never darkens.

Forgive if it is necessary to forgive the
another person perhaps was dying by
your mercy.

It is more gentle the one who gives me
life than any president.

The philosophy can not treat the
adolescence a philosopher is half
forgotten of the happiness.

Less you transact more employment,
more formalities more employment.

The money is the leaf of the ant
that does his food.

I do not wish to know it all is what
interests me a lot of what think you.

The not asking is the privilege of not
being punished.

It works a lot and remove you the
anxiety.

The people that sinks is because it
wants to sink accompanied.

A puntada of pain in my peel and go
out words more the numbers seem
peace.

I leave to overlook a lot of things no by
well is that I can not write so fast
esquivando the eleven varas.

I insist it would be more human to
receive answers.

The one who does not go in to the
vejez dies before; beautiful...

The one who postpones is the one who
hurts.

It is necessary to distract if the another
person agrees but annoying.

The blind whim until the eyes of the
wisest.

It does not require what does not wish
in the soul.

That day is today?

A prank...

I expect that they have liked them my

You look upwards

You do not tire you

You encourage you

You do you illusions

You create in the power

It likes you the lie

You create you with rights

Never you would look

Downwards

As you want to be

Strolling you

On the extraneous head

Like an upper

A Judge To be more

Today I leave you the stair So that you
go up without esmero That that you
entorpece

In your perfect system Of the fear

Of the horror Of the scare That to
command To hurt To remain very
Tramposo in your cheat Like all human
being That laughs of shame Looking
downwards How artist in stage
Apropiándose of the public Of your
very enclosed fist

Where broke plants

And empuñaste tickets

Sacrificing time

Doing the anxiety

Your business of pressure
Vindictive and superficial
To the that anybody conscious
It sees different
That slanders and difama
Where d the daga
Which will be the fear of today?
Who will win
Crossing the need
The hate
Of up downwards
Your look
Owner of animals
That saw down
You abandoned

You called cowardly
Expecting you the orca
Of the verduga. Nature
It goes up the stairs
But look I have left you
A stair
So that you see it movediza
In your prides
In your posters of sales
In your ambition
Like this they happen dead dogs
Beside all the rubbish
His perlas to see misfortunes
I leave you the stair
So that you see the difficult

To keep right
In the movedizo
Of your deceptions
Of your inheritance of betrayers
Corrupt
Where forbid the joy
So that it sell the stray
Because brothers never will be
Because we know us
Owners of the suffering
I leave them the stair
So that they go up faster
Without looking to the fellow
That there is below
And they arrive so high

So that they speak

But with the birds

The work to fly

And collect the food below

Today I do not contribute gentlemen

That of my there is not trace

Movedizo Remains his dish

So that it command to the forget

The humiliation that causes

Feel pendejo guilty

Idiot and server

Of the stairs by

Where runs so much blood.

Because the worst of the poor

jacta cobardemente

In wanting to frustrate to the other

Where was a type respected

In the hospitals

By women that give everything

When one is forgotten

They fit my friends in recuerdos

More want to hurt me

It will know to repair the pain

In the arms of the security

And the deception.

That sometimes it allows me

See me bad in front of the goodness

Discriminativo

I judge

Without being anybody

Without food

With the pardon

Of which know that they forgive

With a diva in the thirst

In the easy of the betrayal

In the realm

In the mercy

In the empty

I judge bad

Pretending

The worst

The bad cábala

The bad that apodera

The lights that of turn off

In the reigning poverty

Súbdita Of tyrants

To the feet of the beautiful

Escaping of the tyrant

Acting of the bad deal

Of the envy

Of the good-looking girls

Good

Say of good position

Asechando After a wall

Impenetrable

Surprising

Tartamudo

Incoherent solitude.

If it did not go man

It would not look for you woman

It has finished the day

The stairs follows movediza

Where will fall I old

On of you

When no

You find relief

To your suffering

No longer you will scare you

To believe you what are not

Causing my invisibilidad

Sure

My suffer in front of you

It will raise you self-esteem

Desconociendo My love

That that lost

The one who laughs dying

The one who saves you.

The stairs this movediza

Today you have not hurt

Without the pleasure of your voices

Neither your eternal pain

That calls to defenceless

Innocent

What are not pure

New of the root

That it is necessary esquivar

Owners of the ivory

Sangrado Of cowards

Society badly intentional

Without idea

Without scruples

Always stealing him

To the village

The dignity

To put in high his name

Afanando To the dead persons

Desvirtuando

Doing see the turned off

Like this it shuts to the luminous

In this there is not pardon

There are some stairs

That you will not be able to go up

No because it was movediza

But because

You have destroyed it you.

Because it wanted to be your fellow

No like this the punishment

Of my defences

Of the stray time

Of your attacks

Of your bad humour

Without answers

Without representation

On the way of the life

But already you look upwards

There will be company?

To the invisible world

Dominated

Imprisoned

No materialist

And without love

Cabera So much

In so much

Of what are

And we could not be.

I leave them the stairs movediza

This what sangra

So that they see in the high

What here below there is

If I can I will forgive you

When you leave of presionar

My cienes

My head

My body and tofo my pain

Perhaps in your last day

You are I save.

Or you mugrientia

Of the slime of the war

You question me

It drinks abandoned

In the noise

In the tumult

Believing intelligent the bad

Finished tales

With dreams of torture

In the bad of Alzheimer.

Therefore it is better that respect

And you know where are stopped

That there are souls that believe save

In a world give balanced

Have mercy of your old
I have it tries to be concentrated
In you distraction
To see to the stray
Of your ambition
To see to all hurt
Without more answer
What the bark
Of a dog by the nights
Without being able to stroke
Without being able to
Without at all
To give you account have come
In the stairs
That each one touches

Touch his own his movediza stairs.

And they will forget you

As to all sicario of the bad.

Because the against

It does not leave marry the head

It is not stupid

It does not fear

It does not embarrass you

It strokes it is subtle

But of more extrañar

Your kisses

Odd can save you

With the shine of my eyes.

Those that struck

That they did not matter you

Abandon them in the at all

Remache

Of your guffaw

Illness that offered

To the stupid dominant.

Things that compared

In the unforgivable

In the hates

Of all woman that loves

And it betrays like art

No like these naïve muses

Today I step to the side

So that cheerful by a day

What have loved you

Tomorrow in other arms

I will shatter your heart

And if you want me more cowardly

Your heart

That fences in

Stupid and without reason

It will know that do the alpha

In his gentile efforts

Of lover

As much as of master

Abandoned to a be wanted

You do not boast

It was so strong the pain

What at all

Neither incada of knees

I want at all with you.

They are not children rameraas

What kill the prestige

Of his family

His wanted to

His friends.

Of the losers of the vegas

Playing with our heart

Of the novices

That they do not understand

That attack

That discriminate to the whites

That do noise

Those are

Those that look for up

Those that see from up

Never they will be your friends

It looks downwards and you will be

A person that seems

Look the horizon.

It would wish

It would wish to be respected

It would wish not having fear

It would wish a world in peace

It would wish to the happy mankind

It would wish to have friends

It would wish distinctions

It would wish to be a súper hero

It would wish to be the best man

It would wish not being sensitive

It would wish not dying

It would wish to have mental powers

It would wish to be more than you

It would wish to win always

It would wish to have good dreams

It would wish that they fulfil the laws

It would wish that anybody pester me

It would wish all what wish you

It would wish big things of the life

It would wish not having to encourage

It would wish to dominate with my
reason

It would wish to be invisible

It would wish not having to work

It would wish not suffering madnesses

Anyway it would wish so many
impossible things,

Only for suffering the fault that carry

And wish still further of all my private

And they are all my wishes by the
simple fact to leave to be, a bad son. If

And you that is what would wish?

Or it was the what happens him to a man espiritualmente do what do goes him to be followed happening and do what do a woman the spiritual difference goes him to be followed happening. That is the difference. There is exist and existed questions that only the women can know and answer. And there are questions that only the men can answer. We say then that the spirituality between both is of different species. For saying it somehow.

The feminine and the masculine of any living being is the complement of another alike species for his reproduction.

It will be casualidad, or acaso fear me,

It does not exist a logical foundation.

But acaso compare me with
something?

I know that perhaps it do not like you.

But you confuse it in your hymn?

Tyrants shiver?

Or perhaps you are badly informed.

I say, on the said of my person.

You have given you account of the high
price?

It is, what if you want to feel fear of
me.

Seat it, until you are prey of....

The unfounded.

You want to the life?

Master to your God.

Master to your leader.

Master to your family.

Master finally what want to love.

Acaso Have removed you the freedom?

Or I am the candela of the reflection.

Of a society subjected to the fear?

Perhaps you are you little amicable.

No you have questioned it to you?

In which book wrote ?

That the types like me are bad?

Acaso Have a mastery in the life?

Or you judge by instinct,

That of the animal furtivo,

That loses the prey.

The life will not be short?

You pretend that it happen it
explaining?

Reason no question it to you you?

You follow me confusing,

With that? With who?

You seat the danger of the truth,

It ensures you that you would not go
through my place, The fast forget,

The culo of the world that shivers,

Payasadas What do you happy.

You exclude me, you exclude the
pleasure.

And that know you of my wishes.

They have you apoderado the

Those that shake and those that are,
Under the feet jealousies?

While your remember entrometido,
Go you already with the excellent.

You do not see me.

You do not touch me.

You do not love me,

Which damage have done you?

That you have not done you you same?

And encourage you for being better
person.

Because to me,

You know me?

Noise

When the noise us apodera,

Carrying the peace of the surroundings

As grumpy entrometido

From outside it goes in,

Without compassion

All callan and expect,

That it happen the tremor in the head.

And you do noise?

Pester?

You leave to rest?

Or only you look by your suitability?

They do not bear more your cries.

Your llanto of silly boy.

Until when?

Acaso Are deaf society?

Or you are dumb?

But the noise of the whisper,

Afterwards it does you estragos,

It leaves you motionless,

Scared?

Anybody can remedy it?

Or it will be that it does not want ...

Remedy the bad,

Finish with this madness,

Of high decibel,
Of the bajeza?
Of the poverty
Attacked by the promotion,
A half that explodes,
The anxieties that burn...
And at the end it finishes heroic,
The accounts that pays.
In the wage of the rich.
And the good rich detest it,
They suffer it, they suffer it,
Insults, dirty mouths?
Ignorance?
Little common sense perhaps?
Venganzas Of the past,

Wounds of the past?

Tastes?

When it begins the llanto of the poor

Social fight?

A half unappealable?

Anarchic?

Waters

24/06/2017

All go where the water begins to litter,

You, that water are?

More crystalline do not achieve,

Establish your intentions

It will be the experience of the fish....

In deep waters?

Where finds food,

Or the salvation of the fishermen,

That know that I am in the mar.

But other experiences marvel,

With the light of a farol...

The need, will be perhaps,

Your next message?

And they fly the birds enceguecidos.

By the storm...

Clear water?

Or as it mention ,

In the meetings of the death?

It will be that we do not prevent,

The bitterness of some events?

And perhaps it was this what does me,
Be root,
Taking of the manantial,
Then you you embelleces
There in the high
Where it does not protest ,
Without the trinar of the birds,
By the mornings could not live.
It is this a form to live?
Or the subtle melancolía of the heat?
Simpleza Of the sun, heroic the moon.
Or it is the subtle price of the copper?
Impulse of the aridez of the hambre.
And if I attain to cure my annoyances,
No longer I will be able to sanar my
wounds,

And then when finally,
You arrive to my banks,
Regrettable for you will be,
Find me in muddy waters,
Because if finally you attain,
Find me in clear waters,
I am sure that,
No longer there will be time.

Learn to do it with one same,
Before looking for answers,
In the opposite is the question

In you same is the answer.

You think that you are less for having less?

You have you to you same for everything.

Like you to you same,

There is not sabiduría external,

Medítate, do not believe in the conventional,

You know that sometimes the things are the other way around?

It nourishes your profession,

It learns to achieve. You are the star.

There are a lot of beautiful things in the vidrieras.

Amalas If you wish.

Put your shoulder in me if you wish.

Everything for the at all.

Alley.

You have given you account of the

You nourish your heart with the truth?

Or you need of something that
complete you.

To be complete. As they command.

Those that take care you.

Alley.

I have gone out to see you imagined

I think that you think in me.

The power of the imagination

It does a time want to write of this exciting subject that is the power of our imagination. When I compose inconscientemente long things, thoughts, vivencias to the space, afterwards give him form and melody and transmit it in a musical work. But the power of the

Imagination is so strong that each person give him the character, the importance, the importance and the truth that this carries. If it is then possible to compose in the imagination where find to where want to go, the love and the suitability. You do not need mentir because in the imagination the lies do not exist. Only for one same and is healthy. Small discovery mine. When you say him something to

somebody the success is ensured of something bad. I have given me account that have accumulated in my life an endless of vivencias, of emotions, even negative that when I put them to work in my imagination projecting them to a person or a place is really a composition of life. What attained doing a song today attain it only with my free association of ideas. The person that have in front does not give account that what say him is product of our imagination and takes it like true and is here where happen to a mental level higher. That is to say instead of taking venganza by past things take the imagination give him a positive sense and change the world, our world. Even it serves to explain without sarcasm to people that do not understand us. If we put us to think live in a world where all is image, everything and imagination and that

magnificent that have the word to be
listened, be free to express us, of
transitar the world only in the
nomenclature of what is badly in our
interior change it to profit

Ours. It does not treat of sex, neither of
mentir, those are reasonable things. It
treats of the world of the imagination.
Dare to be happy. It changes the
pessimism by the optimism and finds
what look for without instruments
neither medicines. Only you same. This
involves to accept what say you the
other, but also if you give him the
artistic form goes you to remain better
rooted the thoughts that give him form
to your surroundings and to you also.

The imagination of a possible world
begins for imagining your world. I
reiterate no imagination of sex. If of
what wishes to have. And take you out
of the mind that go to do badly to

somebody with what say. The mantra is to free the space to fill it are new things. There is too much for all in this world. Fix you put them and walks with your adviser. The imagination.

The building of the music today

The building consists of four flats.

The sub soil is the room of essay. Of where has to go out the prime matter.

Afterwards the first flat that is the recording studio. Here they do the recordings that tested with good level of sound.

Afterwards it is the third flat that is the radio. Here it happens the material so that the people listen it.

Afterwards it is the fourth flat that is the audiovisual, or was the clip of the video produced.

Afterwards it touches live and does
marketing in the social networks.

The one who invest in music already
knows how arrive to the true success.

Be amicable

Never you separate you of the one who
wants you,

Search always the one who wants you,

You do not ignore to your pairs,

Allow you be amicable,

As first right

The one who appreciates you,

It will not be guilty,

It allows to be amicable,

With your relatives with your
neighbours,

They want to be amicable with you,

You do not complain of the truth,
More follows the course of the life,
More take into account that the
amicable,
It does not involve sex at all,
\\Amicable. Because the one who is not
amicable,
It begins alone and finishes only,
All laugh of him.
Never it will be able to be the one who
want
More agree you of the love,
You do not abuse,
You do not rush
You do not think badly if you can think
well.

And never you renounce to the one
who showed,

Want to you for real.

It is worthwhile this person,

And if it is worthwhile a person,

It is worthwhile your life...

The integration

The subject of the integration is a
subject a so much difficult. I think that
those that have been somehow give
integrated know very well and know
who is integrated or no. I think that it is
a subject of freedoms, integrate me
with such person with such and cual
thing and only me incumbe to me and
no to your jealousies. Although also
you give it integration is a business. To
compose by

Example it is necessary give to
integrate. Now I am you give
integrated. Paradoxically looking for in
a sense that understand that I look for
the integration. It is a business because
it is necessary to separate to arm a
diagram of work. Therefore by more
alone that are can integrate us with
somebody or with something and from
here open the real roads of
communication with the rest. You give
it integration for some can be the
integration for others. Only to
understand it suffices with looking to
our around and see that we are give
integrated with the all and that
integrate us according to our wills,
hopes and utopias. And it is well we are
free. I think that the problem roots
when we are repressed to integrate us
to such group or such person or such
thing by the mere fact of the

contrariedades and the jealousies that find in the

Fan of this all that surrounds us. And the elections that do not always are seen in his whole. I think that in these cases that do not leave us take our properties has to be explained from a repetitive point of view until it understand . Perhaps the rid us to look for frenetically that something do us leave open spaces so that they integrate us . Any treatment that give integrate attains again integrate. To the people it is necessary to take care them are more fragile of what look. Until the more rudo and strong wants peace, harmony and love. Therefore it is that the music loves, cure, and amuses. Also it integrates us. But especially if in this moment are give integrated, there is a montón of things to which can access if you decide to go down these absurd

barriers that sometimes have all.
Integrate to be happy, integrate for the
freedom. Step by step. . , that when we
want to integrate us do not pester at
all. The another person is expecting by
you. And if you give you they integrate
search another group of friends. I
learnt that it is necessary to be always
attentive to the subject of the
integration, especially because it is
where present the opportunities. It was
cual was the institution that allow it. In
this present moment can you give to
integrate also because it is your
election. Sleep for example give
integrate but can not us separate of the
integration with our dreams. You take a
rest integrate you with tigo same. It can
carry anus. It is better to be sociable
and

Live the life of form no so analytical,
more with the heart, integrating you all

the time with the maximum that can, with what surrounds you and do you well, without fears and with hopes of a better future for you same and for the society. Integrate you in spite of the memory roída and of which put you give it integration, already anybody will say you more at all. Integrate you to what want to with freedom. With the clean mind and to forward in spite of what you create your difficulties if you assume them will help you, laugh you of you same, do without sense things, amuse you more. It results always good in the films the one who integrates better. By something will be that it triumphs always the one who is more in action. The one who does and does not complain, the one who says the truth, the one who offers . Only it thinks that you are a be of the universe with right and freedom to integrate you in freedom. Anybody has to put you by

in front a poster of Stop. But if you like it integrates the cartelito.

Tranquility

Tranquility

It is necessary to take it everything with tranquility. Many times the external phenomena do us lose the patience, the comments, the lie. All this us incomoda the not being informed and of this form is born the worst the

Prejudice. It is necessary then to part to realise the take the external phenomena like what are external phenomena. Do a channel between the prejudice and the tranquility. Not doing case a lot to the information that arrives us made a mistake or in far voices that prejudice us. That is to say do reactions of tranquility. If you can do reactions of ire can do reactions of tranquility. The subject is that

sometimes the education that carry is not the correct and this puts us in ire. But if we recognise that we can make a mistake with the other people it is necessary to do reactions of tranquility. Sometimes it can happen that we think wrongly that the another goes us to attack and is not like this, perhaps in us was the whim and the other people if it is that we feel us separated is by a problem that when we have familiar or fellow they to the equal that we wish that we are well to carry us better in the soul. So it is not so complicated to put us in grace and allow us be happy. When it appears a corporal pain somatizado especially in the mind there is

That do a channel quickly between the prejudice and the tranquility, is here where forgives and play it cool all the tenciones own and of the environment

in that we live. This is not a recipe of happiness to me brought me a lot of health the assume that the people reacts in the ninety percent of the cases linking the prejudice with the tranquility. I gave me account that the one who walked badly was I in this sense. Like this

That I gave him the turn to think of a more coherent form. Sometimes it is us very difficult go out of estéreo types of ire, of betrayal. The river goes to the mar. The river is the prejudice and the sea is the tranquility. So we help to that when somatizamos do it well, can not ask and ask him to the world without that the world react. For example to the rich happens them that it is missing them time and to the poor him sobra. There are things also that they do us shiver, the unseen, the lie. But we do not have súper powers as to fix the

world only can contribute with our granite of sand so that the mankind evolve. To be able to follow living in this wonderful world. The external phenomena to agreed to react them in tranquility. With peace in our mind. If you are injured do not touch you the wound so that it cure. And it is more the way that transitas is the correct. It will arrive the day that finish the anxiety of on going out and here will give you account that this prejudice it is necessary to carry it to the tranquility that there is spare space to save what wish. Like this you are treated of anything, have to be always calm. I wish you waters very clear.

The spiritual destruction

It does time that want to tackle this subject and do it today since I arrived to my conclusions in front of the subject. The spiritual destruction in the

network goes through the wrong transfer between networks. That is to say in a house one is in Facebook and another in google more and this collapses. For saying it somehow the phenomenon of transfer creates neurosis. That is to say in psychology when the patient and the terapeuta are connected calls transfer. But in these times that run the transfer and the imagination go further sometimes of what one can bear. Then it breaks the spirit and when this sucede raisin to the anxiety to do new

things. Things that do not remain in the at all anybody whole. Only this neurosis as if

We were stopped in front of heads that transmit and we also transmit. The subject solves using less social networks. We can not put the material with an obsessive ego of spirituality.

The transfer in therapy when it gives is when the patient is ill and already at all is necessary to do and cuts the therapy. I insist that it is necessary to go back to the values of does some years and convert of all this an entertainment, a pelotudez but no of this do our life. The world is very big invite you to that you see photos of tip cana. It is to is not to put nervous neither at all already are accustomed to the radiation that has his positive side in being able to connect us with those who want. The negative side is to shut in any bolazo that largan and

Like this they remove you your time and your money. Those that recently are born in this world have incorporated this destructive spirit which could be very hurtful if it is that they have a crisis. Reflexionemos, if it destroys the spirit begins the bad the

discussions the intolerance and the delinquency. Of us it goes to be the responsibility that those that come can understand the world in that we live.

There is a lot of thing and there are people that benefits and there are people that suffers. And the lives run the danger to be prisoners of a system that on the one hand fills you of freedom against another that fills you of hambre. And in if all conviviendo. I go back to insist there are three stages in the creation. This the outline that is what think badly first. Afterwards it is the form that is when we doubt to express it in such a way and afterwards is the success for having tested with something productive between hands.

But lamentably we go to suffer a wave of spiritual destruction.

The educational reform that would do is that when it speaks with a person has

to to leave all machine by means of. By
law.

The wishes of the soul

The wishes of soul are without thinking

They are all these things that go in to
our life

Connected between himself the wish
will arrive.

Anybody can be the anunciante

It is necessary to realise other dreams
to leave spaces

The wishes of the soul are constant
treasures

It is where the writer and the inventor
live

Today it is the day to open the doors

Sometimes the wishes of the other
more fun sound But are the wishes of
the soul no of thought.

The will of the all will do the
destination,

It depends of you take it or leave it

You have done a lot but others also,

And in this world where all ask more

It is necessary to leave go in what
belongs

Or it wants to belong to our lives

I reiterate they are the wishes of the
soul,

No like this of the thoughts.

They are those that wrap the nature,

Those that give us constant surprises,

The wishes of the soul do not fail,

The thought wishes, as that wish well
Go to know to who goes him to touch
the luck, that's why it is necessary to
act with the good.

You will find a lot of obstacles before
the aim, but what voucher is the will,
And in this strength it is necessary to
know

That in all place will live

While you are alive it is necessary to
accept,

The bad sometimes is well, without
prejudices,

Acaso Think that take me the
annoyance...

Only by me,...

The wishes of my soul.

Separate you

Separate you of everything

What do not contribute you at all

Encourage you for living your reality

You do not believe in promises

enfrenta Your desiciones

It leaves backwards all time lived

It explains tales of wealth

Proof until asegarate

enfrenta To the death

Like the betrayals

Your worst enemies.

It treats to learn not expecting

Generous and good

But put conditions

On the way of the love

It can be the poverty
Do what like you
And it lives of this
Never you buy I appreciate
A beautiful world expects you
I wish you the truth
It trusts you same
In spite of which command
You do not sacrifice at all
That it did not be
Drive you to the material
Without dependencies
And separate you of what no
It contribute you at all.
It remembers.

The big magicians do that the trick is to
do that you give you account of his
tricks. That innocent seem.

What higher the volume, higher the
injustice, but high the decibel of the
poverty.

It is difficult to understand but there is
winning that always lose.

I fill you of penalty and I fill me of
money.

No all run with the luck others run with
alcohol.

Luckily, all what does not understand is
good.

Because deny us to the unhappiness

If the unhappiness is the safest that
have in the life.

Sometime of joy always something
remembers us

That we are unhappy,

Always it walks somebody pestering so
that we are still unhappier.

The unhappiness on the other hand
does not cost work. It comes alone.

It is the most normal that do not have,
the suitable weight, the suitable ticket,

The suitable family. Simple because you
are done to be unhappy.

And we put all the optimism when we
go us to sleep that to the,

Another day will be better,

In vain they go us to happen the same
things, always the heart hurting,

Some unrest. Very hardly we will arrive
to be happy a whole day.

The unhappiness is an exact science
that says us never go to have or find
what searches.

If you seat you very well a time with
the life, this same commissions that the
extrañes,

All the days of what remains you the
rest of the life.

The unhappiness find it in any
emotional state and in any period of
the year.

The unhappiness until does us think
that are happy and worse still that they
are happy the other people. Error are
all facts of the same dust of the
unhappiness.

We wake up us with all the optimism of
the bed and to the few minutes already
something self-evident to do us the day

entirely insupportable. Or infelicitously
productive.

The unhappiness can arrive to produce
things so difficult to explain that it does
until evolving to the human being.

The unhappiness does us laugh.

We join us thinking that go to be
happy and to the following morning
something fails.

Prendemos The radio and does not like
us the program and surely in the dial of
at the side there is something better
but it is necessary to keep the alive
flame of the unhappiness and not to
deny us to such comfort.

It loves me see shows of beautiful and
happy people, but to the time denote
some deficiency in my form to think. I
begin me to feel entirely unhappy.

The people that plays knows that it goes to lose and plays to be unhappy.

Likewise the people that takes jajá I am a saint axis.

The worst of all that one never thinks that goes to be unhappy, but is it by his long life.

And if it is not it they remember it to him, so that it know the rules of the game of the life.

Depredamos The nature, fuck the ozone because we are unhappy.

The unhappiness would have to be a human right, something that carry in genes that promotes us to hurt to everything to be happy.

The man of the cavernas yesterday posed it to him in a nocturnal blackout.

The energy is what dominates to the man. Without energy do not know to live.

Feel unhappy of not being able to solve it. It do case omiso to what reads.

Leave us drag by this free wave of the unhappiness

It has if you were happy, your will know

The Death

You do not concern you a lot by the things of the life

Of the no culminated stages,

The nature encarará that you fulfil them,

And shortly all, without that anybody escape,

We will plant the carozo for saying it somehow

In the pacha breast, that is to say our
body.

When we die our brain segrega drugs
against the pain. As well as it inflates
the foot to take care the bone,

And in this moment of communion
with the pacha breast, will feel the true
love,

This same that walked practising in this
life, The nature does that always it joint
the vitality. Perhaps the answer was
pleasure.

But anybody wants to lose his sexuality,
That's why they are blessed those that
die doing, the love.

When it die the sun does not go to be
followed lighting up. They understand?

The tolerance of the Wise person

A wise person summons in the village,

To which feel excluded, bad treaties,
marginados

This group in particular confess to the
wise person be very intelligent, but
when wanting to do the well the things
go out him bad. This has solution said
the wise person.

You believe in all what say them and
award sabiduría.

Claro say all by something say it or do
it. It is ben said in wise person.

I will put them a proof.

Each one will carry a cucaracha in a
frasco to his house and will have to
convivir.

A cucaracha the be more repugnant
said all.

If it said the wise person. In a week
answer me.

Ones directly went without doing case to his words.

Others took the frasco and went to his house.

To the week of trascurrida the proof asks them the wise person that is what had done.

Some said that they had given it to him to eat to the spiders,

Others said that when going out of the frasco quickly stepped it by fear.

Others said that it did not have any sense the proof.

But it arrives the humblest with a frasco with the cucaracha.

The wise person asks him, have learnt something.

If I read a lot on cucarachas have learnt
a lot, in if I left it loose in the house all
the week,

It thought that could communicate me
with her, but a day tried to kill it and
did not achieve it.

I could not. No I questioned me that it
was only and marginado and bad treaty
and excluded.

That I left it live since it had to eat and
aside was only.

The same it scared me a lot.

Until a day comprised that this animal
had life to the equal that I.

Feelings. And no if she but did me
fellow.

To any hour saw it and went through at
the side mine and went my company in
the solitude.

I learnt that the things are and that
only kills to eat.

The wise person said, this is the
tolerance.

That's why the other have not known
to happen the proof.

By his own clumsiness.

Because they believe so intelligent that
think that the people excludes them by
this cause.

And the true simpleza and the be
intelligent is.

In listening to the other like this pester
us.

Go through the fear of the life.

Look for company when we are alone.

Not moving away to those who want
us.

Not taking the words of the other as if they went for us.

Now they see that an alone cucaracha can be more intelligent, audacious and mate.

That all you together.

They think perhaps therefore they are separated. Perhaps it was the fault of tolerance because what say them or do is not directly for you. The wise person smiled. And it said them.

Thank you

Reason answered all soberbiamente.

By the gift...

It said the wise person. Because it has given me the hopes the human being still can change.

The mountains of the wise person

A group of people that did not find him felt to the life, Attend to a wise person.

They ask him entones to the wise person cual was the sense of the life.

To what answered, this is in each one.

Therefore I will assign them a proof that will have to realise individually.

To each one assigned him a mountain for scalar.

Some left the conversation and directly went back to his village.

Others remained and accepted the challenge.

First it arrived the strongest of the expedition and commented him that this was not for him the mountain assigned that it had to see other subjects and left .

Afterwards they began to come the audacious saying in what time had escalado the mountain, to all what enfrentaron but was all pure lie.

Afterwards they arrived the cansinos, the feeblest that with a lot of effort went up the mountain assigned by the wise person and abused it for putting him similar proof.

To the days arrives a man to the house of the wise person, of which thought that the life did not have felt.

The wise person ask him. You have gone up the mountain.

If I am very tired answered. I drank the water of the manantiales and had to hunt to eat, had to take refuge of the fieras and by the nights of the snakes.

The wise person had assigned him the most dangerous mountain.

Then the man says him to the wise person but happened me something odd when I arrived to the peak.

That sucedió said the wise person.

The man answer when arriving shouted very strong to the four winds that win to live that I have, that win to live.

The wise person answers him, of this treated , treated of this.

Moral. There is not truth neither glory without work and effort to have win to live and like this find him a sense to the life.

Think that it is everything well

To weigh that they do not go out the things as they have been planned, Is everything well,

In spite of having a bad day,

In spite of a bad dream,

A bad circumstance,

In spite of all weighed them thinks that
it is everything well.

It is as well as you say him if to the life,

It remembers that it always is
necessary to have prowess to create,

Prowess to live,

Prowess for enfrentar.

There are times that hurts us the head
of so much resist, thinks then goes to
be all well.

If we feel fear others will feel fear of us.

But always it is necessary to think that
it is everything well,

Although it seem all bad,

Do your reality and do to know what
think.

It thinks that it always is all very in spite
of the failure, of the unforeseen against
of the life, as they teach. enfrenta Your
heart hurt with work, enfrenta the
nights without sleeping,

It treats always well to the other,

To which surround you,

It thinks that they deserve the best.

It forgives to be forgiven,

Master to be loved,

In spite of being denigrados, to lose us,
are alive,

In the sunlight, to the storms, it is
necessary to resist, all treat to resist,
the bad noises, the family that does not
understand us, the half in that we live,

It thinks that it is everything well,

To the that moves us away, to the
opresor, thinks is everything well and
will not happen, of the tortures of the
past that has the life,

Always the recuerdos to our antojo, but
if you attain suprearar the bad that you
aqueja if you attain to understand you
further of what say , if you can excuse
you to you same, if you think that the
life is worthwhile,

Further of our equivocal,

Further of the critics,

Further of the way that had to take,
rush to live without looking to the past,

Leave it in everything well, in spite of
any hit that listen, in spite of any
damage or prejudice forgives,

So that it forgive you the same life, that
calms the pain of the heart and does it

all joy for festejar together that did not
turn off the sail of the happiness...

And if I did not approach to you, excuse
me, have received a lot of hits in the
life, But always thinks that it is
everything well.

Surpass you to you same

Surpass you to you same

It thinks that everything to your around
wants you, thinks in all the attributes
that have, if you have done the well,
well will see you, leaves already your
desdichas to the side. As I am thinking
in you.

Surpass you to you same

It accepts the tempestad like relief,

In spite of you weighed them you can
enderezar, listens the words spilt by tí,

surfaces creating a new world, Surpass
you to you same

Of the irresponsibility of some,

To hurt as it is the humiliation if you do
not accept, Surpass you to you same,

I do not have recipes neither remedies,

But I can be sure of something,

It trusts that the other admire you,

The other need of you,

The other is the surroundings that
wants you.

Surpass you to you same,

As you can,

And it is not by it reproach....

But never you forget you of the one
who has helped you.

Forms of not feeling fear

Once it had me mudado to a very
humble neighbourhood,

I came with habits more advanced and
all failed me, Then began to do
projects, to call by telephone.

A day in my emprendimientos me topé
with a teacher of holística, which left
me this simple council.

It said, in front of my catchword that
wanted to go back of where had come.

Because they did not go out me the
things.

It said that from the place in that it was
can do everything.

And it went like this I did a lot of
projects of businesses in my life,
lamentably,

It did not go out any.

Therefore dignify you. You understand
now.

Delicacy

It does long I knew an actress,

She said to do exercise, but no
everything to the gross.

Then I asked me of how it could do,

The exercise with delicacy.

In those times was not prepared for
this world, But this friend did me see
things much more important, of a
simple are beautiful are ugly.

I think that the delicacy has to see with
the love,

In your acts with the other, in as you
handle the hearing. The delicacy is not
subject of some class of people,

But engloba to the majority of the
people hipersensibles.

The delicacy flows when we speak of
things for other intransigentes, Like the
love, the peace, the freedom, the
adventure, the alternative.

The delicacy can have it a gay a
homosexual, heterosexual etc.

Or perhaps it do not have it, this
depends of the diversity.

The delicacy confuses usually with the
mental weakness, Know people very
strong that are delicate.

Delicacy is to close the door slowly,
afterwards to make love.

Delicacy is to offer obsequios to those
who love, delicacy is to kiss of happy
fulfils.

Delicacy is not crushing is to look for in
one same the error and treat to correct
it.

There are a lot of people that laugh of
form insana of the delicate people,

When of them like my friend the
actress did me see another world.

Delicacy is to calm, although it was of
cognitive form the llanto of a boy.

Delicacy is to interest in the problems
of the other helping.

Delicacy is to have value to accept the
challenge of the destination.

Delicacy is reflexionar on us, not projecting evils.

Delicacy is the understanding, save a secret and be kind.

Acaso When a man enfrenta to a woman to conquer it, does not use his delicacy.

Delicacy is to forgive and ask pardon, when being loved.

It is to walk by the life, knowing our own way.

Delicacy is to be deep, is to love to a person no in public, but privately.

Delicacy is to respect to the youngest. And the youngsters to the adults.

The delicacy finds just across the brutality, and precisely the brutality is very delicate.

The delicacy is not to find the weak point of the people, is to find the strong point so that they help you. Here you see.

It is to do of a space totally in habitable and do of this a paradise.

Many think that if they do not say the things or show strong in front of the world at all them sucederá.

And perhaps we feel fear of these people.

But they are not more than people, at the end of the day will need, A consolation a word of relief and in that laugh.

And at the end us encaramos we to take care them while they abuse us,

Us tildan of anything and we to them give them pleasure.

If they knew what is the effort to be delicate, would not judge.

To all likes us happen good time.

These good times will be born again,

If you do not discriminate, if you do the pleasure, if you play to the pleasure.

Delicate is sometimes what touches us live, afterwards of the lived.

Delicate is that the person that masters put you conditions of commitment.

Delicate is the sergeant that governs your ires and your orders. But take into account that the most delicate is to find the goodness, if the goodness because you can destroy it in seconds,

This same goodness that looks for you with gentileza,

In the clear waters of the life, says you that if you have the opportunity,

To act today with delicacy will see, the
pleasure to take you the time to be
delicate.

It is not a question of actresses, is
question to be delicate, in front of a
man,

Or a woman that demands the delicate
of the life.

Delicacy is to enjoy to see the rain fall.

Emotional subjects that has to avoid
with his children

It avoid especially the emotional
blackmail to achieve something of the
children, remember that they are You
the parents.

It avoid to speak of the subject of the
death, the fact that the parents say
them to his children am me for dying,
without having at all, paralyses them,
the aterroriza.

Avoid to look for him the friends, the girlfriends and his sexuality, the life is of them.

Avoid to abuse them or speak them high when they bring low notes, because it worsens the situation.

It remember that You have a life done, do not scare them with the subject of the insecurity, do not speak badly of the people. They but will load this weight.

It avoid to walk pursuing to his children in the adolescence, by the alone fact that will notice that they are different to you.

It avoid to wear out to his children with problems that fix between adults.

They do not put in the life of adult of his children.

They avoid blackmails of nervous and aggressive form.

It avoid to throw in expensive all the time what has given them. The inmoviliza to work.

You are not the masters of this be. Only it is his responsibility the development during a time. Afterwards it has to do his life.

Like parents can be fracasados, but his children if they have attainments remember that it is first that at all to like them to you. They have to gladden and feel proud. No jealous.

Never it seats jealousies of his children. Avoid him problems to form couple.

Only it paralyses to a son if it runs risk of accident like crossing the street.

The most difficult part but that will do him the identity of adult is to say him

the truth to all the questions that have
and was asertivo. If it does not know
the answer leave it for another
moment instruct and answer the
interrogante of his son.

It can from already feel anybody in
front of his son if it shouts him, hits
him, shows of authoritarian form all the
time. Better are the parents that it
donan for the acilo of babies

Never it say him that it can not achieve
something in the life. It will paralyse it.

It avoid to attain that his son think that
it is a problem for You. But it will be it
for all the world.

Avoid to be necio, listen his truths. The
son but will look for answers in
extraneous and in other things.

Avoid to tire it with moral speeches,
the will learn them alone. Take care it

of the neighbours. That it learn to defend in the street.

Never it oprima with words as you give you inherit, put you pupilo, do not punish it with his afamada experience. It do not treat it of this and of the another falsely Because the children believe in the parents and afterwards you will have to do charge.

We do not ask them that they are perfect, but correct his errors, his children are seeing it.

You are not perfect, are not bad parents, know that they want the best.

As they award freedom.

They remember that a son in his memory is saving each step that give the parents. Ones are innocent and go back crazy and others go far of the house.

In definite, incúlquenle a good life and a good life will carry.

Avoid to fill them of faults, and does not mention them, the lie is the one of balance.

Avoid to load it of things that they do not wish for his life. Although they are for his well.

In the times that run and more still in which they will run a father and a mother owe to be respected therefore it avoid the emotional blackmail, the waits of the truth, remember that the son understands the things very well. They do not do fire between lines of parents, mothers or third. It will do them aggressive.

Anyway they are more creative, the life is not alone money, it is necessary to play, risk, lose, win, etc...But we do the well. No all are perfect and all are

children. If you are a son and have felt
you identified with something
descripto, remembers that they are
general characters. You do not snatch
you and it thinks in the beautiful of
your parents. It is on the

Emotional at all more and search
always in spite of all be in peace or do
you psychologist jajá.

If You wants to do his life like father
and thinks that is acting well.

It ignore this article.

The box of glass

The box of glass

But it said entones, that is the box of
glass,

It answered, in where we save our joys.

I wanted to have a box of glass said
one.

If but for this have to free you of the
envy.

Of the envy said...Then as I will obtain
my box.

You will find it afterwards that you
leave to concern you.

The box of glass is very ancient like the
mankind

In where they save all the secrets.

In where it exists the sabiduría.

And as I will know if the box of glass is
done for me.

You have to understand further of your
failures and your attainments.

The box of glass will say you if you are
apt or no.

Because.

Because sometimes it hurts a lot be in
the box of glass.

Where all ask his wishes and is difficult
to award.

It is difficult to award to the good.

I eat.

If the good is easier to please than the
bad.

Because the good is wise and the
sabiduría does not envy.

It wanted to then know more on the
box of glass.

The box of glass saves hearts and just
things.

It exists in the needy villages and in the
villages pudientes.

As it is this.

It is a fraternity, does not matter your social condition.

It matters what carry inside and of here in more be you as you are.

Then the box of glass is inside me.

If clear and a lot before inventing Internet.

The box of glass lives in your heart.

And as I do use of this box of glass.

It is very simple, only have to select to the one who attend.

Like attending...

If to people that need of your understanding.

But a lot of people have been bad with me.

The thing is that your wishes on happen the reality.

Then you want to say that when it was
joy,

It will be box of glass,

Where all can .

And the love ask already tired.

The love have it inside you.

The one who refuses your love is his
problem.

But you do not have the problem to
give love.

That is the box of glass,

Where all wanted to and no all can.

Many break before knowing it,

The box of the joy.

Have luck to have it in these strokes...

And that follow the gentileza of the
love.

The box of glass is your heart. It is it.

The Trancada

Sometimes when we feel us with
anxiety in the breast,

When we work a lot by causes that
exclude us

That they do us feel inferior, as if we
did not feel,

When it falls us the bitterness and the
bajón of not arriving,

I say him the tranca,

Trancan Ours walk

And who trancan ours walk, only those
that are,

As dirty, like beggars, like rateros of our
heart.

We sensitise us and we go back to fall
in idealisms,

When we have all the world for us,

And they fill the mouth calling us
losing, laugh, trick ,

We do all the very possible, cause us
anxieties and hambre,

And we look for by all the means that
understand us,

And until perhaps we happen all the life
by an utopia,

To arrive to the love, to the passion, to
that they comprise us,

And one goes tiring, go you shutting if
you follow trying, This mix that is not
for you,

That they will not concede, leave it
already backwards,

And it enjoys of the truth and the truth
of the true friendship,

Of those who come you to look for, full
of beautiful fantasies,

Those are those that are worthwhile,

Those that can save a bit in your heart,

It is hard the trip, but is harder to find
the way,

You do not lose more time with hearts
that do not leave love, Please do not
confuse me with them, And defends
your honour

And I offer you this kind smile, to raise
the car estimates

And want to us increasingly. Without
the trancada and to an alone tranque...

You will know the one who moves you
away of who separate you and to those
who approach you.

The trancadas will do them disappear.
And it grows with the one who leaves
you grow.

Subject of wishes

And if it can not be, today,
That it was the joy,
That it was all the days,
In your company.

Paranoia

The paranoia

The paranoia is to do cheats to himself same. It is not accepting the darkness when there is darkness, is no enfrentar the light when there is light. The paranoia also is to fall in convicciones. One is that to me does not go me to happen at all good or simply no us encourage us to do pending things by fears. That if we look to backwards they were diluting in the at all. Feel paranoia is not accepting our thoughts, is the loss of the identity. That is to say to all likes us hallucinate but seeing ours own hallucination. The hallucination of the other is not prestigious to our ego. There are times that do not give us account that are well and do things and efforts that do not drive to a destination. But we learn. Delos Winds stronger of the life goes out . And when

all is calm does not be necessary to expect it smile, when the smile is in your face. There are times that the past of things malsanos leaves footprints those that prevent us advance and sometimes without finding answers.

During the day they happen very hard things that we have to enfrentar. The same sun. The informative. The work. And when all goes us doing slope up with the futures of what sucede around, treat to find solutions and is here in where the paranoia does present. It is necessary to think that the majority of the people are slopes of himself same. Good news. Then it is necessary to allow us make a mistake us in the life be more chabacaneiros, accept everything with joy. We do not live in a world where pursue us the lawyers, the doctors, the parents. Each is in his. Good news. Perhaps in this

moment do you insupportable a situation, will go this, but afterwards do not look for it. There is not any rare power threatening you. The majority of the people do the well like you. Then so that the persecution by anything, by a noise, a look, an unpleasant person. All this is part of the life ineludible. When you want to agree you have all what wish and go back to paranoiquearte. When the another person what wants to is to try be amicable although it seem that no. In a world where happen you posters

All the days to be and are not your would have to of desconfiar of this that moves you away of your family of your friends. The truth is that sometimes we do not want to remember it lastimados that we are by something and look for to escape but when this sucede escape to where precisely did us slanders for

real. It is necessary to stop in the life with one

Optimistic attitude further of the evils without leaving you trap by your own doubts, suggestiones and bad understood passengers. The life is very complicated to analyse it. Take you some long holidays of the sadism of far relatives in roll, of what will say, if it is that they say anything because your no and open you to the love. It remembers the acquisitions in the senses do in good states.

Bad Blood

Bad Blood

In the long talks with my grandmother thinking that she was ignorant and was wise. Here it left me some learnings to take into account. Always it said me it does not be necessary to do bad blood, of form reiterativa said it to me. My

grandmother was a person without
born vices and died in the material
poverty. But of spiritual fence that if it
knew. I go back to the subject of not to
do bad blood that is to say touch or
betray by things passengers that do not
have return. Not to do bad head
wanted to say, not to do bad
friendships wanted to say, want your
soul. And with this heart nowadays
remembering it as these people that do
you mimos until you have 20

Fulfilled, my grandmother was a person
servicial. But it is better to speak of
what did me in life. I learnt to not
playing with things that could prejudice
me in a future. But recalco the fact for
those who have all the not to do bad
blood, the do the well treats to vibrate
well and this is consequence perhaps of
something lazy but for nothing unreal.
A person afterwards to have strong

discussions with another person arms
of shields of bad blood. And precisely it
is in not to do bad blood by which the
other think waves other say or the
other do. It matters what we can award
to the life and the best form to remove
the maleza is to remove our maleza.
That is to say not to do bad blood that
you will write

Your better history, perhaps think
better or have an excellent family. It
does not want to say at all that sacrifice
your life by a reason that does not have
apparently sense but if in all your
hallucinations yes. Then the not to do
bad blood think that wants to say the
not leaving agusanar your heart, the
not attacking with the cognitive, this
does me agree to a group with special
powers, if all this dump it to the
happiness of the other goes them to go
back. But ineludiblemente command

you the pócima magic curativa. For example I played on a chair of wheels thinking that the life was me allowed for only play. But the life allowed it to me twice and the second No to my favour. Then not to do bad blood to take care the heart and what the divine nature have given you stops

transitar Of orderly form or no, your vices, your moments in that you do not find answer, in the moments to attack if necessary and favour of never betray like this evolve to the divine, working hard and without doing us bad blood. Listen what says this heart and an alone love as it said Marley or disarms and sangra as it says Charly García, or nature blood of Fito, listen peace. The generations have to come loving, owe to be studious, humble, vocational and on all the things that have to inculcar is to believe in the life. Without doing

them bad blood if they do not arrive to
learn what pretend. Without doing us
as it said my grandmother, using all our
good moral principles. WITHOUT
DOING US BAD BLOOD. As it said my
grandmother. Victoria.

Poem Expecting you

The attempt of the wise person

Take it all with cautela,

More watches your words,

You do not offend if you do not want to
be offended,

It respects to the freedom,

Arising of the need go,

You do not try at all unnecessary,

It watches your words,

It remembers that you listen you,

It lives the moment,

With his grace and his become,

A lot of people will not understand the
purpose, Understands that I have
forgiven you,

You will know what have wanted you
when you do not see me,

You will try enamorarme of the life,

You will try to shake me so that it
understand,

Your purpose with me,

Your calidez will be of help for the
difficult times, do not forget of those
who serve your table,

Do of the truth something not to
comment, Forget you of the world if
you can,

To appreciate the beautiful person that
are,

With the attributes of the gentileza,

Where two people go to peace and
union,

Perhaps it seem a bit simplistic,

In these mystic times that run,

It sees slowly that have haste,

And when you wake up when dawning
remembers.

That it expects you all a life...

And I here expecting you...

The bullying Cibernético

In some form the acosador goes to
treat to do you feel guilty to cancel
your defences. In my case in particular
that have been in all the networks
always appears somebody that

annoying. This the acosador does it to be able to achieve your prestige and treat in the most possible to disqualify you, look for your weak point and remove you the prestige that won well have. The acosador voucher of information for afterwards can attack you. That is to say if you say something or do something for saying it somehow no convincente, will arm of one thousand arguments to be able to win the contention and if you enojas are able to do you feel ice cream by any half there is a sentence that says never argue with a stupid because it will win you by experience and will carry you to his level. They look for the psychological and put frequently in the comments not alleging or

Correcting with constructive critics but more with the intention to do a stupid game in which you fall to anger you and

with this the seem the good of the film afterwards to have you denigrado to the most minimum. Lamentably they are people that likes them the attainment of the other and if they are so good would owe to help instead of seeding the panic in vulnerable people. That is to say in hot all can anger us but the persecution is another thing. They are looking for that you surrender of your knowledges, attitudes, friends, neighbourhood, they look for that you feel you badly, want to have can on you. Authority that anybody goes them to give because the true authority is to warn. The acosador what perhaps do not understand that the victim suffers. Do what do you if it is not in shape amicable, are under the influence of an acosador. And if you are acosador give you a better council works in you same in your space. It is not necessary lastimar neither take the place of

another. In my case that am analytical the acosador treated to do me see as that am not analytical. When in reality I do not have because answer him to his offence because it is not it everything, this is clear. And more when they want to attack you and you give you account that it is like this. Before reporting them and happen a bad moment treats to erase them of your life, his comments or what was erase them and never leave you scare in all the pages of networks can report and until can go prisoners by the police cybernetics. It takes care well your data

Personal so that it can not lastimarte on the other hand. It goes to treat to scare you destroy you of cowardly form and could say that without sense because they do not value neither value at all of what the life gives in his shine, of the existence. The necedad

dominates them and lamentably there are things that do not forgive like the persecution and the torture was physical or psychological. They are parasitic that try to benefit dressed of lambs but by inside are wolves. In my case the acosadores almost that they have destroyed me the life for being vulnerable. They are they those that take you out of the senda of your way from when you are young and you do not give you account, afterwards begin you to shut in the fear and live in a species of fright. In reality they want to be recognised and the mockery to the people for them is reconfortante because they are not credible. They are dark and do not have heart. Each person has a history of bullying cibernético, and to me does me that these people to compare of this way are under the use of some substance of drug, so they will know to what refer

me. Do tripped raise you without faults,
without fears, without useless
conductive threads with these people.
Stop Bullying! Do it by your children.
Complaint and never surrender to be
good person.

Tourist Uruguay

An experience of Costa Rica. It does
time his increasing economy investing
in infra structures for the tourism. They
thought that it was better that the
footballers have them playing that in
see bored in a barracks. Uruguay can
take the same example and all this
discharge of money invested for the
tourism. The police will be more
effective. Taking this example is that I
arrive to this conclusion. Michelin said
does a lot of years that the tourism
generated in Uruguay 400 million
dollars by year. Nowadays the people
of the interior of the country does not

want to more things like littering the environment, see to his children grow and that the metropolises no the attack.

On the other hand our Argentinian brothers and Brazilians are loved with our country is calm. They imagine the financistas in this way the question.

A proprietary group of earth asks a loan to the Banking to build in the half of the field a tourist stay. Or it was that the problem to amortise the credit by years is not. Or it was it pays as if it was the dream of the own house but the owner earns so it is

Business. And all know that hand of work to the worker is a fruitful country.

Afterwards they build fincas instrumented to receive guests mainly of the cone south and Europe with all the services that the page natural Uruguay could offer better. The alone

fact to imagine some houses with cabalgatas, walks, freedom in all sense would be well. It would put him it would walk with track of landing in four points of the homeland.

It would be a solution for the interior, show his culture, open universities that form professionals to attend these subjects.

Contribute for the development of the sale of agricultural machinery, for the internal consumption.

Fix the hectares, so that there is not intrusive.

A commission to keep of stable form each edificación so that it do not do use of the abandonment. Create entertainment as it is it Piriapolis and Tip

East with Uruguayan capitals. The loans go to be better for the travellers that avenge of all the world. Die that always there is a tourist movement in the world. They are missing lenders. And civil engineers.

The proposal in if it treats to brake the advance of the pollution. That the people of the interior of the country take reins on his questions.

It is necessary to leave all as it is and with a lot of common sense do a country that is seen with a civic identity very good. The map so that they arrive seats to taste and spend in something that goes them to enamorar for all the life. Uruguay.

The generate gains for the village will give us security. Confidence of the external reliability and main democracy.

Imagine only the fact in a temperate
night in the field to the light of neon
singing calm songs, being brothers,
enjoying of the good gastronomy, with
good attention etc. Enjoying of the best
holidays finding the love.

When or love

When garbled mouth or that mouth
ten,

When mouth thought in captivity,

When hardly she é to only,

When mouth concerns with six
problems,

When mouth gives everything,

Mouth nao matters other weights,

When to lúá return or sun,

When mouth fear notice without
sleeping,

That give to sua music,
quando não há mais at all em sua life
That ela,
É That mouth loves.

Sentences of a temperate night

And if all renounce to the my love, do
not have to concern me, will follow
amandolos, like this renounce to my
heart, have the right to love to the one
who want. To not forgetting. It can that
it was the negation of your
imagination, but am but sensual of
what create. Because the one who
loves can not allow,

That it detain the love.

It feels the aroma of a flower,

Until it is impregnated by another
perfume.

You do not think that you went out of
my life,

But you do not think that you go to go
back to go in.

The good things have less echo,

Because they always arrive to
destination.

When you break something, break your
own heart.

There are people that simply are
happy,

And they exist others that from the
deep work, to feel this feeling.

What searches is what have to bear
you.

Where anybody expects you, finds an
empty place.

It does echo of something is to do it
with love.

It feels more power with more
enemies,

But what would give for being happy.

I know all type of disabilities,

In the love, any. Neither at all.

The problem to arrive to be referent is
that, seems that anybody appoints you
and feel that they fix , In you at the
same time.

The friends owe to forgive the faults,

Because of dead person do not want to
be good.

I have looked for you more than what
think,

But in the sky did not find you.

The anxiety is a remember of the heart,

That the love exists.

I shut me in me same,

And even so I recognise what it is
necessary to recognise, In these cases.

I notice to the very dangerous world,

It promotes a lot the war,

To people without preparation.

It scares me the human being, when it
pursues of my.

It lives the youth, do not leave the
youth,

Always there will be time for sentirce
old.

After feeling anger to a person, never
go back to feel him love.

If they betray, they ruin the life.

The universe always gives us the
answers,

That the human being denies us.

It draws a white pigeon and will see it
fly.

Reconcílate

The reconciliation

The other day I understood slept.

That was in war with me same,

From my pelos that seem to burn, until
the stomach ache,

Going through the war of my stomach
to the throat. That trasmitían badly my
eyes.

I understood that it owed to accept me,

But like accepting to the other if it is
that I do not accept me to me same. I
understood that in where it brakes a

love there is a literal accident. Brake
my love ask me...I do not know if it will
be convenient for me, Although I owe
to say that the people look for the
reconciliation. As it will be possible ask
me for the Gods,

Inside me I reconciled in case you want
to call it of some form

To God with the Devil. They owe to
reconcile. At least inside me.

I understood that it is not to like my
thoughts. But it is not so bad to look for
antidotes.

And in this anxiety that carries the life
to think badly of the other...I do not
create me so good.

A want you, the gift of a kiss and a want
you, are necessary for the
reconciliation.

If only we think that when something
seems us be another thing.

We anger us without knowing, that
anybody has at all that see with this.

I think that they are time very fast as to
analyse everything. The past remained
backwards.

It forgives all because like this they
forgive us to us. This is to reconcile you.

No like this the neurosis.

Yesterday I happened the awake night.
I did not write neither a word. It put it
physical goes by the contrary. And I
reconcile me. I came to the world to
suffer as you suffer you and as you
enjoy you.

But me regocija know of what still can
reconcile me.

To me they do not like me the arms,
but accept to the one who carries
them.

That is to say the reconcile is to
recognise that all human being has of
everything in his mind.

But it is necessary to reconcile for the
welfare of the heart. It could not be a
second without him. And although it
hurt me.

I have read that the heart is very
intelligent. You do not kill you that
there is time.

While you do not kill you acuéstate to
sleep expecting the success.

If it could multiply the arrepentimiento,
would be easier the reconciliation.

Love to the life, still, moved, crazy,
cuerdo. What more gives.

If we are we same that put him the word to ours accommodate of the memory.

No longer you encourage you for sleeping to an hour, raise you to another hour. Never you think that you are stupid. A man that believed to the stupid human being and to the universe invented the nuclear bomb. Reconcílate With Albert Einstein. You see that they are difficult. But it can .

Look for information on the apocalyptic numbers and will see that they were messages of names of kings of does 2000 backwards. At all of this will see has to see with the present. I am not a simple human being

That is to say there will be a lot of cabrones but therefore you do not feel you a tiger.

I happen it to me thinking in this subject that every time moves me away more than the people. It will be that it is so difficult to understand the philosophy and the human sociology. It will be so difficult to understand that we are defending us. Of the climate of the threatening world.

The most dangerous that can happen you is that somebody does not create in you by your past. It is difficult task not only change the collective thought. But in the societies takes long in achieving the prestige. Once that they give you bread do not throw it go and eats without doubting.

The confidence is fundamental for the reconciliation. You do not feel fear in saying how much appreciate to your beings wanted to it cuantioso that they give you.

We live in the world of the complaints,
of the separate and I come to say you
reconciliate. Although I know that it is
difficult.

Because we think that the another
person comes to do us badly somehow.
It does not be necessary to believe in
the bad human. Take into account that
the wishes are of your copyright.

The majority of the times the most
difficult is to reconcile with the
solitude, but do not reconcile us by
insistence. We reconcile us for being
brave and in the intuition of the
danger.

But we have to know that the people
that cause us grace, that cause us
danger, are those to those who denies
them a better opportunity. And all live
treating to achieve better opportunities

and is well this because we accept the altruistic with our similar.

It is necessary to understand that all have right, black or white gives the same. You do not lose yours for listening to people that still have not elevated .

This writing goes in homage to the woman, to the diversity of genders no like alternative but like evolution, to the man so that it was more compassionate and especially to

My love so that it do not turn off the flame of the reconciliation.

Forgive me to me and reconcíliense. What hao is because I want them and by a sense of my life. That is to say what go to think of my think it of you same.

Reconcíliate With me.

The one who wants them....

If it had not left to write

We judge

We judge without knowing what can
happen him to a heart,

We judge so merciless mind with fear
some contagion,

We judge to the people that have less,

We judge to the people with big
aptitudes,

We judge without knowing without
holding,

We judge thinking that all does for bad,

We judge without supporting, without
being ready,

We judge without knowing the studies,

We judge without knowing withdraw
us of the true bad,

We judge blaming as if we went
perfect,

We judge for other people,

We judge because we are ignorant,
without knowing,

Then I say,

If instead of judging looked us a bit to
us same.

We would not envy,

Without knowing what can happen him
to a heart, So merciless mind with fear
some contagion,

To the people that have less,

To the people with big aptitudes,

Without knowing without holding,

Thinking that all does for bad,
Without supporting, without being
ready,
Without knowing the studies,
Without knowing withdraw us of the
true bad,
Blaming as if we went perfect,
For other people,
Because we are ignorant, without
knowing,
That judge is pure envy.
The surrender
I surrender first in front of the universe,
In front of the most divine that exist,
I surrender to the nature,
To what did me and to the because I
am here, surrender.

I surrender no by cowardice,

I surrender to give space to new ideas,

I surrender by frequency, no by
success,

I surrender in front of all sabiduría,

In front of the Churches and in front of
God.

I surrender to grow like lawn podado,
surrender in front of my heart, so that
it continue.

I surrender by frequency,

That is to say, if failure, will have to
surrender me again, surrender in front
of the words, in front of what am,

I surrender no for being won, but by
not being victorious.

It is so beautiful the life as for escalarla
without reason.

I will treat humbly to serve to those
who surround me,

I will treat to find new and better
dreams.

I surrender in front of any game. Total
is only a game.

I surrender like the one who works very
hard.

Sometimes the peace arrives
afterwards of the surrender.

I surrender in the frequency of the
surrendered,

Because to surrender does fault a lot of
esmero.

I will take care more my words,
enderezaré my spirit.

I surrender in the frequency so that
other surrendered,

They seat as much as I in his circle.

I surrender in front of my brothers, is
the noblest.

And perhaps this that write was the
letter that waits.

More expect that you attain what wish,
If it is that on my part you have not had
it.

I am not saying, see and pisotearme.

I am saying thanks to the life, no more,

Upwards and downwards,

The frequency perhaps was the
mistaken,

Forgive me for having you mentido,

I did what could. In front of the one
who read it I surrender.

And if I am tempted to be still in this
crazy career,

You do not separate me and remember
me that a day first of all,

And consciously, I was surrendered.

The frequency will be the fault of my
heart.

But I surrender with grace, knowing
that,

I will be able to follow helping from my
consciousness.

To open new concepts,

I do it by my mental and physical
health.

I surrender to need less. Not to be
pursued.

So that perhaps of my part contribute
so that it reign evermore the peace.

That the universe have them in grace. It
takes my flag and flaméala of freedom.

Do won now touches me enjoy.

And thinking it for me think that it is
well surrender, In a world of so much
confusion.

No longer you will have the task to
attack me never.

I ask you please

The silence longed for,

An afternoon of summer,

The dulzura to want to us,

The love without being separated,

I ask you,

A night with a soft breeze,

Without shouting,

That all was laugh between the two,

Not to regret us of the past,
Not suffering by what still have not
arrived, ask You good words,
Those that speak with respect,
Because the respect is wise,
More wise person still of the silence,
If you could understand that they love
you,
That you do not need approvals,
The insecurities are of all,
It walks calm by the life,
Say him that no to a new place,
Of things nubladas and no intelligible,
It procures always study,
Anybody is more neither less than your
Never you believe in the noticieros

The truth have it you in your hearings,

It splits of a neurosis of peace,

You do not forbid no limits, leaves to
walk, leaves to learn.

And on all the things, say him goodbye,

To the hormigueos in your head and in
mine,

That is to say it trusts further of the
defect.

I ask you please.

The librito of the Laugh

The book of the laugh

Intellectualice All, analyse it and dese
explains that what really wishes in the
life is to laugh of everything and of
himself same.

Everything began when I composed a
song that when listening it went up me

something from the stomach, as if it had smoked me a faso. Then I walked to the window and had three flies, and did not kill them, put me to converse with them because it was only, here was where comprised that the solitude was laughing of me. Quickly I concluded that the things that are done, manufactured, or the natural world, are born of a big guffaw so I did not doubt in thinking that the flies had understood me when speaking and laughed me. Again it begins to go up me this on the stomach already said it,

As if out of faso. To the while goes loses the thread and have to recomenzar with the good recuerdos. It had thought so much in the tree of in front do not know what suffered when they came it to podar until when looking it gave me account that the tree was laughing of me, and went back

to think that the things that admire are
laughing of us if it is that we are not
laughing or at least treating. I go I sleep
me a siesta and raise me as well as
atornilladlo, prendí the radio and in
followed all the world was laughing of
me, what put me happy because I could
laugh me also. All what falls us weighed
in the life has laughed of us then.
Because not to laugh of anything, if
total the things go to laugh of me. The
laugh is a phenomenon mirror one
does not laugh of what happens, or
what sees, one laughs by his own
things, equivocal. And something that
sees like a madness the laugh takes out
the worry. I raise the head to look the
heladera and think ,the heladera is
laughing of me, and beginning to laugh
me of a form desenfrenada ,until it
avenges the plummet that falls on the
head, but the plummet also is comic
laugh me, something owe to having

done. In reality if it takes it to him with sense of the humour, until the biggest disaster and would laugh us and as it is something lawful the laugh do not understand because not conserving the joy until it avenges the

Plummet of the learning. If you want to think that the walls listen you and wish to speak them do it, said them, hello, felt me like crazy when

I laughed. But the madness comprised that it is another thing of which laugh me a lot and with all the madness that there is in the world, the disasters, if one in these times does not laugh finish amargado. Always we go us to make a mistake, but the fact to laugh does not have to to be taken as if one was lastimando to somebody, all the contrary, the feel well goes through to laugh us. I gave me account when all the world laughed of me, then said

have reason it is necessary to laugh
also. The paranoias are good if one the
taking to the laughs. Recently I went to
open the window, the flies were not,
there were human beings and smiled.
Everything begins with a retrospección
of some stupidity that have done, this if
we see it in the future like something
real, will do us reir. Fíjense His worst
error and will laugh still more.
Everything to where look is laughing of
me, the one who happens, the one who
speaks strong, the one who does
noises. Then because not to look for
him the turn not to happen like a
miserable. If there is better laugh us of
the best, if there is worse laugh us of
the worst. The laugh is mental health. It
burned the head laugh, envy it laugh,
does not like him as they treat it laugh,
lost laugh, won, laugh, laugh of
everything. If it wants to it do a
symphony of jokes, do to know his

happiness to be able to laugh of what
him apetece realm think in the future,
laugh of the future. Laugh to be the
navel of the world. Fix in the mirror
does not seem him comic see brushing
the teeth, goes to see, laugh of his
appearance, of the gross, of the born
evil, surround of humour and do

Know to everything and world that
goes to laugh when it was necessary. It
has right to die laughing. Able that to
somebody can pester him that you
estuary, help it this person suffers of
odd paranoias. We begin the world
where was the joy the conscious queen
of the world. You do not forget to laugh
you of me. And of the pavadas that said
treating to change some trauma in me
same but will know that it is for well. In
summary. It do his amulet of the laugh
and alive with him or she, goes. It

remember that laugh does it more
sociable.

Prepare the mind

Prepare the mind

In my wisdom at all will affect me,

Neither the worst of the noises,

Neither the noise that do some
silences,

In my wisdom will think freely,

Further that they interrupt me,

No me exaltaré in my wisdom,

The reason will be the cause of my
neurons,

And by more hurt that it was,

I will treat of no enfrentar hot,

I will leave to happen the state to
another drawing,

I will give what was necessary of me

I will go back to begin and will help to
my mind,

With the wisdom that comports the
frescos,

Of the fruits of my good recuerdos,

With my wisdom will be able to go back
to believe,

Forgetting the bad daily deal,

Without mattering what think the
other,

Although sometimes my instinct ask me
more,

I will be coherent with my acts.

I have the reason in the cienes,

I can feel only relief,

Since the distrust has remained
backwards,

With the wisdom will review my state,
I will not feel faults,

I have the reason to feel me alive,

With my wisdom the looks no me
lastimarán will slip the alarms and the
insults,

All prejudice will be out of my mind,

With my wisdom all the unexpected
will not scare me,

More at all it will be urgent for the
other

I will think in me opening the senses

The foolishnesses that cause the evils
will be out of me,

I have the wisdom and the strength to
undertake,

The beautiful trip of the life,
Further of the imaginary fires
Until here I have written numbers the
other way around,
So to forward it remains everything
Without these repressions, enjoy the
beautiful of the life, With my reason
will be tolerante and cunning.
With my cool wisdom my mind the
universe.
Where fit the biggest calms. Calm will
be.
Resisting the attack of the daily noises
Taking refuge the anxiety, without
haste, without wind,
And by more than I will be beside you,

I will be gentle further of the constant
changes, On all the things will not raise
the voice

They will be days of wisdom and of
reason and expect on all the things.
That my upper understand me,

To be able to drive my way to the well,
So that it happen me in the antennas of
the past

A peace expected with good rhythm in
my have.

Including you, integrating you,

Saving you, loving you,

Believing you, expecting you, going
back you

Endulzándote, recovering you

, Following you, looking you, lighting
you, directing you, To the landscape

that free mind wish to paint today,
Although it was in your imagination,

You are healthy and have the world
today Gives something beautiful and fill
you of laughs,

So the grace of your heart was divine.
Have well in the high the hopes,

Say him goodbye to the brave
hardnesses, Because what is well no
annoying

Remove you the shields, more wishing
you heights of grace. It remembers, you
can do it...

Reason costs us say the well of the
other.

Because it costs us say the well of the
other asked the student, Is something
simple like the love said the teacher,

Simple like the love restated the student,

If acaso have not given you account of those who speak well of the other, The student said if but few times...

The teacher continued and said as I know you go it to you to explain,

It happens all the time and in all sides.

It said then the teacher, have not seen that in the advertisings speaks well of the product.

It is because there are a lot of people working to know to the client like this sells better the product.

What does, his hobbies, on his house, and until the pills that takes.

This does that when it go to speak of the product speak well.

But for this said the teacher, have not seen the sums of money that pay for the marketing and the advertising. It is because if you give something have to receive something in return.

The student said and that it is what has to see with the love.

Because, it said the teacher the love is simple, if your give big quantities of love the another person tends to go by boredom.

Instead yes to the person give him beautiful things, and do him feel well with the surroundings,

Surely they go to speak well of you in all sense.

It said then the student, but is very materialist this opinion,

rio The teacher and said to the student,
are so clear like the water and so good
like the bread.

Soledad

Soledad

In where only our heart transita,

With our soul marchita feeling the
penalty,

Refugees under the tutela of the estío
and the fear,

When already tired vibrate different,

When it disappears the sensuality and
the beauty, When the coins fall in
another house,

When desperate and hurt look for
answers, When in the air do not know
that there is,

When no longer we fix us in the rest of
food,

When it does not pester us cook,

When we listen any music,

When apodera in the cienes the bad,

Attacked do not know since say,

The wishes no longer interpret well,

We devote us to things only for the
other, shut in a world, expecting
something, that difficult mind will
arrive, the longed for relief,

And it seems like an account regresiva,
the friends go , it is necessary to keep
us of foot,

There is not salvation seems, the
running of the bulls can more, the
imagination goes extinguishing,

And we do not find consolation in the
vice, only know that there is something
that expects us, believe in enemies
being innocent, speak us by the back,
annihilate us, convivimos in the middle
of the noise and the hypocrisy, move us
away as if we were escoria,

To the dogs treat them like kings
comparing,

When they remove us the flight,

When the head only hurts

When we throw us the fault and do not
have it, around goes back all dark,
anybody wants to that we help them,

They cut us , they throw us, they laugh ,
they go ,

Without mattering them the altruism,
after the unhappy walk, no longer
understand us, give a turn, expect ,

expect and expect, always in the world
the same,

Pure noise and noise and more noise

Ones living the trip and others in
solitude..., poets , sadly abandoned.

Ship of Turnip

A day a zapito wanted to have a space
ship.

His father said him of to little zapito
first learn to walk,

Zapito Began to walk and asked a bici.
With rueditas,

Delighted walked zapito of very boy.

Without forgetting that it wanted a
space ship.

It was growing zapito and had his first
bici sportive, And thought already am
me approaching to the ship,

It fulfilled the 16 and his father gave
him a motorbike, Zapito very happy
already wanted to eat to the world. But
what wanted to was a ship,

So his father bought him a car,

Afterwards it bought him an aeroplane,

But at all of this to Zapito interested
him. He wanted a ship.

Then the angry father a day by the
illogical catchwords of zapito.

It invites it to go to the fair and does
him see.

It arrives to a place of vegetables and
throws a turnip for the air.

And the father to zapito says him see
ship of turnip.

Like achieving an orthopaedics

First it is necessary to see in the catalogues,

See in that one can invest.

See the different models.

Test to see if to one remains him well.

Not to speak him a lot, the same does not understand.

Treat to convince to the vendor of the discount.

Test in the most hurt side.

In case that it do not remain well,

Go back to go out to test.

It achieves in shoppings and in fairs.

In case to find the wished festejar,

Afterwards of ones to; it wears out to you.

It is necessary to ask a change.

This change hurts in one and in the one
of the apostador, Cure well of the
wounds.

Afterwards that finally the
orthopaedics remain well.

That all the problems of placing remain
well.

The orthopaedics will be the support of
a few,

Without betraying to the club of which
do not look for.

Afterwards do shareholder of a club,

Sell him to all the world orthopaedics.

Test as it sees one without a couple.

That the orthopaedics was of good
wood.

That anyway it was good woman

So that it know.

The one who buy it that it was of good
quality,

It is the only article that buys

And the buyer suffers,

If it is of mark, buy,

If it brings code of bar, descartar,

That a secret.

An orthopaedics is like a woman,

No an ornament,

That it can conquer ...

It is for callar.

The star of the birth

Surely they have heard to listen "A son
comes with a bread under the arm". It
seems then that the fact to reproduce
us brings joy to our lives and is truth.

The star of the birth is almost literally

like our digital footprint, distinct to all human being. It is so the couples conceive the fact to have a son in determinate moment of

His lives, almost always in moments in where escape something in the family and looks for by the half to conceive that a new be fill us the space. To this be to the that conceive is important that do in good conditions to avoid the pathologies. Never it goes to exist the human being without pain (exists the night and the day, for saying it of some form). But if, not conceiving in periods of economic shortage, of emotional fragility, of madness, of duel; in himself and in definite do that they give the circumstances of the best for in the moment that fences in to the ventre maternal, fence with all the possible love, in periods of prosperity, of harvest, of new moon. It is so the

temperament of the baby when it was born and develop goes to be in the best of his aptitudes and when arriving to the age adult can manage in the society. As I expressed before I do not pretend that they do boys and perfect men but if

Free of pain. This pain that feel and that do not know of what treats , is of when they conceive us our parents. The temperament of the that go to develop in the vientre maternal is fundamental to manage us in the social world that goes us to touch enfrentar and this is product of what happens before the birth, of when it conceives . And it is what of boy goes to form the character based in this temperament. It is necessary to study very very all the phenomena that occur to our around, of how is the nature, if we feel us presionados, give us time. Therefore if

all adopt the position to have a son not so that it bring a bread down of the arm, but to give we. These children will turn into parents and mothers some day and is precise that they carry the inheritance of the truth of how were done so that this long sabiduría, do them the profit to all the following generations and with consciousness that the human being is fragile by the oversight. Therefore with all the support and with the suitable people, preparing for a spiritual level very high; because what more information and preparation before conceiving, will come better men and women to the planet. In few words it is not question of luck that a son have determinate characteristic. It goes in the star that put him when we make love.

In this moment

In this moment would like me begin to
visit the world,

In this moment wanted to be under the
palmera of an empty beach, in this
moment would like me have a lot of
money for the pleasure,

In this moment would like me that me
custodien saves backs, in this moment
would like me have a lot can, work, go
and come in your bus,

As for example that it avenges me to
look for a helicopter to the azotea, in
this moment want to be well far of you,
to achieve company,

In this moment wanted to be
waterproof to thought, in this moment
wanted to that all my family was in
harmony, in this moment did not want
to listen noises in the stairs,

In this moment would prefer to be in a beach, taking a coconut and touching the guitar,

In this moment would love me be with my friends, embrace them and besarlos,

In this moment wanted to have good dreams, sleep, live, not creating, in this moment did not want to that you look me like odd,

In this moment have a lot of smiles of love to give you, in this moment prefer that no estuaries of me, by your well,

In this moment would like me that they educate all and that disappear the hambre of the earth,

It would like me that it disappear all the bad, the problems that do not exist, in this moment would like me that you do not look me like an odd, that do not

measure me, do not hit me, do not kill
me,

In this moment what want to is to fly
high and arrive to the stars, in this
moment, always in this moment want
that it was all happy, but see that it is
impossible;

So avoid me two things. Die of hambre
and of love.

And if you can not only I want a thing;
look to outside of the air that leaves my
window.

The excuses of the walls

In the life does not appreciate at all if it
exists the repudiate encourage Me,
because you do not encourage you.

The insecurity brought it the access to
the pornography.

We are in the life to know us; in the death will not connect us more.

Sometimes take wine seems to the affection of a father.

The never seen, fleeting stars.

The hypocrisy does it the one who does not give answers.

There is those who say that the tree of the fruit forbidden was a manzano; I say that it was a bananero.

There is so much falsity, that neither notices .

It is necessary to help to the poor by his well, like this finishes the delinquency.

I go to be happy; they do not go me to frustrate them half.

The Rich think like this:

Think well of the other bore,

Speak well of the other reconforta,

Act well with the other is true.

Therefore,

The one who think well will amuse

The one who speak well will improve ,

And the one who act well will live.

All want to this; pity that current mind
happen the contrary. You decide;

The poor think like this:

Think badly of the other entertains;

Speak badly of the other; patient,

Bad actor in front of the other; it
denies...Therefore; (if we joint the two
faces, would result)

The one who think badly; it will confuse
,

The one who speak badly; enfermará,

And the one who act badly will die.

So that there are not grudges owe to
apply the knowledge.

It is necessary to go back to begin
avoiding that they say you; beginner.

When you listen to somebody absolve
it.

Any person that demands something
needed your support.

Many if they were men, would doubt in
being feminist.

They speak badly of me; enferman in
his own wishes and do the darkness.
They speak of me around, then they
speak of my attainments; what denotes
my clarity.

The life is simple.

So that sail in tides hammered if you
can walk better in waters calm.

It is necessary to win without losing the simple of the life.

Others walk in the life occupying us of you, perla life, to see if we put us of agreement...

Each has his soul, his wall, his life, and is in which we are is not a parliament of laws; it is the cotidianidad.

Look to another side...Or invent something better.

It is therefore the excuses of the walls, because the soul is transparent.

"An alone word of love."

Irremediabilmente Began the attacks to Maxi of the press since his music had waned as it had waned his life beside Mary Cruz. Maxi Again in solitude enfrenta the challenge to bear rumours, which came from one and again of Myriam that it was a woman traumada that had not had a happy life and did it to him insupportable to all the world, odiosamente separating couples. It said them to all that it was necessary to go testing with the men, was so dragged by the game goes remaining alone, condemning even to his own daughter. But Maxi kept on being faithful.

Impedimentos

The most popular sentence of the networks is " Always the same" and "there is not anybody", what is not truth. True is that we have to do the daily works. But nowadays we are all connected. When having a lot of information is very difficult mentirles to the people that send you messages and do the desentendidos. I clear them that as in the past they were the collectivities and social clubs, today are the social networks. What calls me the attention is that wonderful people have so few supporters and that do not do a more human politics that was not based in the attainment of the power on the another. Sometimes it happens that we feel fear to be ignored and ask

us many times of the reason need
imperiosamente a gesture, while
others shine by his absence. We go to
begin to think that we are all human
and that deserve us the best. There is
one

Song to be turn that it says "The soul,
his eyes, his hands are equal to me".
Also it is this a road of escape to look
for company, recognitions, meetings
and publish what us sucede. But I go
back to ask me of the reason there are
people that put impedimentos and
others that prevent; the answer is that
suddenly you shine in a network and in
another no and finish suddenly
removing him priority to a person that
approaches to you taking you as a
priority in his life and you do him an
exception, because there is rest.
Especially what look for are friendships
and happen me a lot of hours of the

day working to have friends, as I do it now, treats to go down a change all and put us to think that to anybody likes him the impedimentos , neither the mysterious tricks "To the that speaks you answers him , but is bad education "And is that the big offer that have finish it all the days in the bed and are still in this osadía to treat to find the perfect and forget us to devote the necessary time for the friends. "This is not the noticiero of the television" is a club of

Friends and if there are people that have or had the luck to be valued more welcome are so that they help to others, but can not be mezquino. Anybody has bought neither a second of his future and while we expect that they wake up of this dream, say them if they put impedimentos by certainties, race, religion, fat or lean is falling in the

discrimination. There are people very high is therefore

That sometimes you seat fear to write or to encourage a cause "do not want to think, want to all do cucharita" and many do not have to anybody. To case are going back us merciless between us, liars or fallutos to achieve something, our illusions, this seems me well, but always there will be better people that you and that I. Then I ask me That it has to see the money with the friendship? It seems that it is the wicked smell in which perhaps a fellow that do not have too much give you much more, in affection, in food, in tenderness. But bets to more, that is your impedimento, expect some day change the things and go back to be brothers or at least wise people and without caretas. The impedimento is inside us same. If it attains destrabar

and forget the past through thick and thin, to conserve a pedacito of heart for the instant in that in reality you need help. Therefore I say you, here there is somebody, here expect you.

Sugestionones

We are living in a world where have to lidiar with the emotions. From before being born conceive in our be information; these informations can be forgotten or remain in the time, and is like this where knit what can be for some positive emotions in

A time. Also they can be negative emotions for others in another time and is as well as they go changing the ideas to measure of when go growing, convincing us of some things, and look with some descreimiento others. But constantly and in present time have to take decisions that will feed our car

estimates and is here where the paper of the sugestión takes his leadership.

It has a lot in account on what have said us, what have read, what have observed, in definite what have felt. It is so the

Surroundings can favour or prejudice the aptitudes of the convicciones. It is like this so much that what more repetitive was the sugestiones by part of an organism, much more sensitive or sensitivas go to be to determinate sugestión. But there are people that practise the car sugestión, are the intelligent people that are not dragged neither by the system neither by the anxiety of these times. That is to say, previously there is a sugestión external, this takes or undone or changes or redirects to something more constructive for the person, afterwards dumps to the feeling that wants to

receive or that wants to generate in a group of people, with a political reason, social or economic.

That is to say the impulses that receive, transform them in creative or destructive power, could not speak that it exists a watershed between the good and the bad,

When in reality it exists the sugestión. It is that the big majority of the people are inside a sugestión, like this was of love, of hate, of shame, of comfort, of compliance, of release; and these roles go changing according to the suitability of the person, of the society or of a group.

Therefore it is good the sincerity in the sugestión; that is to say if we speak with another person and falseamos or mentimos and hide, does a vicious circle of mistaken information, does a

totally destructive strength for all the involucrados. Instead the sincerity and the honesty and the education give place to suggestion to the another person so that it achieve his aims. It is by such reason that the people consumes more than what needs, because it is suggestionada in the critic of the world of the sugestionones economic that do , political - populational.

All seems that we are expecting a big sugestión, the best goal, a promotion in the work or a recognition and seems that we refuse the idea that alone really can generate this environment, this situation. I do not want to say that the people that follow all the social paradigms are not happy, strong and healthy. But sometimes they do not leave to go in in his circle contrive new that take him out the diagram, for one

New form of happiness. And only with the happen of the years misses , because they did not do the things in time and form. And in

This same instant there is a lot of people that happen thinking in what the other have and as they would use it, of the because a person has all and does not attain to be happy; it is this that is sugestionada in the slept in the deep and does not know to see that the lack of affections, of entertainment, incumben to share and to not to leave command.

But in definite does not be necessary to expect at all, can be movilizado all the time to create the emotion that wish and from here when we are prepared to share it and this is love. In the society what more grows in years , more demands and forget us of the vicinities of person to person and

forget us of the extraneous suffering, is that we are not it seeing and have like that guess if approach us or no, to a group, to a park, to study, to organisations of help, to work by something better. It is because we are badly sugestionados a bit by all what comes from outside and can not descifrar so that so much thing that can not do, buy, or simply does us unhappy, but if it does it all the world, ask us, if they are sugestionados and for them is well this world, accept it, stroke it and get along; it likes them.

But although we feel that they sink us that our feelings are in vain can imagine sugestionones, that is to say that we can speak to our heart by us same. What happens when they look for

Psychological solutions in small texts, are done in the rebeldía of the roots of the bad, although they turn into

something positive for our lives,
afterwards forget it find another thing
and remains everything in the at all.
Can do waves of sugestión to arrive to
the success by any half, but fall in the
empty, in the solitude in the mental
weakness. Because we know what are
doing and in this purpose forget us of
the beautiful things that we can invent
in our mind, explain them; it Does
some years went me to go on holiday,
before going imagined me all as it went
to be, the landscapes, the people, the
surroundings; and it was not something
magic, went almost as well as I thought
it, as there was me sugestionado.

From any state and any point of view
always is well the think well of the
other, are all the time connected, that's
why we are alive and this connection
that is the empathy distributes , as they
do the media, sugestionan and

afterwards attain his aims. But it happens me that neither this is stronger than my thoughts, if I think inside a moment go me to laugh, probably laugh me, carries time but can . In a world where seem all dominated, the thought belongs to each person, his dreams, his hopes, his decisions and his suggestions.

The development of the aptitudes incumbent to each person, to each digital footprint, although sometimes we see interrupted our wishes, but all are born to conceive

Information that contribute us according to our surroundings, what see to suffer, what see like salvavidas, what learn improvised of some relatives give us the guidelines of what goes to be ours profession. Therefore it is so important the subject of the suggestions. And there are moments in

that all puts us against, the violent threaten, the people that envy us and that's why the sugestión sometimes makes a mistake or us sugestionamos erradamente. But almost always we can modify the situations with a bit of effort.

Now they give account like everything is sugestionado, do not forget of meditar and sugestionarse to you same, each prays by himself same for saying it somehow.

If the things analyse them to you to you same do not need at all more than sugestionar to the other with the most beautiful that has given you the nature. Because in definite all need of all. The exercise of the sugestión, is to have patience for the hard times, afterwards enjoy of your plans, forgive all the time the external that it is bad, and/or dump it to your happiness, think how can

help, not to feel guilty by extraneous things, think that each does of his illusions what want to, respect to the other, no lastimar, face the splits, raise, go back to begin, renew the memory, leave the past backwards, and build in your mind it unimaginable so that a day was truth.

Passage to the love you

By those that things happen in the life,
by those that uncertainties and doubts,
hard works, go, come, do give to do,
Hold the pain of the heart drown us in
a glass of wine,

But we are the best of us, esquivamos
people and give place to others,
travelling or being passengers of a trip
extrañar suffer, struggle, arrive,

By those that things happen in the life

Looking for the just sentence, the exact
word,

By those that things happen in the life

We load with painful emotions

We look for strategies, eat and thin,

We write, we go to the gymnasium,

We perfect us constantly,

We bear destructive solitudes,

We happen choosing the thoughts

Sometimes almost we do not sleep, it
takes refuge us a melody, By those that
things go through the life, looking for
his taste, the touch, the truth, think in
the luck and the time runs and when
looking backwards repeats all
pessimistic,

We treat to find the solution

The medicine that do us happier,

And like this each with his rucksack to
slopes,

It survives sweet moments and
amparos,

And from time to time the life puts us
of our side

And we do not understand reason,

Because suddenly everything finishes,

And when looking backwards see us so
happy,

So happy as now and without knowing
use the life,

That happens so quickly, between
nostalgias

Feelings of pleasure and welfare,

That after going through a few
surprises,

We give us account that the only that pretend is,

Say him to the woman that likes us; almost tiritando. I love you.

She; and in reality I do not know why

secretly I explain it to you she is my friend preferred because in reality it would be my dream and my happiness that was. My woman.

The proof of the sail

We take a sail. We light it, we take it between our fingers and observe his shine of well of light, feel his heat and his beauty and his good wave. But

little by little it goes falling the bait and is here where burn us, if we do not put it in a firm place or in other hands sure or

But we handle well the times and the emotions. It is like this the society and therefore we need to communicate us, the sail can be the word or an act in his splendour, but sooner or later goes us to burn the bait if we sustain a lot the said. It is here where comprise the relations between the human beings.

The word, the act and the bait have his limit and not to burn us want to pose all the beauty in something firm or happen it to other hands. That is to say when you do not find answers the sail, the said and the beautiful is in your hands. Of you it depends with the one who share your words and your acts before burning you with the bait and not being listened. It depends of each human being and his tolerance. Lo and behold the balance of the generosity. It fits

Stand out that if we idolise it in front of our eyes, no only burn us but us enceguecemos.⁴

The art of reflexionar

In the life happen us things, these things can refinar or give him a brusque form in expression. The reflection looks for inside himself same the truth.

Although for the rest of the world was not true the reflection is individual, but competes to things that go through us action or by inertia, filtered to give them in shape artistic what want that it arrive to the other. No like this the impulse that against says. (Although it needs a lot of impulse invested for reflexionar). We imagine a poster in a street that say STOP, there is those who detain and there is those who do not respect, those that do not respect carry always the worst part. Those that respect the poster look to all sides, leave to happen to the pedestrian, and when they can cross to the another extreme. Knowing that this poster also can it put one same for the well of the other. It is used to of suceder that in the real and interpretative life, as be the dreams, everything goes so of haste that if no reflexionamos happen sharply the poster of STOP, but if we

take us a time, there is not reason be
artist, in the trip

To the work, and schedule and think of
how can improve the interpersonal
relations, our performance and of how
could be happier. It is by this cause that
in the climbing of the life have to be
very wary, because the things that
happen us are caused by us

Same. In himself same when writing
these words am causing me something
in present moment and future, and is
the law of an upper strength the one
who decides when it follows the
restlessness or when it ceases. In my
particular case when I go to do a work
take me long of esparcimiento to study
of the how would remain better in his
details; already when it studies the
project begins the reflection, and this is
added to our newspaper live. So with
our experiences more the ones of the

surroundings can arrive to give gone back situations, do happen of the sadness to the joy. For example. And if we do a lot this exercise of reflexionar arrive to dominate our thoughts and until our destination; but it is necessary to have a lot of prowess. If clear that it is necessary to look for backwards when it goes to do something, but in present time are connected the all with the all and that is the grace to dump it in my case to the personal growth, but can dump to other emotions. Claro the be reflexive involves a cumulus of emotions until the work was not finished. Once finalised, feel the human, what goes to transgress, our fortune and faith. The reflection always does the well to the other, is as if one went his

Own terapeuta. Intensive the thought no for and does not be necessary to

have approaches, political partner,
neither cultural, neither religious, the
reflection is objective because the trial
goes to be of the other and what more
objective are better goes to be the
answer of the public. Neither it treats
to look for the success reflexionary,
(although it obtain of this form) it is
necessary to be warned to the hour to
believe us very smart because surely
there are a lot of smarter people that
we and with a main creative potential.
But neither it treats of this is to know
how show and no like showing it, is the
throw and slacken, by like this say it of
a couple, a couple that are you same.
The be creative is to joint the DNA
again and with each reflection go back
to be born, that's why we feel this
euphoria to see it all welcome to our
lives. We see the light. "It looks to
inside always, to outside when it was
necessary".

Countries with Hambruna. (More than hambre) How Help?

List of countries more affected:

Burundi and Eritrea, followed of Haiti, Ethiopia, Chad, Timor Oriental, Central African Republic, Comoras, Sierra

Lion, Republic of Yemen, Angola, Bangladesh, Zambia, Mozambique, India, Madagascar, Niger, Djibouti, Sudan and Nepal.

Please no it occur them at all of wars, with this already have too much. Although these countries have his governments, that seems that they do what can or seems that they do not do at all, the reason and the only reason that have seen to save them of the hambre is one.

The environmental half phenomena are largely against of these populations for

the crop and if it went the vegas, would be good life.

An alone millionaire can not, neither the most charismatic power with almost 800 million people with hambre. But the national fine if they can.

There are companies working to corporate level covering all Latin America (an alone) imagine if they joint several under the lemma "What do by them, imagine what will do by you" (can be lenders, financistas, companies of saving, etcetera)

If the governments of the countries affected with hambruna reduce the taxes so that this group can accionar inside his country with his businesses, would not have why have numbers in red.

Now it depends of you joint, do management, businesses and numbers; that it finish the hambre.

It is attainable, profitable and human.

"Imagine what do by them, imagine what do by You."

The fright of the Gaps

Take care is not bad plan, but take care of who? I say them that of the "Gaps".

If we analyse a bit and with little intelligence also, will give us account of the business of the "gaps". They help to scare you and afterwards treat you or sell you something.

It is very common that the "gaps" joint to collect information on the surroundings for afterwards by means of technicians say that little human and trivial. It have like aim the generate

fear, fault and nerves; lamentably it touches us live between the "gaps".

I owe to say that a gap is easy to distinguish, but very difficult to do him understand since his only purpose is the money and the material, all the other use it stops

Take out provecho of his habladurías. But they do not scare they are "Hollow".

The "gaps" are big inspiradores, able people to do you do a So Majal; if but they do the business. I am not speaking of the people that works and has to seduce to the client so that it buy him. No. These people are in the rank of hard-working Of what would serve them scare to a client?

I say the "Gaps" or gross that belong to the social class of the so much psychic violence, as tactical.

They are the most adorable people of the vecindario, seem wanted by all, everything do it well and follow very faithfully the social mind stipulated. Therefore if some teenagers joint to speak in a corner for them is all a scandal, because this scandal will bring them his fruits. Big aprendices of the serials and of the informative. It is unhappy people amargada that only know, speak of the other for his suitability.

The "gap" will treat to scare you but will not give you account, will do you dream, litigate, divide you, on a long-term basis, are not direct; everything is on a long-term basis. When your less think it appear feelings on you, promoted by the "gaps". Even they will do use of this article, if they will be cunning. So cunning like cowards.

False in his whole. The one who does not think like them is enemy.

Dishonest, the treacherous class, those that knit threads of power to your around, those that "tighten "you head, so that you do not keep on being happy. Although they do not create it the gaps feel a lot of fear to be happy.

Sarcásticos, can arrive to deceive you living under you same ceiling, low consigns it protective. The "gap" will treat to find victims that do not face up him, fun people that does not know bad words, say "poor Christians" is what asechan. They are people that do the public opinion badly, totally envidiosos; they use shoes of witches and rulos or have the last four by four, afterwards to have you carried by bad way and remove him the goods to a few. Afterwards they signal you for oprimirte with the end that no the

attacks, and until perhaps want to do your friends.

The "gaps" are in all sides and really have consciousness that they do the bad, but is his vice. Everything by his pleasures. They fear to the principles of freedom, love, and peace. The human rights are case omiso for them "the gaps".

Very difficult will be to free of ignorant people and without education and with two faces. A beautiful when they require you and a bad to undo of you, of your family, of your children, already said does not matter them if you give them a fortune and afterwards can you kill of hambre, matters them

The power; the speak the censor, the envy. Really in this case I occupy me of the "gaps" because they are an annoyance to live, for the society. In all

sides there is of everything. But there are times that people want to exert such can and command in front of others that indina too much. If it is what they want to remove you the dignity.

The remedy is not give to treat them or humiliate them, simply not giving information to near of you or yours. On the other hand they wish constantly break relations "the divide and will reign"

"Gaps" because in spite of all what do; they are evermore submissive, bored and until encourage me to say that they hate between them. Struggle by

A better mankind no goes through them the head, unless it was fashionable. The "gaps "are like this because they have put unrealizables".

Always it looks for information of good source and do not believe in them.

"Separate you of the bad, and this will not exist"

The Job to be sufficient car

It is known that to fish and to aspic can live . For which likes them the sea can on living in this way. But it would be very hard to live in these conditions so I did a study of how can live an alone human being in the half of the field, without having absolutely at all previous.

The main is to find a place near of a river where can practise the fishing and the hunting of animals for food and to do coats. Near of the rivers there is cañadas so it can take out freshwater to drink, but for this it is necessary to boil it so that it was potable.

We need then fire, then the first times is convenient to have some lighters and go practising the art to do a fogata with a palito and dry leaves.

Afterwards to have the water boiled put it in a container to drink it, while we visit the place in search of yuyos saborizantes. Already we have the water that is life.

A fundamental step is to know what is what know to cook but to cook have to apply our knowledges of agriculture, so previous to the trip carry seeds and plant choclo, zapallos, tomatoes, beetroot by his properties nutrients and what can cook with this. (It do not forget that it can do a parral and that also obtains beard of choclo)

The plant of choclo gives us the corn to do bread, for this is necessary to build

an oven of mud, is very simple between the mud goes edificando with stones until obtaining in few hours the oven, what owe also look for firewood to do the fire (what deforesta plants again but remain us without resources).

Then we take a vessel and grind the flour of corn until doing a fourth quilo more or less of flour, add him an egg what it is necessary to achieve a hen and if it is urgent an egg of quail, afterwards throw him water, sugar taken out of the beetroot or also can plant cane of sugar. We knead and prendemos the fire in the oven and already have done the bread.

It is time to to learn to do the shelter, is simple does of costaneros, what goes to cost a bit is Acer the pozo black that it has to to be moved away the most possible of the cañada.

Some animals that can breed are the goat, by the milk, the sheep by the wool, and the horse for transport.

It is convenient the retreat to this life in the station primaveral.

Then we go to the cañada, bathe us, go of fishing, do bread, plant, esquilamos,

We build, we do cabalgatas, milk and in the afternoon irrigate.

In the night dine, touch some instrument in our house, if it is with better company. And like this successively all the days put us increasingly creative to see the effort with that do the things, that the time does not lose .

It is hard but is the only form that a person can learn to re enable in the society, learning first to be sufficient car.

Like this they see like living in the
civilisation that live is not at all bad,
neither the society, neither the system;
that everything begins by one same
and that one can.

It recommends be a bit civilised and
have Smart Puts!!!

The human being needs

The necessary of the human being

The most necessary of the human
being is to give love,

We need love, need consolation...

We need it of an almost supernatural
way, Need to feel that we wish
something, go out us of the diagrams
and be only

Perhaps for one moment be the centre
of attention, that a fellow comfort us
before crying,

The human being needs to feel
protected, needs to make love without
that they say him; well or badly, it
Needs the human being be comprised,
a lot of more freedom of which
concedes him , Needs the human being
grow and go growing, Perhaps until
need to do the bad to feel well, eat, a
house in where it like and no mentir,

But sometimes the human being needs
much more, something material of his
own appearance by the life, the human
being needs approval, go shopping
receive gifts, be greeted and no less
esteemed, the most unusual is that we
are all of agreement, but the venganza
on the surface, the unfounded hate,
goes back us still, almost distant of the
reality,

The human being needs understanding,
tolerance, good deals, Needs to be

informed, give affection and receive
affection,

To the human being does not like him
live scared; as trembling Wants to leave
his heart, trascender, that approve it to
him, He human needs to feel without
being judged, give peace,

Live in harmony, needs give to hide
what some conserve, The human being
needs of you; if of you,

Sometimes it seems us that we are
unimportant, cause of utopias;

Then it is better to live in the honour of
each day,

Free, anybody goes you to criticise if
really it wants you,

But the threats that can suffer are
passengers; where the forget, All the
human beings want to live feeling that
they are useful To anybody liked him

the break with some couple; but it
learns ,

It learns that there are human beings
that are still in the ancient of the
doctrines,

As you do not have fear of the human
being that looks for the thought
tridente, The human being does not
want to die, wants to conserve the
planet

There are a lot of human beings that
give his life by noble causes, Even those
that do the bad, have noble cause,

He human is not so bad, simply was
bad polite;

They educated us thinking in that the
success was all, that the professionals
were all,

They did us feel perfect, when we are
imperfect in an unfair world,

Tomorrow same falls a meteorite and
finishes the species; that we speak?

The human being thinks that with silver
will buy it all and makes a mistake,

It takes the water of the rivers, drinks
the water of the rocks, plants the earth;

We speak of the cowardly human being
fact by cowards,

That's why the youth follows hit in the
things that do and say;

I expect that some day there are not
programs for youngsters; only like this
can, Teach you that the life wastes ,
invalora, shakes ,

What wants the human being is not
feeling negative emotions; Somebody
said go back to the crowd, accept the
sunlight.

More with all the sacrifice that does
the human being for living, occupies to
enjoy

The ego prevails, the pain in the bones
of the breast do not go ,

The human being needs more, when
what truly needs, is to his side, wants
to give him love and happiness and
denies .

Fix and take his time to appreciate the
attainment of the other; you
movilizará.

But if I say that I agree I am false.

It is more when I pursue me, it is all calm.

When I remember, anybody agrees of me.

If I do not agree me they come all together.

Already they have said it: "This world turns the other way around".

(I wrote it so that enderece, but as I said it already will remain me my doubts.)

Fábula Of the turtle and the hare

It prepared a big dispute of a discussion that had carried long and penosos years to the mankind. It treated of something simple, to deduce, if it ran a

career who would win, the turtle or the hare. At last it arrived the so anxious mind expected day in which it had to give the turn to the world; they put in his marks and largaron, the hare took out an extremely exaggerated advantage leaving backwards to the turtle that neither saw it to him, while the turtle advanced slowly. In the meantime the so fast hare, gave him time to run and while do social relations, spoke a lot of the trip that was doing, so is so it did not seem a competition, the turtle had been forgotten by all. Of course that the hare won the competition and after his arrival extenuada threw to sleep long days. To the months appears the turtle to put it, did not expect it absolutely anybody. Then no rest it took his way of return already resignada demoró months and months to go back to the starting point. While the hare

afterwards to do alarde of his qualities and his rapidity and skill between the most famous decides to go back, topa with the turtle and asks him Reason when arriving to put it decided to go back to the game? It is that it was not tired to go back answered the turtle.

Moral: The impressionism calls the attention and wins, arrives to put it, but the humility, the work and the persistence and analysis of the intelligent, arrives before where has split

By not feeling cansancio. Because in the life treats to go back to begin.

Before changing to the world

When you decide to go you to live only owe to have some administrative knowledges. It is necessary to learn to be only, that is the most important part. This involves to have income. Pay

formalities and the medical service. Because although it disagree with other forms of on vivencia or adventurous spirit, to all the world likes him live well and clean. For this arrive bills all the months without distinction of social classes. The water it is necessary to pay it, uses for everything, is more breaks something of the grifería and it is necessary to hire to a plomero so that it fix it, owe to know destapar the graseira, wash you the dishes, do you the bed, wash the clothes, tend, iron (if you want to). You need clothes of work. Know clean the bathroom, wash the flats and open the windows to ventilate, cook you. Have useful of kitchen. The account of the electricity is costlier, and the electricistas earn very expensive if you have some problem; it likes us look tele, have the lavarropas, the radio, internet, the heladera, and the bombita of light, neither say the

calefón. It is necessary to paint the walls. Pay the income and the

Common expenses. Go to the supermarket already is almost all the wage (And not even think to remain you without the pequeñín vice). The telephone it is necessary to pay it also, more other taxes not to remain to the intemperie, but is not everything there are extra expenses all replaces in the house, the lock, the garrafa etc. (Now understand what have given you all your life your beings wanted to). The life is not a camp. And if it occurs you have a son, sees thinking in the expenses of the diapers, the special food, the cares, the kindergarten, the school, the nanny, and sees thought in another work more. But even so the life gives you the privilege to live of the love, do not have by these reasons that anger you without sense. Now if we

already are all smart to change the world.

A gift for your girlfriend

You will see that you have a lot of photos, do a folder in your Pc first. Afterwards if you can buy better photographic paper, but uses a leaf To4 common. It sees to the folder have prints the best photos coloridas with your loved. Afterwards it sees and it takes a box and takes out the smooth cardboard put it in a wide place (since it has to be a poster big).It achieves glue (tail) and do a collage on the cardboard. Leave it dry. It sees to a

workshop of pictures and say him that need that they put him glass of a side and of the another. Say them that it is stops

Hang in the wall, when it was smart wrap it for gift and give it for this

special occasion. (If she paints, commands to frame his better pictures) will remain very thrilled.

If it likes you and you want to work and you need with the same method can initiate you in fairs artesanales or barriales printing master works and framing them. She goes it to you to appreciate a lot, do not forget that it is necessary to pay the accounts. I expect that it have served them and good luck.

Aller Musical (Like doing music Interested but professional)

What go to do firstly is to go down a program that allow us record in Mp3 or the grabador of the cellular. If they encourage an editor of audio that calls audacita and is free but saves the changes in eye what have to convert it afterwards to mp3 the archive that have created (eye to on-line mp3

convert). It is convenient to have a letter of in front of hand before recording or improvise know sing or no, for this proposal only is necessary to have win. Anyway it records the highest of the possible volume like this attracts better. Already when we have the mp3 go to a page that is are line and free (You

Web machine). We go up our mp3 and gives us several options of how would like us the remix (debate, mouse, Bass dram).Afterwards the page loads the archive, does the sets and gives us the option to go down the audio that have created. I list already you sound. It is ideal to do between friends to amuse and create good ideas go up it and to way of recreation play to the one who has more visits. All what occur them is possible the intention is to joint between friends to exchange

knowledges, create, publish, amuse and until encouraging to do his CD. It goes them to go well.

Literary workshop

Firstly you owe to joint you with some friends. Afterwards to put a good classical music of inspiration, in a place where there is peace and silence, and create three words that "do not want to say at all". Afterwards define them, can be three or more according to the time devoted. Afterwards on the three words writes a tale, each one his, hard more or less an hour.

Afterwards of culminated the creative stage reads the written in high voice and publishes ,

Have the one who receives more visits. (To way of recreational game).Afterwards they can exercise with own proposals " Like bathing

To a cat for example". Or what occur them. The intention is to joint and have a good time between friends.

A message of breath

To the people that create to invade precisely, ofuscan and react for us of unsuitable form (for us). It seems as if they closed doors, but perhaps have to attend subjects more important that your although you are the most important person of the world; him recalcamos his duties, but they no, then...These people have to concern by a lot of people more as you do it you surely. It is better sometimes leave the bad reaction and the bad expecting patiently that it solve the problem or the problem, because afterwards that happens the "tormentilla "is better to give congratulations for having restarted the normality of the questions that insist demanding. So big

like the universe, so functional like all the nature, so infinite is the work that all and everything does by me, even my dreams that only, afterwards, can appreciate because for me is what wishes God, that listen our heart what does not want to say lose the reason, that is to say the be appreciated in a "tormentilla" is the calidez of the love, is to forgive us the things to us same.

Case by case

Case by case; no all have equal cases neither experiences and tastes related entirely with another case. The true sabiduría of the convivencia of the society is in the vicinity of the literal study on our affections to the family mainly, is when it takes tolerance takes consciousness and in the knowledge will solve the need; it is what approaches to all the laws of the true nature, with all our imperfections but

using what better know to do in pro of
the another and of the love. That is to
say the effort for comprising will do, in
the analysis a better society compared
with the preparation of a trip, where
the affective surroundings centre in the
care of ones to others, case by case.

Enthusiasm

When you lose the hope, excite you, go
back you to excite; it looks the life,
thinks with joy, goes back to

Begin. It feeds your dreams, lives with
freedom, follows the way of the
goodness and appreciates what have.

"The solitude is the contrary to the
love, that begins cheerful and termia
sad, the solitude begins sad and
finishes cheerful"

Raise you one and again more excited,
looks for the new things, the aromas,

the flavours, the places, excite you on
the way of the well, at all is stray,
concern you by you , shelves the
difficulty, calm, excite you, with the
natural beauty, more smiles to all time.

"The feel me rich without at all of
money is what prevents me be rich"

Have patience, goes back to dream and
that at all you apart from feeling you
well, lives then excited, to the sunlight
or under the stars, strokes the delight
to be part of the world today,
enfréntalo with nobility. Today now,
excite you a bit more.

"When you give you it explains that the
poverty does not exist, will begin to be
rich".

The enthusiasm is in your heart and is
the regulator of so high find you,
because the enthusiasm does not know
of egos, is generous, is happy, the

enthusiasm knows a lot of pleasure, of a promise fulfilled, of truths.

"What does not give you the life, the death no carries it to you"

Although it seem that everything walks badly, takes your enthusiasm, the one of before , the one who does not allow you the pain, in spite of the cries, the insults and the bad understood, the injustice, follows excited and excites in the possible to the one who dismays.

Excite you fast mind of any disillusionment, memorises your enthusiasm, as something that goes out of your stomach like a pleasure or a flame that does not extinguish that it always is here, to be able to raise you and

This does appreciating the funny enthusiasms of the other; you will go back you the pure enthusiasm.

"To the nearest encourage them, if you want to arrive more far"

A vital strength to be happy, without ire, without solitude, without remorse, without ghosts, without caretas, without certainties therefore; Excite you in the same life, and by the life

Same excite you, until all word to your around are of enthusiasm, when there is bass thinks and treble and vice versa.

"Be generous and give spirit, is a value that conquers"

That the pain or the llanto or prevent that you feel you necessary, raise you excited, again in spite of the desengaño and the betrayal, know person of word, excite you with the truth because it always arrives; although they injure you, they criticise you, they protest you, they shout you, want to move you of your place or dead; your excite you.

"All what happens in the present,
unusual mind, is put for you."

It imagines whenever you obtain what
do not have, plays to surpass you to
win you to you same with each change
of the unavoidable life. It stimulates
the enthusiasm in you same that
anybody remove you your more
esteemed treasure. Excite you with all
the existence, with the errors with the
tarpaulins, with the surprises that seem
loved.

"That you take venganza, only will
verify the hate that carry inside".

Excite you by seven thousand million
human beings, and one only will not
hurt you. It sees by your wishes, your
fantasies, do a truce of confidence with
you same. It admires and admire you
the stupendous that there is and the
stupendous that you are.

"Always it helps with what can, but not with what do not have".

It removes the pain of your senses,
remembers that everything is
passenger, better react with
enthusiasm, if you think it better, looks
like all the human beings work for you.
It accepts the rejection like something
natural and give thank you to having
found a wonderful person to learn or
enjoy.

"Accept the failure like the success, is
rather believe in what you want to
believe".

Excite you in spite of all weighed them,
will walk lighter, better by the side of
the understanding that is the cause of
the tolerance. It goes on you do not
dismay you, the bad faces that fly to
another side, those that destroy that
they fly or that excite.

Then when all know that you and
anybody more than you have the
enthusiasm, to open,
close,dream,advance,retreat,walk,
decentar, and this that you know of all
the things that do you happy, will
achieve them, follows the enthusiasm.

"Forward, when it has happened the
time, is time to forget."

Renewing the illusion that all always
will go for better, although it was
necessary to bear the more
insupportable in his maximum power
and expression, but always consents of
an alone thing, follow to the
enthusiasm; the true hope of the just.

"There is something divine and already
know it, calls enthusiasm."

Because I have written it with a lot of
enthusiasm...

The life is like this, obtain a stimulus,
then obtain a lot of enthusiasms.

You give it alineación of the writer

All to the moment to have an
inspiration schedule the work. In the
half of what go writing arise places,
characters, dialogues. The majority of
the writers think that the callar true
appearances that could engage them of
negative form with the reader do case
omiso to some own urgencies of
expression, resorting of this form to the
collective prejudice, what is an
ignorance since the societies alterativas
have existed always. But the writer
when omitting are used to him suceder
two things, obtain a momentary
success, on what
contemporáneamente is accepted and
remain on the other hand in the empty
of the no expression, what does that it
will look for another work for entornar

of different form what wants to say . Or
expose to the critic for having

Exposed his feelings and his truths, in
an alineación correct and for this is
necessary to begin to write from the
pain, from the information, and from a
precise creativity that give him to this
writer an only profile, but falls in that
that give alineación or omission, for
quoting an example what call "the
scene forbidden "that is to say, all have
seen films of comedies and all coincide
in that the sexual scene have a before
and a

Final, without a half, what does terribly
badly to the society because the viewer
goes to want in another occasion "do
the scene of the half" or was that give
alineación so accepted, fence to know
one in that it finishes. And it is here
then where shelve the prejudices,
mattering always the ethical and the

values, that is to say "the work does complete or does not do ". In the form of expression the things say as they are, but falls in mentirnos to us same on our own wishes by the fear to that the masses take distance of the artist, but this fear would not have to exist if the text is elaborated of scientific form and/or morals. Or it was if the writer says his truth with his style and his way, undoubtedly arrives to the transgression that at the end results me healthier and beneficial that against give alineación that does him well to the that writes and to the reader since the profit is the success to say in some form those who are for real and better still that it is what want, this is the important. And in my opinion is artist the one who is not dogmatic, because only of this way can him give authoritarian attributes have wrong to

the reader, that is to say the author has
to be sure of what says, succeed or no.

Perhaps and probably it was the last time that it say it that it say it to you to you; I love you.

That love you that I say you is very special for my. It comes of many love you badly spent, incompredidos and the no corresponded majority. You can prevent that it want you but no that it love you since the want to goes and comes but the love when it arrives no elije. I think that you know me and I create to know you. I love you until of the know that you hate me. By you it would leave it all and you it

It would give everything. It is not to be silly is to do that we find him this flavour that needs the same life. I love you but neither it is a statement is not an opresión. It is the freest love that can find. Although it would like me that

you are near and until sometimes I
imagine you in my life. If salts of my
mind me desordenen seat
embarrassment. A love that has done
me forget all the past loves. Therefore I
love you further of the pain of when
you escape you or scare me of the fact
to have you. It will be this solitude that
do not want to declare solitude.
Because I do not expect loves of station
already my years are tired, experiences
of bad loves habidos. Because want to
is not to love. I love you too much that
until me lastima say it by not knowing
of your humour. I love you like sos
really beautiful and fascinante as I
imagine loved you others that pretend.
It would be a true madness the want to
would bore us but love you and seat
you. Because sos the worst but have
been worse than your. I love you

Too much therefore it excuses that it
leave you split as I do not deserve you.
But you do not remember me this
invention. If some day seat you badly
look me and feels that I have loved you.
Perhaps this day will understand it
when you feel my affection. It
remembers that somebody some time
afectivamente and with all his be has
loved you so much that it left you split
even being enamoured by a simpleza.
You deserve you

something better that I and this have it
clear. That sky could ask without giving
at all?

It remembers; there is a place in my
heart to defend my love by vos. It
conserves this light and sees in peace
that I wish you the best life. In freedom

Affections

01/11/2018

08:05

The affection is what does not be necessary to lose never. The affection is the peace with our enemy, the affection is what joins us in spite of our errors. The affection is essential for the relations. It does no long backwards the people jointed more and tolerated more to the friends and was more difficult to find couple but there were

not deceptions. The affection feels between the humans. Today it has forgotten that we are not immortal that the time is today and today owe to be more affective because it is as well as they go the remorse and the envies and the anxieties of power of popularity when in reality you have to your side a person to love. But we take the telephone like a key that prevents us from seeing what is to our side. It is losing this of the affection of the affective. No longer we visit to our friends neither to the lovers joint. The people is afraid of violence of indifference of insecurity by the

morbo To see to other bad. And the affection? It seems that it wants to remain in the pages of the history. All tensionados high pressure of fire in the stomach and unsatisfied sexual appetite. We know and we help to

people to thousands of quilómetros
and to which are at the side disturb.

We feel fear to show us in public in our
neighbourhood and want to be famous
in the world. It sounds me to hypocrisy
and precisely work for this system that
us involucra that it has nauseas of our
head. It is necessary serenarnos a bit
more think in what really we want to.
The life is very short to lose the time by
chimaeras. If they refuse us we try it
again but with an increasingly realistic
vision. So that the things go out well
the venganzas is the worst that there
is. Escape as it can like this rejuvenates
our body remaining floating in the air
like a body more, remaining in the at
all, without perceiving, without
obligation, without sienes, covered by
an impenetrable air. In the air floating

Increasingly high where no longer
perceives the malices. Affect to your

surroundings of the vibration of the high joy, of a mental peace without difficulties.

Without that the destination apodere of us. Without leaving happen the bad and leave all deception of a world in tempestad. Calm to the world our world being normal people that is to say without damaging. Being patients. We will go back then to be affective. It avenges your affection!!! There are a lot of people concerned by the end of the world but if you do not have affections is the end of the world. It is necessary to go down the course in this route. Somebody said me vos concern you too much by the other but the other do not concern by vos. Think like this is half ansiolítico when there is a world of people working for the good and learnt that doing the very one undresses of the future. Fleet sails

walks master affects and the pain that
perceives that it treats of involucrarnos
in the misfortune of which refuse the
culture. I go him to win to my dreams
go him to win to my destination to your
will go it adeshacer. I am my own
justice. I have the power on my same. I
create only in my own strength. I am
faithful to my own philosophy because
this life is mine at all more.

La idea de negocio había nacido con un jugo de remolacha traída la idea de Serbia.

Tanto me gustó que intenté por muchos medios ingresarlo al mercado a gran escala pero como carecía de capital y a parte no estaba de moda lo vegetal y recién estábamos en los cítricos fue imposible y de esa forma lo comparto con amigos a los cuales les

gustó. Pueden ver la fecha y el
cuento que hice que está en webalia
" El jugo de Juancho" . Pero ahora
con todos los productos que hay y la
cantidad de vegetales que hay se
puede crear una línea nueva" coke
Vegal" La cual podría ser el
comienzo de una nueva historia en
concepto de sabor y consumo
masivo y movilización de trabajo a
nivel internacional. (Les envío una
idea para guionar de cine en el
siguiente email)

Como hablar con personas tóxicas

21/07/2019

Hoy en día es muy difícil dejar de ser una persona tóxica basta con un simple enojo para caer en las garras de la maldición.

Hay casos en que los ruidos que conviven con nosotros los tenemos que soportar así como otros soportan otras actitudes nuestras. A las personas peligrosas ignóralas directamente por tu bien. Hay algunos principios que se pueden aplicar ante una amenaza tóxica debido a que existe la toxicidad como existe la mismísima confianza. Las personas tóxicas no son monstruos que te van a atacar no están poseídos ni nada. Son personas normales que no son como nosotros. Si el problema que te acusan no es tuyo entonces es del otro el problema. Aprende de él. Se creativo. Hazles el bien. Hoy el tiempo va a mil y tenemos que manejar nuestro estado de conciencia así de esta manera en un

estado conciente podemos" combatir" el problema antes de irnos a una isla desierta. Es muy simple lo que hay que detectar al momento de hablar es si se trata de una idea, un evento o personas. Las personas tóxicas (y eso es lo más difícil de manejar) pasan muy rápido de una cosa a la otra. Están en ideas y pasan a personas y eventos lo entreveran todo es toda una composición artística.

Lamentablemente hay veces que nos ofenden con insultos que generalmente no están dirigidos hacia nuestra persona. Tenemos que ser conscientes en ese momento de agresión a los tres mundos juntos que con respirar profundo pausado y sin ánimo de pelear debido a que los insultos van directamente al mundo de las ideas y paraliza. Todas las personas se merecen nuestro respeto, enseñar esto que es efectivo; decirle. " sabes que lo que dices por la boca lo tienes en la cabeza".
